Further amend said bill, Section 1, Page 7, Line 54, by inserting after all of said section and line the following:

“[67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent

gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.]

[67.1892. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

☐ YES ☐ NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.]

[67.1896. 1. If the petition filed pursuant to section 67.1894 contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1894, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the authority of the Law Enforcement District to adopt property taxes be terminated?

☐ YES ☐ NO

3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four-sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.]

[67.1898. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 67.1860 to 67.1898 is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 67.1874, in substantially the following form:

Shall (Insert the name of the law enforcement district) Law Enforcement District be dissolved?

☐ YES

☐ NO

2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court.

If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

3. The dissolution of a district shall not invalidate or affect any right accruing to such district, or to any person, or invalidate or affect any contract or indebtedness entered into or imposed upon such district or person; and whenever the circuit court shall, pursuant to this section, dissolve a district, the court shall appoint some competent person to act as trustee for the district so dissolved and such trustee before entering upon the discharge of his or her duties shall take and subscribe an oath that he or she will faithfully discharge the duties of the office, and shall give bond with sufficient security, to be approved by the court to the use of such dissolved district, for the faithful discharge of his or her duties, and shall proceed to liquidate the district under orders of the court, including the levying of any taxes provided for in sections 67.1860 to 67.1898.]"; and'; and

141.480. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill, whether general or special, issued by any taxing authority shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Absent any answer the court shall take the allegations of the petition as confessed. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. Prior to formal hearing, the court may conduct an informal hearing for the purpose of clarifying issues, and shall attempt to reach an agreement with the parties upon a stipulated statement of facts. The court shall hear the evidence offered by the collector or relator as the case may be, and by all answering parties, and shall determine the amount of each and every tax bill proved by the collector or any answering party, together with the amount of interest, penalties, attorney's fees and costs accruing upon each tax bill and the date from which interest began to accrue upon each tax bill and the rate thereof. The court shall hear evidence and determine every issue of law and of fact necessary to a complete adjudication of all tax liens asserted by any and every pleading, and may also hear evidence and determine any other issue of law or fact affecting any other right, title, or interest in or to, or lien upon, such real estate, sought to be enforced by any party to the proceeding against any other party to the proceeding who has been served by process or publication as authorized by law, or who has voluntarily appeared, and shall determine the order and priority of the liens and of any other rights or interest put in issue by the pleadings.

3. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the **public** foreclosure sale **and the time of the private foreclosure sale**. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's **public or private** foreclosure sale **thereof** as provided in sections 141.210 to 141.810 **and sections 141.980 to 141.982**. If the parcel of real estate auctioned off at sheriff's **public** foreclosure sale **or sold at sheriff's private foreclosure sale** is sold for a sum sufficient to fully pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however,

that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's **public** foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title, or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff.

4. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title, or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

141.520. 1. **With respect to parcels of real estate to be sold in a public foreclosure sale**, after the judgment of foreclosure has been entered, or, after a motion for a new trial has been overruled, or, if an appeal be taken from such judgment and the judgment has been affirmed, after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, there shall be a waiting period of six months before any advertisement of sheriff's **public foreclosure** sale shall be published.

2. If any such parcel of real estate **to be sold in a public foreclosure sale** be not redeemed, or if no written contract providing for redemption be made within six months after the date of the judgment of foreclosure, if no motion for rehearing be filed, and, if filed, within six months after such motion may have been overruled, or, if an appeal be taken from such judgment and the judgment be affirmed, within six months after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, the sheriff shall commence to advertise the real estate described in the judgment and shall fix the date of **the public foreclosure** sale within thirty days after the date of the first publication of the notice of sheriff's sale as herein provided, and shall at such sale proceed to sell the real estate.

3. **With respect to parcels of real estate to be sold to a land bank agency in a private foreclosure sale**, after the judgement of foreclosure has been entered or after a motion for a new trial has been overruled or if an appeal is taken from such judgment and the judgment has been affirmed, after the collector shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the clerk, there shall be a waiting period of six months before such private foreclosure sale.

4. Any provisions of this chapter to the contrary notwithstanding, the owner of any parcel of real property against which a judgment has been rendered shall not have the right to redeem such property from said judgment if at the time of judgment such property is assessed as residential property and the judgment finds the property has been vacant for a period of not less than six months prior to the judgment. After a judgment as provided for in this section becomes final, the waiting period shall not apply to such judgment and a sale under execution of the judgment shall be immediately held as provided under the applicable provisions of this chapter.

141.530. 1. Except as otherwise provided in section 141.520, during such waiting period and at any time prior to the time of **the public or the private** foreclosure sale **of a parcel** by the sheriff, any interested party may redeem [any] **such** parcel of real estate as provided by this chapter. During such waiting period and at any time prior to the time of **the public or the private** foreclosure sale **of a parcel** by the sheriff, the collector may, at the option of the party entitled to redeem, enter into a written redemption contract with any such party interested in [any] **such** parcel of real estate, providing for payment in installments, monthly or bimonthly, of the delinquent tax bills, including interest, penalties,

attorney's fees and costs charged against such parcel of real estate, provided, however, that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with an assessed valuation of not more than three thousand five hundred dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made.

2. So long as such installments be paid according to the terms of the contract, the said six months waiting period shall be extended, but if any installment be not paid when due, the extension of said waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.

[3. No redemption contracts may be used under this section for residential property which has been vacant for at least six months in any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand.]

[141.530. 1. Except as otherwise provided in section 141.520, during such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by this chapter. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, the collector may, at the option of the party entitled to redeem, enter into a written redemption contract with any such party interested in any parcel of real estate, other than a residential property which has been vacant for at least six months, providing for payment in installments, monthly or bimonthly, of the delinquent tax bills, including interest, penalties, attorney's fees and costs charged against such parcel of real estate, provided, however, that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with an assessed valuation of not more than three thousand five hundred dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on the individual's behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments being made.

2. So long as such installments are paid according to the terms of the contract, the six-month waiting period shall be extended, but if any installment is not paid when due, the extension of such waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.]

141.540. 1. In any county at a certain front door of whose courthouse sales of real estate are customarily made by the sheriff under execution, the sheriff shall advertise for sale and sell **in a public foreclosure sale** the respective parcels of real estate ordered sold by him or her pursuant to any judgment of foreclosure by any court pursuant to sections 141.210 to 141.810 at any of such courthouses **which are not sold in a private foreclosure sale**, but the sale of such parcels of real estate shall be held at the same front door as sales of real estate are customarily made by the sheriff under execution.

2. Such advertisements may include more than one parcel of real estate, and shall be in substantially the following form: NOTICE OF SHERIFF'S SALE UNDER JUDGMENT OF FORECLOSURE OF LIENS FOR DELINQUENT LAND TAXES

3. Such advertisement shall be published four times, once a week, upon the same day of each week during successive weeks prior to the date of such sale, in a daily newspaper of general circulation regularly published in the county, qualified according to law for the publication of public notices and advertisements.

4. In addition to the provisions herein for notice and advertisement of **public** sale, the county collector shall enter upon the property subject to foreclosure of these tax liens and post a written informational notice in any conspicuous location thereon. This notice shall describe the property and advise that it is the subject of delinquent land tax collection proceedings before the circuit court brought pursuant to sections 141.210 to 141.810 and that it may be sold for the payment of delinquent taxes at a **public foreclosure** sale to be held at ten o'clock a.m., date and place, **or at a private foreclosure sale, date, and place**, and shall also contain a file number and the address and phone number of the collector. If the collector chooses to post such notices as authorized by this subsection, such posting must be made not later than the fourteenth day prior to the date of the sale.

5. The collector shall, concurrently with the beginning of the publication of sale **for parcels to be sold in a public foreclosure sale, or not less than thirty days prior to the sale for parcels to be sold in a private foreclosure sale**, cause to be prepared and sent by [restricted, registered or certified] **first class** mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the persons named in the petition as being the last known persons in whose names tax bills affecting the respective parcels of real estate described in said petition were last billed or charged on the books of the collector, or the last known owner of record, if different, and to the addresses of said persons upon said records of the collector. [The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail.] If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive [and receipt for] the notice [as shown by the return receipt], then the collector shall make a search of the records maintained by the county, including those kept by the recorder of deeds, to discern the name and address of any person who, from such records, appears as a successor to the person to whom the original notice was addressed, and to cause another notice to be mailed to such person. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected of any such notices of sale that are undeliverable because of an addressee's refusal to receive [and receipt for] the same, or of any notice otherwise nondeliverable by mail, or in the event that any name or address does not appear on the records of the collector, then of that fact. The affidavit in addition to the recitals set forth above shall also state reason for the nondelivery of such notice.

6. The collector may, at his or her option, concurrently with the beginning of the publication of sale **for parcels to be sold in a public foreclosure sale, or not less than thirty days prior to the sale for parcels to be sold in a private foreclosure sale**, cause to be prepared and sent by [restricted, registered or certified] **first class** mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the mortgagee or security holder, if known, of the respective parcels of real estate described in said petition, and to the addressee of such mortgagee or security holder according to the records of the collector. [The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail.] If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive [and receipt for] the notice [as shown by the return receipt], then the collector shall make a search of the records maintained by the county, including those kept by the recorder of

deeds, to discern the name and address of any security holder who, from such records, appears as a successor to the security holder to whom the original notice was addressed, and to cause another notice to be mailed to such security holder. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected by any such notices of sale that are undeliverable because of an addressee's refusal to receive [and receipt for] the same, or of any notice otherwise nondeliverable by mail, and stating the reason for the nondelivery of such notice.

141.550. 1. The **public foreclosure** sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 141.210 to 141.810, and provided that such sale need not occur during the term of court or while the court is in session.

2. The following provisions shall apply to any **public foreclosure** sale pursuant to this section of property located within any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand:

(1) The sale shall be held on the day for which it is advertised, between the hours of nine o'clock a.m. and five o'clock p.m. and continued day to day thereafter to satisfy the judgment as to each respective parcel of real estate sold;

(2) The sale shall be conducted publicly, by auction, for ready money. The highest bidder shall be the purchaser unless the highest bid is less than the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. No person shall be eligible to bid at the time of the sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the official charged by law with conducting the sale that he or she is not the owner of any parcel of real estate in the county which is affected by a tax bill which has been delinquent for more than six months and is not the owner of any parcel of real property with two or more violations of the municipality's building or housing codes. A prospective bidder may make such a demonstration by presenting statements from the appropriate collection and code enforcement officials of the municipality.

3. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject to the lien thereon, if any, of the United States of America.

4. The collector shall advance the sums necessary to pay for the publication of all advertisements required by sections 141.210 to 141.810 and shall be allowed credit therefor in his or her accounts with the county. The collector shall give credit in such accounts for all such advances recovered by him or her. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.

[141.550. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 141.210 to 141.810, and provided that such sale need not occur during the term of court or while the court is in session.

2. The following provisions shall apply to any sale pursuant to this section of property located within any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand:

(1) The sale shall be held on the day for which it is advertised, between the hours of nine o'clock a.m. and five o'clock p.m. and continued day to day thereafter to satisfy the judgment as to each respective parcel of real estate sold;

(2) The sale shall be conducted publicly, by auction, for ready money. The highest bidder shall be the purchaser unless the highest bid is less than the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. A prospective bidder may make such a demonstration by presenting statements from the appropriate collection and code enforcement officials of the municipality.

3. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to

rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject to the lien thereon, if any, of the United States of America.

4. The collector shall advance the sums necessary to pay for the publication of all advertisements required by sections 141.210 to 141.810 and shall be allowed credit therefor in his or her accounts with the county. The collector shall give credit in such accounts for all such advances recovered by him or her. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.]

141.560. 1. If, when the sheriff offers the respective parcels of real estate for sale **at public foreclosure sale**, there be no bidders for any parcel, or there be insufficient time or opportunity to sell all of the parcels of real estate so advertised, the sheriff shall adjourn such sale from day to day at the same place and commencing at the same hour as when first offered and shall announce that such real estate will be offered or reoffered for sale at such time and place.

2. **With respect to any parcel of real estate not located within a municipality that is an appointing authority under section 141.980**, in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon shall be received at such sale after any parcel of real estate has been offered for sale on three different days, which need not be successive, the land trustees shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due, and if no other bid be then received by the sheriff in excess of the bid of the trustees, and the sheriff shall so announce at the sale, then the bid of the trustees shall be announced as accepted. The sheriff shall report any such bid or bids so made by the land trustees in the same way as his report of other bids is made. **The land trustees shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trustees, as herein provided. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on the collector's books and in the collector's statements with any other taxing authorities.**

3. [The land trustees shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trustees, as herein provided. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.] **With respect to any parcel of real estate located within a municipality that is an appointing authority under section 141.980**, in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon shall be received at such sale after such parcel of real estate has been offered for sale on three different days, which need not be successive, the land bank agency for which such municipality is an appointing authority shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due, and the sheriff shall so announce at the sale, then the bid of the land bank agency shall be announced as accepted. The sheriff shall report any such bid or bids so made by such land bank agency in the same way as the sheriff's report of other bids is made. Upon confirmation by the court of such bid at such sale by such land bank agency, the collector shall mark the tax bills so bid by such land bank agency as "canceled by sale to the land bank" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on the collector's books and in the collector's statements with any other taxing authorities.

141.570. 1. The title to any real estate which shall vest in the land trust under the provisions of sections 141.210 to 141.810 **and sections 141.980 to 141.982** shall be held by the land trust of such county in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure. **The title to any real estate acquired by a land bank agency pursuant to a deemed sale under subsection 3 of section 141.560 or by deed from land trustees under subsection 1 of section 141.980 shall be held in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.**

2. The title to any real estate which shall vest in any purchaser **in a private or public foreclosure sale**, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any lien thereon of the United States of America, if any,

and all persons, including the state of Missouri, infants, incapacitated and disabled persons as defined in chapter 475, and nonresidents who may have had any right, title, interest, claim, or equity of redemption in or to, or lien upon, such lands, shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, and the court shall order immediate possession of such real estate be given to such purchaser; provided, however, that such title shall also be subject to the liens of any tax bills which may have attached to such parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to sheriff's sale and not included in any answer to such petition, but if such parcel of real estate is **deemed** sold to the land trust **under subsection 2 of section 141.560 or deemed sold to a land bank agency under subsection 3 of section 141.560**, the title thereto shall be free of any such liens to the extent of the interest of any taxing authority in such real estate; provided further, that such title shall not be subject to the lien of special tax bills which have attached to the parcel of real estate prior to November 22, 1943, but the lien of such special tax bills shall attach to the proceeds of the sheriff's sale or to the proceeds of the ultimate sale of such parcel by the land trust.

141.580. 1. After the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm the foreclosure sale thereof, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall forthwith determine whether an adequate consideration has been paid for each such parcel; **provided that the amount to be paid by a land bank agency under subsection 5 of section 141.982 for a parcel sold to such land bank agency in a private foreclosure sale shall be deemed to be adequate consideration therefor and no evidence of value shall be heard with respect to such parcel; and provided further, that the amount bid for a parcel by a land bank agency under subsection 3 of section 141.560 shall be deemed adequate consideration and no evidence of value shall be heard with respect to such parcel; and provided further, that the amount bid for a parcel by land trust under subsection 2 of section 141.560 shall be deemed adequate consideration and no evidence of value shall be heard with respect to such parcel.**

2. For this purpose the court shall have power to summon any city or county official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, he **or she** shall confirm the sale and order the sheriff to issue a deed to the purchaser. If the court finds that the consideration paid is inadequate, **the court shall confirm the sale if** the purchaser [may] increase his **or her** bid to such amount as the court [may deem] **deems** to be adequate[, whereupon the court may confirm the sale. If, however,] **and makes such additional payment, or if all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon are not paid in full by one or more interested parties to the suit. If the court finds that the consideration is inadequate, but the purchaser declines to increase his or her bid to such an amount as the court deems adequate and make such additional payment, then the sale shall be disapproved if all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon are paid in full by one or more interested parties to the suit,** the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale. (2) To the payment of all costs including appraiser's fee not to exceed fifteen dollars and attorney's fees;

(3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon.

If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 141.480. If any answering parties have specially appealed as provided in section 141.570, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as herein set out and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall [escheat to the state as provided by law] **be distributed to the appropriate taxing authorities.**

141.720. 1. The land trust shall be composed of three members, one of whom shall be appointed by the county, **as directed by the county** executive, or if the county does not have a county executive, **as directed by the county** commission of the county, one of whom shall be appointed by [the city council of that city] **that municipality** in the county which **is not an appointing authority under section 141.980** and then has the largest population according to the last preceding federal decennial census, and one of whom shall be appointed by [the board of directors of the] **that** school district **in the county** which **is not an appointing authority under section 141.980** and then has the largest population according to such census in the county. **If any such appointing authority fails to make any appointment of a land trustee after any term expires, then the appointment shall be made by the county.**

2. The terms of office of the land trustees shall be for four years each, except the terms of the first land trustees who shall be appointed by the foregoing appointing authorities, respectively, not sooner than twelve months and not later than eighteen months after sections 141.210 to 141.810 take effect; **provided, however, that the term of any land trustee appointed by a municipality or school district that becomes an appointing authority under section 141.980 shall thereupon terminate.**

3. Each land trustee shall have been a resident of the county for at least five years next prior to appointment, shall not hold other salaried or compensated public office by election or appointment during service as land trustee, the duties of which would in any way conflict with his duties as land trustee, and shall have had at least ten years experience in the management or sale of real estate.

4. Of the first land trustees appointed under sections 141.210 to 141.810, the land trustee appointed by the county commission shall serve for a term ending February 1, 1946, the land trustee appointed by the board of directors of the school district then having the largest population in the county shall serve for a term expiring February 1, 1947, and the land trustee appointed by the city council of the city then having the largest population in the county shall serve for a term expiring February 1, 1948. Each land trustee shall serve until his successor has been appointed and qualified.

5. Any vacancy in the office of land trustee shall be filled for the unexpired term by the same appointing authority which made the original appointment. If any appointing authority fails to make any appointment of a land trustee within the time the first appointments are required by sections 141.210 to 141.810 to be made, or within thirty days after any term expires or vacancy occurs, then the appointment shall be made by the mayor of that city in the county then having the largest population, according to the last preceding federal decennial census.

7. Each land trustee may be removed for cause by the respective appointing authority, after public hearing, if requested by the land trustee, and an opportunity to be represented by counsel and to present evidence is afforded the trustee.

141.770. 1. Each annual budget of the land trust shall be itemized as to objects and purposes of expenditure, prepared not later than [December tenth] **October first** of each year with copies delivered to the [county and city] **taxing authorities** that appointed trustee members, and shall include therein only such appropriations as shall be deemed necessary to meet the reasonable expenses of the land trust during the forthcoming fiscal year. That budget shall not become the required annual budget of the land trust unless and until it has been approved by the governing bodies of the [county or city] **taxing authorities** that appointed trustee members. If [either] **any** of the governing bodies of the [county and city] **taxing authorities** that appointed trustee members fail to notify the land trust in writing of any objections to the proposed annual budget on or before [December] **November** twentieth, then such failure or failures to object shall be deemed approval. In the event objections have been made and a budget for the fiscal year beginning January first has not been approved by the governing bodies of the [county and city] **taxing authorities that appointed trustee members** on or before January first, then the budget for the previous fiscal year shall become the approved budget for that fiscal year. Any unexpended funds from the preceding fiscal year shall be deducted from the amounts needed to meet the budget requirements of the forthcoming year.

2. Copies of the budget shall be made available to the public on or before [December] **October** tenth, and a public hearing shall be had thereon prior to [December] **October** twentieth, in each year. The approved and adopted budget may be amended by the trustee members only with the approval of the governing bodies of the [county and city] **taxing authorities** that appointed trustee members.

3. If at any time there are not sufficient funds available to pay the salaries and other expenses of such land trust and of its employees, incident to the administration of sections 141.210 to 141.810, including any expenditures authorized by section 141.760, funds sufficient to pay such expenses shall be advanced and paid to the land trust upon its requisition therefor **by the ad valorem taxing authorities in the county that are not appointing authorities under section 141.980, [fifty] seven** percent thereof by the county commission of such county, and the other [fifty] **ninety-three** percent by all of the [municipalities in such county as defined in section 141.220] **other such ad valorem taxing**

authorities, in proportion to their assessed valuations [at the time of their last completed assessment for state and county purposes] of the properties then in the land trust inventory located within their respective taxing jurisdictions. The land trust shall have power to requisition such funds in an amount not to exceed twenty-five percent of the total annual budget of the land trust from such sources for that fiscal year of the land trust for which there are not sufficient funds otherwise available to pay the salaries and other expenses of the land trust, but any amount in excess of twenty-five percent of the total annual budget in any fiscal year may be requisitioned by and paid to the land trust only if such additional sums are agreed to and approved by [the county commission and the respective municipalities in such county so desiring to make such payment] **such ad valorem taxing authorities.** All moneys so requisitioned shall be paid in a lump sum within thirty days after such requisition or the commencement of the fiscal year of the land trust for which such requisition is made, whichever is later, [and] **by the county paying seven percent thereof due from the county under this section and advancing the remaining ninety-three percent due from other ad valorem taxing authorities under this section on behalf of such other ad valorem taxing authorities, and such amounts so paid shall be deposited to the credit of the land trust in some bank or trust company, subject to withdrawal by warrant as herein provided. Amounts advanced by the county on behalf of any ad valorem taxing authority under this section shall be reimbursed to the county upon demand by the county or by the county withholding such amounts from distributions of tax moneys to such ad valorem taxing authority.**

4. The fiscal year of the land trust shall commence on January first of each year. Such land trust shall audit all claims for the expenditure of money, and shall, acting by the chairman or vice chairman thereof, draw warrants therefor from time to time.

5. No warrant for the payment of any claim shall be drawn by such land trust until such claim shall have been approved by the land commissioner and shall bear the commissioner's certificate that there is a sufficient unencumbered balance in the proper appropriation and sufficient unexpended cash available for the payment thereof. For any certification contrary thereto, such land commissioner shall be liable personally and on the commissioner's official bond for the amounts so certified, and shall thereupon be promptly removed from office by the land trustees.

6. In addition to the annual audit provided for in section 141.760, the land trust may be performance audited at any time by the state auditor or by the auditor of any home rule city with more than four hundred thousand inhabitants and located in more than one county that is a member of the land trust. The cost of such audit shall be paid by the land trust, and copies shall be made available to the public within thirty days of the completion of the audit.

141.790. When any parcel of real estate is sold or otherwise disposed of by the land trust, the proceeds therefrom shall be applied and distributed in the following order:

[(3)] (4) Any funds in excess of those necessary to meet the expenses of the annual budget of the land trust in any fiscal year, and including a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, [may] **shall** be paid to the respective taxing authorities which, at the time of the distribution, are taxing the real property from which the proceeds are being distributed. The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities; distribution shall be made on January first and July first of each year, and at such other times as the land trustees in their discretion may determine.

141.980. 1. Any municipality located wholly or partially within a county in which a land trust created under section 141.700 was operating on January 1, 2011, may establish a land bank agency for the management, sale, transfer, and other disposition of interest in real estate owned by such land bank agency. Any such land bank agency created shall be created to foster the public purpose of returning land, including land that is in a nonrevenue-generating nontax-producing status, to effective use in order to provide housing, new industry, and jobs for citizens of the establishing municipality, and to create new revenues for such municipality. Such land bank agency shall be established by order or ordinance as applicable. Such land bank agency shall not own any interest in real estate that is located outside such establishing municipality or outside such county. Within one year of the effective date of an order or ordinance passed establishing such a land bank agency, title to any real estate held by the land trustees of the land trust of such county that is located within the establishing municipality shall be transferred by deed to such land bank agency.

conveyance, or other instrument from the beneficiaries for which it acts, provided that each such deed shall recite whether the selling price represents a consideration equal to or in excess of two-thirds of the appraised value of such real estate so sold or conveyed. If such selling price represents a consideration less than two-thirds of the appraised value of the real estate, then the land bank commissioners shall first procure the consent thereto of not less than two of the three appointing authorities, which consent shall be evidenced by a copy of the action of each such appointing authority duly certified to by its clerk or secretary attached to and made a part of land bank commission official minutes.

3. As a condition of the sale or other authorized conveyance of ownership of any unimproved parcel of land classified as residential property owned by the land bank agency to a private owner, unless the owner owns an adjacent improved parcel, such owner may be required to enter into a contract with the land bank agency stipulating that such owner or owner's successor agree that the parcel of land shall, within one year of such sale, either be improved by a nontemporary structure or returned to the land bank agency by special warranty deed. The contract shall further state that if the private owner fails to comply with the stipulation, the owner shall be liable to the land bank agency for damages at the rate of one hundred dollars per month accruing on the first day of each month after the termination of the one-year period so long as the private owner fails to convey the parcel to the land bank agency. The performance of such agreement shall be secured by a deed of trust or other lien encumbering the parcel. If the land bank agency finds by resolution that the terms of the agreement have not been satisfied, the land bank agency shall be authorized to bring suit to recover damages for the breach and to redeem the ownership of such property without consideration or compensation by seeking a judicial foreclosure of such agreement under sections 443.190 to 443.260, except that upon final judgment of the court, title shall revert to the land bank agency without necessity of sale. Notwithstanding subsection 2 of this section, the original deed conveying title to the private owner shall contain a possibility of reverter upon the condition that the private owner fails to comply with the terms of the contract, with a right of reentry retained by the land bank agency. As an alternative to, or in addition to, seeking a judicial foreclosure, the land bank agency may exercise the right of reentry under chapter 524, 527, or 534. The land bank agency shall assume title to the land by filing a copy of the judgment with the recorder of deeds in the county where the property is located. Any property redeemed by the land bank agency under the provisions of this section shall be administered in the same manner as other property sold to the land bank agency.

4. It shall be the duty of such land bank agency to administer the tax delinquent lands and other lands in its possession as provided in this section.

(2) The land bank agency shall use reasonable efforts, consistent with the funding available, to market the property in its inventory, and will endeavor to obtain a purchase price consistent with the market conditions for that particular type of property in a similar location, however, the land bank agency may take into consideration factors that include: the costs expended either by it or the municipality in which the property is located to continue to maintain the property while it is held in inventory, the detrimental impact of vacant property on other properties within its vicinity, the proposed use of the property, and the advantage of returning the property to the tax rolls for the benefit of all taxing authorities intended to benefit from proceeds generated by the land bank agency. The land bank agency shall maintain an inventory of the property held by it, and make it available to the public, through means that make the best use of its limited resources, including limiting accessibility through electronic means. The land bank agency shall systematically update its inventory information, no less than quarterly per year. The records from each transaction with respect to the transfer or exchange of property in the land bank agency's inventory shall be maintained, and provided upon request to any taxing authority intended to benefit from the proceeds of the land bank. A summary of all such transactions shall be prepared at least annually, and made publicly available upon request, and submitted with the budget request of such land bank as provided in subsection 6 of section 141.981.

(3) The land bank commissioners shall have power, and it shall be their duty, to manage, maintain, protect, rent, lease, repair, insure, alter, hold and return, assemble, sell, trade, acquire, exchange, or otherwise dispose of any such real estate, on such terms and conditions as may be determined in the sole discretion of the commissioners. The land bank commissioners may assemble tracts or parcels of real estate for public parks or any other purposes and to such end may exchange or acquire parcels, and otherwise effectuate such purposes by agreement with any taxing authority. Without limiting the foregoing power vested in the land bank commissioners to directly dispose of its inventory property, such commissioners may, but are not obligated to,

enter into listing or commission agreements with real estate brokers licensed to do business within the city, and such commissioners.

(4) The land bank agency shall adopt rules and regulations in harmony with sections 141.210 to 141.810 and sections 141.980 to 141.982, and shall keep records of all its transactions, which records shall be open to inspection of any taxing authority in the city at any time. There shall be an annual audit of the affairs, accounts, expenses, and financial transactions of such land bank agency by certified public accountants as of April thirtieth of each year, which accountants shall be employed by the commissioners on or before March first of each year, and certified copies thereof shall be furnished to the appointing authorities described in section 141.980, and shall be available for public inspection at the office of the land bank agency and on the land bank agency's internet website, if it maintains a website. In addition to the annual audit provided for in this subdivision, the land bank agency may be performance audited at any time by the state auditor or by the auditor of the city that appoints members. The cost of such audit shall be paid by the land bank agency, and copies shall be made available to the public within thirty days of the completion of the audit.

5. The land bank commissioners may appoint a director and such other employees who are deemed necessary to carry out the responsibilities and duties imposed under sections 141.980 to 141.982, and may incur such other reasonable and proper costs and expenses as are related thereto. The director shall furnish a surety bond at the expense of the land bank agency in a penal sum of not less than ten thousand dollars, to be approved by the land bank commissioners, conditioned to guarantee the faithful performance of the director's duties. The bond shall be filed with the county clerk of the county. The director, who shall be a person experienced in the management and sale of real estate, shall be executive officer and administrator of the land bank agency, and shall manage all of its business, under the supervision, direction, and control of the land bank commissioners.

6. Each annual budget of the land bank agency shall be itemized as to objects and purposes of expenditure, prepared not later than December tenth of each year with copies delivered to the ad valorem taxing authorities that appointed members, and shall include therein only such appropriations as shall be deemed necessary to meet the reasonable expenses of the land bank agency during the forthcoming fiscal year. That budget shall not become the required annual budget of the land bank agency unless and until it has been approved by the governing bodies of the ad valorem taxing authorities that appointed members. If either of the governing bodies of the ad valorem taxing authorities that appointed members fails to notify the land bank agency in writing of any objections to the proposed annual budget on or before December twentieth, then such failure or failures to object shall be deemed approved. In the event objections have been made and a budget for the fiscal year beginning May first has not been approved by the governing bodies of the ad valorem taxing authorities that appointed members on or before May first, then the budget for the previous fiscal year shall become the approved budget for that fiscal year. Any unexpended funds from the preceding fiscal year shall be deducted from the amounts needed to meet the budget requirements of the forthcoming year. Copies of the budget shall be made available to the public on or before December tenth, and a public hearing shall be had thereon before December twentieth, in each year. The approved and adopted budget may be amended by the land bank commissioners only with the approval of the governing bodies of the ad valorem taxing authorities that appointed members.

7. The fiscal year of the land bank agency shall commence on May first of each year. Such land bank agency shall audit all claims for the expenditure of money and shall, acting by the chair or vice chair thereof, draw warrants therefor from time to time.

8. No warrant for the payment of any claim shall be drawn by such land bank agency until such claim shall have been approved by the director and shall bear the director's certificate that there is a sufficient unencumbered balance in the proper appropriation and sufficient unexpended cash available for the payment thereof.

141.982. 1. Such land bank agency shall set up and maintain a perpetual inventory on each tract of its real estate, except that individual tracts may be consolidated and grouped or regrouped for economy or convenience.

2. When any parcel of real estate acquired by such land bank agency under a deemed sale under subsection 3 of section 141.560, by redemption under subsection 3 of section 141.981, by gift under subsection 2 of section 141.980, or by deed from land trustees under subsection 1 of section 141.980 is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

(3) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, exclusive of net profit from the sale of parcels acquired by the land bank agency under a private foreclosure sale, shall be paid to the respective taxing authorities that, at the time of the distribution, are taxing the real property from which the proceeds are being distributed.

The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities. Distribution shall be made on January first and July first of each year, and at such other times as the land bank commissioners in their discretion may determine.

3. When any parcel of real estate acquired by such land bank agency under a private foreclosure sale is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

4. Upon acquiring title to any real estate under a deemed sale under subsection 3 of section 141.560, by redemption under subsection 3 of section 141.981, by gift under subsection 2 of section 141.980, or by deed from land trustees under subsection 1 of section 141.980, such land bank agency shall immediately notify the county assessor of such ownership, and the interests of each taxing authority therein shall be exempt from all taxation, in the same manner and to the same extent as any other publicly owned real estate, and upon the sale or other disposition of any real estate held by it, such land bank agency shall immediately notify the county assessor of such change of ownership.

5. Upon confirmation under section 141.580 of a sheriff's private foreclosure sale of a parcel of real estate to a land bank agency, the sheriff shall deliver a court administrator's deed for such parcel to the purchasing land bank agency and such land bank agency shall pay the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. Such parcel shall not be exempt from taxation; provided however, if all land taxes on such parcel are paid in full at the time of sale or other disposition of such parcel by the land bank agency or two years from the date of its acquisition by the land bank agency, whichever occurs first, then all interest and penalties that may have accrued thereon shall be abated.

6. Neither the land bank commissioners nor any salaried employee of the land bank agency provided for in sections 141.980 to 141.982 shall receive any compensation, emolument, or other profit directly or indirectly from the rental, management, purchase, sale, or other disposition of any lands held by such land bank agency other than the salaries, expenses, and emoluments provided for in sections 141.980 to 141.982; provided further that neither the land bank commissioners nor any salaried employee of the land bank agency provided for in sections 141.980 to 141.982 shall have any relationship with, or be employed by, or otherwise receive any form of compensation from, any contractor or developer who purchases property from the land bank agency. "479.011. 1. (1) The following cities may establish an administrative adjudication system under this section:

- (a) Any city not within a county [or];**
- (b) Any home rule city with more than four hundred thousand inhabitants and located in more than one county;**
- (c) Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants.**

(2) The cities listed in subdivision (1) of this subsection may establish, by order or ordinance, an administrative system for adjudicating housing, property maintenance, nuisance, parking, and other civil, nonmoving municipal code violations consistent with applicable state law. Such administrative adjudication system shall be subject to practice, procedure, and pleading rules established by the state supreme court, circuit court, or municipal court. This section shall not be construed to affect the validity of other administrative adjudication systems authorized by state law and created before August 28, 2004.

2. The order or ordinance creating the administrative adjudication system shall designate the administrative tribunal and its jurisdiction, including the code violations to be reviewed. The administrative tribunal may operate under the supervision of the municipal court, parking commission, or other entity designated by order or ordinance and in a manner consistent with state law. The administrative tribunal shall adopt policies and procedures for administrative hearings, and filing and notification requirements for appeals to the municipal or circuit court, subject to the approval of the municipal or circuit court.

The formal rules of evidence shall not apply in any administrative review or hearing authorized in this section. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The code violation notice, property record, and related documentation in the proper form, or a copy thereof, shall be prima facie evidence of the municipal code violation. The officer who issued the code violation citation need not be present.

4. An administrative tribunal may not impose incarceration or any fine in excess of the amount allowed by law. Any sanction, fine or costs, or part of any fine, other sanction, or costs, remaining unpaid after the exhaustion of, or the failure to exhaust, judicial review procedures under chapter 536 shall be a debt due and owing the city, and may be collected in accordance with applicable law.

5. Any final decision or disposition of a code violation by an administrative tribunal shall constitute a final determination for purposes of judicial review. Such determination is subject to review under chapter 536 or, at the request of the defendant made within ten days, a trial de novo in the circuit court. After expiration of the judicial review period under chapter 536, unless stayed by a court of competent jurisdiction, the administrative tribunal's decisions, findings, rules, and orders may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. Upon being recorded in the manner required by state law or the uniform commercial code, a lien may be imposed on the real or personal property of any defendant entering a plea of nolo contendere, pleading guilty to, or found guilty of a municipal code violation in the amount of any debt due the city under this section and enforced in the same manner as a judgment lien under a judgment of a court of competent jurisdiction. **The city may also issue a special tax bill to collect fines issued for housing, property maintenance, and nuisance code violations.**"; and

 - (4) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;**
 - (5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;**

 - (7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;**
 - (8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:**
 - (a) The area consists of at least fifty contiguous acres;**
 - (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States environmental protection agency;**
 - (c) The area contains a manufacturing facility that is closed, undergoing closure, idle, underutilized, or curtailed and that at one time employed at least two hundred employees;**

 - (10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;**
 - (11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;**
 - (12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the**

project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

(1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;

(2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or

(3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier."; and

Further amend said bill, Page 24, Section 386.850, Line 6, by inserting after all of said line the following:

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of an enhanced business enterprise and the taxpayer continues the operation of the same or substantially similar enhanced business enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subdivision (19) of this section, in the new facility during the tax period for which the credits allowed in section 135.967 are claimed exceed one million dollars and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two;

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and
 (2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the last decennial census or other appropriate source as approved by the director; or

(b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or
- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100 due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or
- (2) A demonstrated impact on local industry cluster development.

5. Notwithstanding the requirements of subsections 1 and 4 of this section to the contrary, a renewable energy generation zone may be designated as an enhanced enterprise zone if the renewable energy generation zone meets the criteria set forth in subdivision (25) of section 135.950.

135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution **or ordinance** by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. **Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions.** In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027."; and

Further amend said bill, Page 2, Section 137.010, by deleting all of said section and inserting in lieu thereof the following:

"137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

Representative Smith (150) offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 207, Section 137.115, Page 21, Line 198, by inserting after all of said section and line the following:

"386.420. 1. At the time fixed for any hearing before the commission or a commissioner, or the time to which the same may have been continued, the complainant, the public counsel and the corporation, person or public utility complained of, and such corporations and persons as the commission may allow to intervene, shall be entitled to be heard and to introduce evidence. The commission shall issue process to enforce the attendance of all necessary witnesses.

2. Whenever an investigation shall be made by the commission, it shall be its duty, to make a report in writing in respect thereto, which shall state the conclusions of the commission, together with its decision, order or requirement in the premises. The commission or any commissioner or any party may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the circuit courts of this state and to that end may compel the attendance of witnesses and the production of books, waybills, documents, papers, memoranda and accounts. Witnesses whose depositions are taken as provided in this section and the officer taking the same shall severally be entitled to the same fees as are paid for like services in the circuit courts of this state.

3. If an order cannot, in the judgment of the commission, be complied with within thirty days, the commission may grant and prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order.

4. A full and complete record shall be made of all proceedings before the commission or any commissioner on any formal hearing had, and all testimony shall be taken down by a reporter appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. Preparation of a printed transcript may be waived by unanimous consent of all the parties. In case of an action to review any order or decision of the commission, a transcript of such testimony, together with all exhibits or copies thereof introduced and all information secured by the commission on its own initiative and considered by it in rendering its order or decision, and of the pleadings, record and proceedings in the cause, shall constitute the record of the commission; provided, that on review of an order or decision of the commission, the [petitioner] **appellant** and the commission may stipulate that a certain question or questions alone and a specified portion only of the evidence shall be certified to the [circuit] **reviewing** court for its judgment, whereupon such stipulation and the question or questions and the evidence therein specified shall constitute the record on review. **In any proceeding resulting in the establishment of new rates for a public utility, the commission shall cause to be prepared, with the assistance of the parties to such proceeding, and shall approve, after allowing the parties a reasonable opportunity to provide written input, a detailed reconciliation containing the dollar value and rate or charge impact of each contested issue decided by the commission, and the customer class billing determinants used by the commission to calculate the rates and charges approved by the commission in such proceeding. Such information shall be sufficient to permit a reviewing court and the commission on remand from a reviewing court to determine how the public utility's rates and charges, including the rates and charges for each customer class, would need to be temporarily and, if applicable, permanently adjusted to provide customers or the public utility with any monetary relief that may be due in accordance with the procedures set forth in section 386.520. In the event there is any dispute over the value of a particular issue or the correctness of a billing determinant, the commission shall also include in the reconciliation a quantification of the dollar value and rate or charge impact associated with the dispute.**

386.490. 1. Every order of the commission shall be served upon every person or corporation to be affected thereby, either by personal delivery of a certified copy thereof, **by electronic service**, or by mailing a certified copy thereof, in a sealed package with postage prepaid, to the person to be affected thereby, or, in the case of a corporation,

to any officer or agent thereof upon whom a summons may be served in accordance with the provisions of the code of civil procedure.

2. [It shall be the duty of every person and corporation to notify the commission forthwith, in writing, of the receipt of the certified copy of every order so served, and in the case of a corporation such notification must be signed and acknowledged by a person or officer duly authorized by the corporation to admit such service. Within a time specified in the order of the commission every person and corporation upon whom it is served must if so required in the order notify the commission in like manner whether the terms of the order are accepted and will be obeyed.

3.] Every order or decision of the commission shall of its own force take effect and become operative thirty days after the service thereof, except as otherwise provided, and shall continue in force either for a period which may be designated therein or until changed or abrogated by the commission, unless such order be unauthorized by this law or any other law or be in violation of a provision of the constitution of the state or of the United States.

386.510. With respect to commission orders or decisions issued on and after the effective date of this section, within thirty days after the application for a rehearing is denied, or, if the application is granted, then within thirty days after the rendition of the decision on rehearing, the applicant may [apply to] **file a notice of appeal with the [circuit court of] commission, which shall also be served on the parties to the commission proceeding in accordance with section 386.515, and which shall also be filed with the appellate court with the territorial jurisdiction over the county where the hearing was held or in which the commission has its principal office [for a writ of certiorari or review (herein referred to as a writ of review)]** for the purpose of having the reasonableness or lawfulness of the original order or decision or the order or decision on rehearing inquired into or determined. [The writ shall be made returnable not later than thirty days after the date of the issuance thereof, and shall direct the commission to certify its record in the case to the court. On the return day the cause shall be heard by the circuit court, unless for a good cause shown the same be continued.] **Except with respect to a stay or suspension pursuant to subsection 1 of section 386.520,** no new or additional evidence may be introduced [upon the hearing] in the [circuit] **appellate** court but the cause shall be heard by the court without the intervention of a jury on the evidence and exhibits introduced before the commission and certified to by it. **The notice of appeal shall include the appellant's application for rehearing, a copy of the reconciliation required by subsection 4 of section 386.420, a concise statement of the issues being appealed, a full and complete list of the parties to the commission proceeding, and any other information specified by the rules of the court. Unless otherwise ordered by the court of appeals, the commission shall, within thirty days of the filing of the notice of appeal, certify its record in the case to the court of appeals.** The commission and each party to the action or proceeding before the commission shall have the right to [appear] **intervene and participate fully** in the review proceedings. Upon the [hearing the circuit] **submission of the case to the court of appeals, the court of appeals** shall [enter judgment] **render its opinion** either affirming or setting aside, **in whole or in part,** the order **or decision** of the commission under review. In case the order **or decision** is reversed by reason of the commission failing to receive testimony properly proffered, the court shall remand the cause to the commission, with instructions to receive the testimony so proffered and rejected, and enter a new order **or render a new decision** based upon the evidence theretofore taken, and such as it is directed to receive. The court may, in its discretion, remand any cause which is reversed by it to the commission for further action. No court in this state, except [the circuit courts to the extent herein specified and] the supreme court or the court of appeals [on appeal], shall have jurisdiction **or authority** to review, reverse, correct or annul any order or decision of the commission or to suspend or delay the executing or operation thereof, or to enjoin, restrain or interfere with the commission in the performance of its official duties. The [circuit] **appellate** courts of this state shall always be deemed open for the trial of suits brought to review the orders and decisions of the commission as provided in the public service commission law and the same shall **where necessary** be tried and determined as suits in equity.

386.515. [Prior to August 28, 2001, in proceedings before the Missouri public service commission, consistent with the decision of the supreme court of Missouri in *State ex rel. Anderson Motor Service Co., Inc. v. Public Service Commission*, 97 S.W.2d 116 (Mo. banc 1936) the review procedure provided for in section 386.510 is exclusive to any other procedure.] **With respect to commission orders or decisions issued on and after the effective date of this section,** an application for rehearing is required to be served on all parties and is a prerequisite to the filing of an [application for writ of review] **appeal under section 386.510.** The application for rehearing puts the parties to the proceeding before the commission on notice that [a writ of review] **an appeal** can follow and any such review **under the appeal** may proceed [without formal notification or summons to] **provided that a copy of the notice of appeal is served on said parties. With respect to commission orders or decisions issued on and after [August 28, 2001] the effective date of this section,** the review procedure provided for in section 386.510 continues to be exclusive except that a copy of [any such writ of review] **the notice of appeal required by section 386.510** shall be [provided to] **served**

on each party to the proceeding before the commission[, or his or her attorney of record, by hand delivery or by registered mail, and proof of such delivery or mailing shall be filed in the case as provided by subsection 2 of section 536.110] **by the appellant according to the rules established by the court in which the appeal is filed.**

386.520. 1. The pendency of [a writ of review] **an appeal under section 386.510** shall not of itself stay or suspend the operation of the order or decision of the commission, but [during the pendency of such writ, the circuit court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order or decision. No order so staying or suspending an order or decision of the commission shall be made by any circuit court otherwise than on three days' notice and after hearing, and if the order or decision of the commission is suspended the same shall contain a specific finding based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. In case the order or decision of the commission is stayed or suspended, the order or judgment of the court shall not become effective until a suspending bond shall first have been executed and filed with, and approved by, the circuit court, payable to the state of Missouri, and sufficient in amount and security to secure the prompt payment, by the party petitioning for the review, of all damages caused by the delay in the enforcement of the order or decision of the commission, and of all moneys which any person or corporation may be compelled to pay, pending the review proceedings, for transportation, transmission, product, commodity or service in excess of the charges fixed by the order or decision of the commission, in case such order or decision is sustained.

2. The circuit court, in case it stays or suspends the order or decision of the commission in any manner affecting rates, fares, tolls, rentals, charges or classifications, shall also by order direct the corporation, person or public utility affected to pay into court, from time to time, there to be impounded until the final decision of the case, or into some bank or trust company paying interest on deposits, under such conditions as the court may prescribe, all sums of money which it may collect from any corporation or person in excess of the sum such corporation or person would have been compelled to pay if the order or decision of the commission had not been stayed or suspended.

3. In case any circuit court stays or suspends any order or decision of the commission lowering any rate, fare, toll, rental, charge or classification, upon the execution and approval of said suspending bond, shall forthwith require the corporation, person or public utility affected, under penalty of the immediate enforcement of the order or decision of the commission, pending the review and notwithstanding the suspending order, to keep such accounts, verified by oath, as may, in the judgment of the court, suffice to show the amounts being charged or received by such corporation, person or public utility, pending the review, in excess of the charges allowed by the order or decision of the commission, together with the names and addresses of the corporations and persons to whom overcharges will be refundable in case the charges made by the corporation, person or public utility, pending the review, be not sustained by the circuit court; provided, that street railroad corporations shall not be required to keep a record of the names and addresses of such persons paying such overcharge of fares, but such street railroad corporations shall give to such persons printed receipts showing such overcharges of fares, the form of such printed receipts to be approved by the commission.

4. The court may, from time to time, require said party petitioning for a review to give additional security on, or to increase, the said suspending bond, whenever in the opinion of the court the same may be necessary to secure the prompt payment of said damages or said overcharges.

5. Upon the decision of the circuit court, all moneys which the corporation, person or public utility may have collected pending the appeal, in excess of those authorized by such decision, together with interest, in case the court ordered the deposit of such moneys in a bank or trust company, shall be promptly paid to the corporations or persons entitled thereto, in such manner and through such methods of distribution as may be prescribed by the court, unless an appeal be granted such corporation, person or public utility, as herein provided] **with respect to commission orders or decisions issued on and after the effective date of this section that do not involve the establishment of new rates and charges for a public utility, the appellate court may in its discretion, or upon the recommendation of a special master appointed for such purpose, and after the posting of an appropriate appeal bond, stay or suspend the operation of the order or decision of the commission, in whole or in part, if in its discretion it determines that great or irreparable damage would otherwise result to the appellant.**

2. **With respect to orders or decisions issued on and after the effective date of this section that involve the establishment of new rates or charges, there shall be no stay or suspension of the commission's order or decision, however:**

(1) **In the event a final and unappealable judicial decision determines that a commission order or decision unlawfully or unreasonably decided an issue or issues in a manner affecting rates, then the court shall instruct the commission to provide temporary rate adjustments and, if new rates and charges have not been approved by the commission before the judicial decision becomes final and unappealable, prospective rate adjustments. Such adjustments shall be calculated based on the record evidence in the proceeding under review and the information**

contained in the reconciliation and billing determinants provided by the commission under subsection 4 of section 386.420 and in accordance with the procedures set forth in subdivisions (2) to (5) of this subsection;

(2) If the effect of the unlawful or unreasonable commission decision issued on or after the effective date of this section was to increase the public utility's rates and charges in excess of what the public utility would have received had the commission not erred or to decrease the public utility's rates and charges in a lesser amount than would have occurred had the commission not erred, then the commission shall be instructed on remand to approve temporary rate adjustments designed to flow through to the public utility's then existing customers the excess amounts that were collected by the utility plus interest at the higher of the prime bank lending rate minus two percentage points or zero. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new rates and charges consistent with the court's opinion became effective or when new rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(3) If the effect of the unlawful or unreasonable commission decision was to increase the public utility's rates and charges by a lesser amount than what the public utility would have received had the commission not erred or to decrease the public utility's rates and charges in a greater amount than would have occurred had the commission not erred, then the commission shall be instructed on remand to approve temporary rate adjustments designed to allow the public utility to recover from its then existing customers the amounts it should have collected plus interest at the higher of the prime bank lending rate minus two percentage points or zero. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new permanent rates and charges consistent with the court's opinion became effective or when new permanent rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(4) If the effect of the unlawful or unreasonable commission decision was to allocate too much of a rate increase or too little of a rate decrease to a customer class or classes, then the commission shall be instructed on remand to approve temporary rate adjustments for each customer class as necessary to ensure that each customer class is charged the amounts that would have been charged had the commission not erred. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new rates and charges consistent with the court's opinion became effective or when new rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(5) On and after the effective date of this section, no action affecting the public utility's collection of rates and charges shall be taken in cases where the court cannot make a determination on the merits because the commission failed to include adequate findings of fact to support the commission's decision or failed to receive evidence properly proffered, provided that the commission shall provide such findings of fact or otherwise issue a new order within ninety days of the date of the court's mandate. If such new order is appealed, the period for measuring amounts subject to temporary rate adjustments process set forth in subdivisions (1) to (4) of this subsection shall commence beginning with the date the rate increase or decrease took effect.

386.530. All actions or proceedings under this or any other chapter, and all actions and proceedings commenced or prosecuted by order of the commission, and all actions and proceedings to which the commission, the public counsel or the state may be parties, and in which any question arises under this or any other chapter, or under or concerning any order or decision or action of the commission, shall be preferred over all other civil causes except election contests in all the [circuit] **appellate** courts of the state of Missouri, and shall be heard and determined in preference to all other civil business pending therein except election contests, irrespective of position on the calendar. The same preference shall be granted upon application of the public counsel or the commission counsel in any action or proceeding in which either or both may be allowed to intervene.

386.540. 1. The commission and any party, including the public counsel, who has participated in the [commission] **court of appeals** proceeding [which produced the order or decision may, after the entry of judgment in the circuit court in any action in review, prosecute an appeal to a court having appellate jurisdiction in this state. Such appeal shall be prosecuted as appeals from judgment of the circuit court in civil cases except as otherwise provided in this chapter] **and is aggrieved by the opinion of the court may seek rehearing or transfer to the Missouri supreme court under rules established by the court.** The original transcript of the record and testimony and exhibits, certified to by the commission and filed [in the circuit court in any action to review an order or decision of the commission, together with a transcript of the proceedings in the circuit court,] **with the court of appeals** shall constitute the record on appeal to the supreme court [or any court of appeals].

2. Where an appeal is taken to the supreme court [or the court of appeals], the cause shall, on the return of the papers to the supreme court [or court of appeals], be immediately placed on the docket of the then pending term by the clerk of the court and shall be assigned and brought to a hearing in the same manner as other causes on the then pending term docket, but shall have precedence over all civil causes of a different nature pending in the court. [No appeal shall be effective when taken by a corporation, person or public utility unless a cost bond of appeal in the sum of five hundred dollars shall be filed within ten days after the entry of judgment in the circuit court appealed from.]

3. [The circuit court may in its discretion suspend its judgment pending the hearing in the supreme court or court of appeals on appeal, upon the filing of a bond by the corporation, person or public utility with good and sufficient security conditioned as provided for bonds upon actions for review and by further complying with all terms and conditions of this law for the suspension of any order or decision of the commission pending the hearing or review in the circuit court. This bond shall be in addition to the cost bond heretofore provided in this section.

4.] The general laws relating to appeals to the supreme court and the court of appeals in this state shall, so far as applicable and not in conflict with the provisions of this chapter, apply to appeals taken under the provisions of this chapter."; and

Further amend said bill, Page 24, Section 393.1075, Line 112, by inserting after all of said line the following:

"Section B. Because of the immediate need to provide meaningful and equitable relief to parties who may successfully pursue review of Missouri Public Service Commission orders or decisions, the repeal and reenactment of sections 386.420, 386.510, 386.515, 386.520, 386.530, and 386.540 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 386.420, 386.510, 386.515, 386.520, 386.530, and 386.540 of section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Smith (150), House Amendment No. 3 was adopted.

Representative Schneider offered House Amendment No. 4.

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 207, Section 137.080, Page 11, Line 16, by inserting the following after all of said line:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty- two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new

construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 207, Page 5, Section 137.073, Line 88, by inserting immediately after the “.” on said line the following:

“For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Fuhr, **House Amendment No. 5** was adopted.

Representative Schoeller offered **House Amendment No. 6.**

House Amendment No. 6

AMEND House Committee Substitute for Senate Bill No. 207, Page 21, Section 137.115 (repealed), Line 198, by inserting after all of said section and line the following:

“250.236. 1. Any city, town or village may contract with a private or public water company to terminate water services, at the direction of the city, because a customer fails to pay his sewer bill. When charges for sewer services are in arrears for more than three months and after the city sends notice to the customer [by certified mail], the city may disconnect the customer's sewer line or request in writing that the private or public water company discontinue water service until such time as the sewer charges and all related costs are paid.

2. A private or public water company acting pursuant to a written request from the city as provided in subsection 1 of this section is not liable for damages related to termination of water services. All costs related to disconnection and reconnections shall be reimbursed to the private water company by the city.

393.015. 1. Notwithstanding any other provision of law to the contrary, any sewer corporation, municipality or sewer district established under the provisions of chapter 249 or 250, or sections 204.250 to 204.470, or any sewer district created and organized pursuant to constitutional authority, may contract with any water corporation to terminate water services to any customer premises for nonpayment of a sewer bill. No such termination of water service may occur until thirty days after the sewer corporation, municipality or statutory sewer district or sewer district created and organized pursuant to constitutional authority sends a written notice to the customer [by certified mail], except that if the water corporation is performing a combined water and sewer billing service for the sewer corporation, municipality or sewer district, no additional notice or any additional waiting period shall be required other than the notice and waiting period already used by the water corporation to disconnect water service for nonpayment of the water bill. Acting pursuant to a contract, the water corporation shall discontinue water service until such time as the sewer charges and all related costs of termination and reestablishment of sewer and water services are paid by the customer.

2. A water corporation acting pursuant to a contract with a sewer corporation, municipality or sewer district as provided in subsection 1 of this section shall not be liable for damages related to termination of water services unless such damage is caused by the negligence of such water corporation, in which case the water corporation shall be indemnified by the sewer corporation, municipality or sewer district. Unless otherwise specified in the contract, all costs related to the termination and reestablishment of services by the water corporation shall be reimbursed by the sewer corporation, municipality, sewer district or sewer district created and organized pursuant to constitutional authority.

393.275. 1. The commission shall notify the governing body of each city or county imposing a business license tax pursuant to section 66.300, 92.045, 94.110, 94.270 or 94.360, RSMo, or a similar tax adopted pursuant to charter provisions in any constitutional charter city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, on gross receipts of any gas corporation, electric corporation, water corporation or sewer corporation of any tariff increases authorized for such firm doing business in that city or county if the approved increase exceeds seven percent. The commission shall include with such notice to any city or county the percentage increase approved for the utility, together with an estimate of the annual increase in gross receipts resulting from the tariff increase on customers residing in that city or county. The provisions of this subsection shall not apply to rate adjustments in the purchase price of natural gas which are approved by the commission.

2. The governing body of each city or county notified of a tariff increase as provided in subsection 1 of this section shall reduce the tax rate of its business license tax on the gross receipts of utility corporations. Within sixty days of the effective date of the tariff increase, the tax rate shall be reduced to the extent necessary so that revenue for the ensuing twelve months will be approximately equal to the revenue received during the preceding twelve months plus a growth factor. The growth factor shall be equal to the average of the additional revenue received in each of the preceding three years. However, a city or county may maintain the tax rate of its business license tax on the gross receipts of utility corporations without reduction if an ordinance to maintain the tax rate is enacted by the governing body of the city or an order to maintain the tax rate is issued by the governing body of the county after September 28, 1985. The provisions of this subsection shall not apply to rate adjustments in the purchase price of natural gas which are approved by the commission **and such purchased gas adjustment rates shall include the gas cost portion of net write-offs incurred by the gas corporation in providing service to system sales customers upon the filing and approval of new rate schedules applicable to such customers. Such rate schedules shall be designed to simultaneously decrease the gas corporation's base rates and increase its purchased gas adjustment rates by like amounts so as to reasonably ensure that the gas cost portion of the net write-offs applicable to such customers, as such portion is determined by the commission, is only being recovered once through the gas corporation's purchased gas adjustment rates. Increases and decreases in the gas cost portion of net write-offs shall thereafter be reflected in the gas corporation's purchased gas adjustment rates under tariff provisions approved by the commission provided, however, that such tariff provisions shall:**

(1) Limit increases or decreases in the gas cost portion of net write-offs as reflected in purchased gas adjustment rates to once each year;

(2) Require a true-up of the gas cost portion of net write-offs as reflected in purchased gas adjustment rates once each year; and

(3) Require commission review of the gas cost portion of net write-offs as reflected in purchased gas adjustment rates once each year to ensure that the gas corporation is prudently pursuing collection of amounts owed by its customers.

393.1000. As used in sections 393.1000 to 393.1006, the following terms mean:

(1) "Appropriate pretax revenues", the revenues necessary to produce net operating income equal to:

(a) The water corporation's weighted cost of capital multiplied by the net original cost of eligible infrastructure system replacements, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system replacements which are included in a currently effective ISRS; and

(b) Recover state, federal, and local income or excise taxes applicable to such income; and

(c) Recover all other ISRS costs;

(2) "Commission", the Missouri public service commission;

(3) "Eligible infrastructure system replacements"[,]:

(a) Water utility plant projects that:

[(a)] a. Replace or extend the useful life of existing infrastructure;

[(b)] b. Are in service and used and useful;

[(c)] c. Do not increase revenues by directly connecting the infrastructure replacement to new customers; and

[(d)] d. Were not included in the water corporation's rate base in its most recent general rate case; **and**

- (b) **Energy efficiency projects that:**
 - a. **Are in service and used and useful;**
 - b. **Do not increase revenues by directly connecting the infrastructure replacements to new customers;**
- and
- c. **Were not included in the water corporation's rate base in its most recent general rate case;**
- (4) **"Energy efficiency", measures that reduce the amount of energy required to achieve a given end result;**
- (5) **"ISRS", infrastructure system replacement surcharge;**
- [(5)] (6) **"ISRS costs", depreciation expenses and property taxes that will be due within twelve months of the ISRS filing;**
- [(6)] (7) **"ISRS revenues", revenues produced through an ISRS, exclusive of revenues from all other rates and charges;**
- [(7)] (8) **"Water corporation", every corporation, company, association, joint stock company or association, partnership, and person, their lessees, trustees, or receivers appointed by any court whatsoever, owning, operating, controlling, or managing any plant or property, dam or water supply, canal, or power station, distributing or selling for distribution, or selling or supplying for gain any water [to more than ten thousand customers];**
- [(8)] (9) **"Water utility plant projects" may consist only of the following:**
 - (a) **Mains, [and associated] valves [and], hydrants, service lines, and meters installed as replacements for existing facilities that have worn out or are in deteriorated condition or replaced as part of a commission order;**
 - (b) **Main cleaning and relining projects; [and]**
 - (c) **Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain provided that the costs related to such projects have not been reimbursed to the water corporation; and**
- (d) **Energy efficiency projects.**

393.1003. 1. Notwithstanding any provisions of chapter 386, RSMo, and this chapter to the contrary, as of August 28, [2003] **2011**, a water corporation [providing water service in a county with a charter form of government and with more than one million inhabitants] may file a petition and proposed rate schedules with the commission to establish or change ISRS rate schedules that will allow for the adjustment of the water corporation's rates and charges to provide for the recovery of costs for eligible infrastructure system replacements [made in such county with a charter form of government and with more than one million inhabitants;], provided that an ISRS, on an annualized basis, must produce ISRS revenues of at least one million dollars, **or ten thousand dollars for a small water corporation as defined in section 393.146**, but not in excess of ten percent of the water corporation's base revenue level approved by the commission in the water corporation's most recent general rate proceeding. An ISRS and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1000 to 393.1006. ISRS revenues shall be subject to refund based upon a finding and order of the commission, to the extent provided in subsections 5 and 8 of section 393.1006.

2. The commission shall not approve an ISRS for a water corporation [in a county with a charter form of government and with more than one million inhabitants] that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years, unless the water corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a water corporation collect an ISRS for a period exceeding three years unless the water corporation has filed for or is the subject of a new general rate proceeding; provided that the ISRS may be collected until the effective date of new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.”; and

Further amend said bill, Page 24, Section 393.1075, Line 112, by inserting after all of said section and line the following:

“660.122. Funds appropriated under the authority of sections 660.100 to 660.136 may be used to pay the expenses of reconnecting or maintaining service to households that have had their primary or secondary heating or cooling source disconnected or service discontinued because of their failure to pay their bill. Any qualified household or other household which has as its head a person who is elderly or disabled, as defined in section 660.100, shall be eligible for assistance under this section if the income for the household is no more than one hundred fifty percent of the

current federal poverty level or sixty percent of the state median income and if moneys have been appropriated by the general assembly to the utilicare stabilization fund established pursuant to section 660.136. Payments under this section shall be made directly to the primary or secondary heating or cooling source supplier. Any primary or secondary heating or cooling source supplier subject to the supervision and regulation of the public service commission shall, at any time during the period of the cold weather rule specified in the cold weather rule as established and as amended by the public service commission, reconnect and provide services to each household eligible for assistance under this section in compliance with the terms of such cold weather rule, **provided that such suppliers shall permit customers who have not yet been disconnected and who incurred an arrearage during the cold weather rule period to retain service by paying during each of the three months following the cold weather rule period an amount equal to one-third of the customer's arrearage, plus the customer's current bill.** All home energy suppliers receiving funds under this section shall provide service to eligible households consistent with their contractual agreements with the department of social services **and sections 660.100 to 660.136.**”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Schneider offered **House Amendment No. 1 to House Amendment No. 6.**

House Amendment No. 1
to
House Amendment No. 6

AMEND House Amendment No. 6 to House Committee Substitute for Senate Bill No. 207, Page 1, Line 4, by inserting immediately before said line the following:

“250.140. 1. Sewerage services, water services, or water and sewerage services combined shall be deemed to be furnished to both the occupant and owner of the premises receiving such service and, except as otherwise provided in subsection 2 of this section, the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247 rendering such services shall have power to sue the occupant or owner, or both, of such real estate in a civil action to recover any sums due for such services less any deposit that is held by the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247 for such services, plus a reasonable attorney's fee to be fixed by the court.

2. When the occupant is delinquent in payment for thirty days, the city, town, village, sewer district, or water supply district shall make a good faith effort to notify the owner of the premises receiving such service of the delinquency and the amount thereof. Notwithstanding any other provision of this section to the contrary, when an occupant is delinquent more than ninety days, the owner shall not be liable for sums due for more than ninety days of service; provided, however, that in any city not within a county and any home rule city with more than four hundred thousand inhabitants and located in more than one county, until January 1, 2007, when an occupant is delinquent more than one hundred twenty days the owner shall not be liable for sums due for more than one hundred twenty days of service, and after January 1, 2007, when an occupant is delinquent more than ninety days the owner shall not be liable for sums due for more than ninety days]. Any notice of termination of service shall be sent to both the occupant and owner of the premises receiving such service.

3. The provisions of this section shall apply only to residences that have their own private water and sewer lines. In instances where several residences share a common water or sewer line, the owner of the real property upon which the residences sit shall be liable for water and sewer expenses.

4. Notwithstanding any other provision of law to the contrary, any water provider **or premises owner** who terminates service due to delinquency of payment by a consumer shall not be liable for any civil or criminal damages **for termination of such service, nor shall termination of such service be deemed constructive eviction.**

5. The provisions of this section shall not apply to unapplied-for utility services. As used in this subsection, "unapplied-for utility services" means services requiring application by the property owner and acceptance of such application by the utility prior to the establishment of an account. The property owner is billed directly for the services provided, and as a result, any delinquent payment of a bill becomes the responsibility of the property owner rather than the occupant.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

multiplying the energy produced from such resources in that hour by the actual wholesale price of energy in the electric utility's service territory as reflected by the regional transmission organization's real time hourly energy market prices within which the electric utility operates for that hour and totaling those products for the entire annual period. However, no such calculation or reduction shall be applied to dollars spent by utilities in meeting the requirement of sections 393.1415 and 393.1420.

393.1410. 1. Electric utilities shall own new renewable generation providing delivered energy, or shall purchase delivered energy from new renewable generation, or a combination thereof, totaling no less than the following nameplate amounts by the following dates:

(1) For an electric utility with total retail Missouri revenues as of December 31, 2010, of \$2.3 billion dollars or more:

- (a) By December 31, 2013: one hundred ten megawatts;**
- (b) By December 31, 2015: two hundred ten megawatts;**
- (c) By December 31, 2018: three hundred ten megawatts;**
- (d) By December 31, 2020: four hundred ten megawatts;**

(2) For an electric utility with total retail Missouri revenues as of December 31, 2010, of at least \$730 million dollars but no more than \$2.29 billion dollars:

(3) For an electric utility with total retail Missouri revenues as of December 31, 2010, of at least \$708 million dollars but no more than \$780 million dollars:

- (a) By December 31, 2015: twenty megawatts;**
- (b) By December 31, 2018: one hundred twenty megawatts;**
- (c) By December 31, 2020: one hundred forty-five megawatts;**

(4) An electric utility with total retail Missouri revenues as of December 31, 2010, of less than seven hundred eight million dollars that owns renewable generation providing delivered energy, or purchases delivered energy from renewable generation, or a combination thereof, totaling at least one hundred forty-five megawatts by December 31, 2011, shall not be required to provide additional renewable generation or purchase additional delivered energy to comply with this section.

2. Notwithstanding subsection 1 of this section, if the levelized cost of energy from the new renewable generation prescribed by subsection 1 of this section exceeds seventy dollars per megawatt-hour adjusted annually for inflation according to the consumer price index, for each of the separate time periods in subsection 1 of this section, then the megawatts of new renewable generation prescribed for that time period by subsection 1 of this section shall be reduced by five percent for every dollar by which the levelized cost of energy exceeds seventy dollars per megawatt-hour adjusted annually for inflation according to the consumer price index.

3. Notwithstanding any provision of law to the contrary, the following limitations on rate impact shall apply:

(1) Notwithstanding any provision of the law to the contrary, the annual net cost during any calendar year to any billing account that experienced a billing demand of five thousand kilowatts or more during the preceding calendar year, and to any interstate pipeline pumping station regardless of size, shall not be more than one percent higher than the cost would have been without the renewable energy mandates set forth in sections 393.1400 to 393.1445, where such impact is measured in accordance with subsection 5 of this section;

(2) In addition, the one percent limitation shall apply to any other billing account of an entity qualifying under subdivision (1) of this subsection where that account consumed five million kilowatts or more during the preceding calendar year, and also to any billing account consuming more than five million kilowatts per year that belongs to a parent, subsidiary, or affiliate of the entity responsible for paying the billings for the account qualifying in subdivision (1) of this subsection;

(3) To qualify for the limitation in subdivision (2) of this subsection, the entity responsible for the billing account shall establish the existence of the required corporate relationship to the satisfaction of the electric utility.

4. In addition, the net cost during any calendar year to any billing account as measured in accordance with subsection 5 of this section, of a utility's compliance with the renewable mandate shall not exceed one hundred thousand dollars.

5. For the purpose of applying subsection 4 of this section, the annual net cost to any retail customer, of a utility's compliance with the renewable mandates shall be determined on an annual basis by computing that

customer's share of an electric utility's annual net costs to comply with the renewable mandates as follows and limiting that share to one hundred thousand dollars per year:

- (1) The following costs shall be added:
 - (a) Annual costs associated with owning, operating, and maintaining renewable energy resources used for compliance with sections 393.1400 to 393.1445;
 - (b) Annual costs of purchased RECs;
 - (c) Annual cost of solar rebates;
 - (d) Annual renewable energy purchases utilized for compliance with sections 393.1400 to 393.1445;

- and
- (f) Additional operating costs incurred to integrate a renewable energy resource due to its intermittent operating characteristics;
- (2) The annual value of any renewable energy purchased or produced by the electric utility's renewable energy resources used for compliance with sections 393.1400 to 393.1445 (excluding sections 393.1415 and 393.1420) shall be subtracted from the sum of paragraphs (a) to (f) of subdivision (1) of this subsection.

Furthermore, for the purpose of applying subsection 3 of this section, the increased cost to the class defined therein shall be determined on an annual basis by taking its share of an electric utility's cost of compliance with the renewable mandates determined as follows and limiting it to one percent:

- (3) The following costs shall be added:
 - (a) Annual costs associated with owning, operating, and maintaining renewable energy resources used for compliance with sections 393.1400 to 393.1445;
 - (b) Annual costs of purchased RECs;
 - (c) Annual cost of solar rebates;
 - (d) Annual renewable energy purchases utilized for compliance with sections 393.1400 to 393.1445;
 - (e) Annual administrative and general costs related to compliance with sections 393.1400 to 393.1445;
- and
- (f) Additional operating costs incurred to integrate a renewable energy resource due to its intermittent operating characteristics;
- (4) The annual value of any renewable energy purchased or produced by the electric utility's renewable energy resources used for compliance with sections 393.1400 to 393.1445 (excluding sections 393.1415 and 393.1420) shall be subtracted from the sum of paragraphs (a) to (f) of subdivision (3) of this subsection.

6. An electric utility shall pay penalties of two thousand dollars per day for failure to meet the nameplate amounts specified in subsection 1 of this section. Any such monetary fine shall be distributed to the public schools under section 7, article IX of the Constitution of Missouri. An electric utility shall be excused from this subsection if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated.

7. The exclusive title and ownership of all RECs associated with the new renewable generation owned by an electric utility, or to which an electric utility has rights, associated with the generation referenced in this section shall be vested in the electric utility.

8. In the event the federal government enacts by statute and/or rule any provision or regulatory scheme that establishes requirements for electric utilities to generate or purchase electricity generated from renewable or clean energy resources that is stricter than the provisions of this section, such federal requirements shall supercede and take precedence over the requirements as set forth in this section and shall accordingly be deemed to preempt the provisions of this section and any portfolio requirement rules prescribed by the commission under subsection 1 of this section.

9. For purposes of subsection 3 of this section, the electric utility shall make a good faith effort to adjust its billings to comply with the rate impact limitations in subsections 3 and 4 of this section. Within ninety days of the end of each calendar year, the electric utility shall calculate the actual rate impact and reimburse any excess collection by means of a bill credit, which credit is subject to subsection 1 of section 393.1430.

10. Any new renewable generation within the state of Missouri shall be given a ten percent credit for purposes of compliance with sections 393.1400 to 393.1445.

11. (1) No renewable energy generator using woody biomass in Missouri as fuel shall be certified unless it converts the energy content of the wood or wood residue into electrical energy with an efficiency of at least thirty percent.

(2) Any harvesting of woody biomass in Missouri shall comply with the Missouri department of conservation's Missouri woody biomass in Missouri harvesting best management practices manual, as it may be updated from time-to-time or replaced.

(3) Harvest of woody biomass in Missouri shall be conducted to a site specific harvest plan prepared as part of a forest management plan for long-term forest sustainability developed by a professional forester.

(4) Compliance with subdivisions (2) and (3) of this subsection shall be verified by third-party, professional foresters at the harvest site using a specified sampling intensity and under standards prescribed by the Missouri department of conservation.

393.1415. 1. An electric utility shall provide financial incentives, of the following amounts, as follows:

(1) An electric utility with Missouri revenues of \$2.3 billion dollars or more shall, subject to the per-customer limits specified in subsection 3 of this section, provide:

(c) Five hundred thousand dollars annually in each of calendar years 2018, 2019, and 2020 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2018, and on or before December 31, 2020.

2. The financial incentive amounts prescribed by subsection 1 of this section shall at the discretion of the utility be treated as part of the electric utility's net capital investments in renewable energy resources for purposes of determining the appropriate RES rate under sections 393.1425 to 393.1443..

3. A net-metered customer shall be eligible for a financial incentive investment of three dollars per watt for the first twenty-five kilowatts of solar generation installed, and two dollars per watt for the next additional twenty-five kilowatts of solar generation installed for a maximum incentive not to exceed fifty kilowatts. Notwithstanding the foregoing provisions of this subsection, no customer shall receive a total financial incentive payment that exceeds sixty percent of the total installed cost of the customer's solar generation in years 2012 to 2013, fifty percent in years 2014 to 2017, forty percent in years 2018 to 2020, and no financial incentive payments shall be made until the customer has provided documentation approved by the electric utility establishing the total installed cost. To further ensure that all such installations provide the optimal electrical output, the commission shall establish terms and conditions so that such installations meet the requirements using established industry standards and practices.

4. An electric utility has no obligation to provide any additional financial incentive investments in a calendar year once the annual amount for that calendar year and any excess amount not otherwise provided to net-metered customers in any prior year as specified in subsection 1 of this section is exhausted. Financial incentive investment amounts not exhausted in a prior calendar year shall carry over to subsequent calendar years but no amounts shall be carried forward beyond December 31, 2021.

5. By accepting the terms and conditions established by the electric utility for eligibility and in conjunction with all net-metering requirements, financial incentives provided by subsection 3 of this section:

(1) For all systems, the net-metering customer agrees that the electric utility providing the financial incentive shall have and possess all right, title, and interest in and to all RECs generated up to a maximum of fifty kilowatts by the solar generation for which financial incentives were paid for a period of ten years after the solar generation became fully operational; provided, that thereafter, any such RECs shall belong to the net-metering customer owning the generation; and

(2) The net-metering customer installing a system of ten kilowatts or more agrees to install, at the customer's expense, a separate utility meter to measure the output from the customer's system.

6. Each electric utility shall make available to its retail customers a standard rebate offer of at least three dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after August 28, 2011, and prior to January 1, 2012. All such amounts paid by an electric utility to a customer under this subsection shall be applied against the annual amount of financial incentive investments for calendar year 2012 as specified in subsection 1 of this section.

393.1420. 1. In addition to the requirements of subsection 1 of section 393.1415, an electric utility with revenues of \$2.3 billion dollars or more shall provide up to a maximum of five hundred thousand dollars annually in each of calendar years 2012, 2013, and 2014 to its net-metered customers that install nonsolar renewable energy resources of up to one hundred kilowatts that become fully operational within each respective calendar year.

2. The financial incentive amounts prescribed by subsection 1 of this section shall be expensed by the electric utility in the year in which they are paid.

3. A net-metered customer shall be eligible for a financial incentive of one dollar per watt for nonsolar renewable energy resources installed in 2012, 2013, or 2014 not to exceed one hundred kilowatts. Notwithstanding the foregoing provisions of this subsection, no customer shall receive a total financial incentive payment that exceeds forty percent of the total installed cost of the customer's new renewable generation, and no financial incentive payments shall be made until the customer has provided documentation approved by the electric utility establishing the total installed cost.

4. An electric utility has no obligation to provide any additional financial incentive investments in a calendar year once the annual amount for that calendar year and any excess amount not otherwise provided to net-metered customers in any prior year as specified in subsection 3 of this section is exhausted. Financial incentive amounts not exhausted in a prior calendar year shall carry over to subsequent calendar years but no amounts shall be carried forward beyond December 31, 2015.

5. By accepting the financial incentives provided by this section the net-metering customer installing a system of ten kilowatts or more agrees to install, at the customer's expense, a separate meter to measure the output from the customer's system.

393.1425. 1. As used in sections 393.1410 and 393.1425 to 393.1435, the following words and phrases mean:

(1) "Accumulation period", a period no greater than twelve months preceding a filing to establish or change the RES during which the RES expenses used in the filing are accumulated for recovery through the RES tariff;

(2) "RES capital costs", the depreciation expense and property taxes of the electric utility that are associated with the electric utility's capital investments in renewable energy resources that provide delivered energy, including capital investments made in compliance with section 393.1410 and capital investments made to comply with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445;

(3) "RES costs", the sum of:

(a) RES expenses;

(b) RES capital costs; and

(c) RES return applicable to a filing to establish or change an RES rate, less;

(d) The annual value of any renewable energy purchased or produced by the electric utility;

(4) "RES cost recovery mechanism" or "RCRM", the mechanism approved by the commission to allow an electric utility to recover all costs of compliance with the RES;

(5) "RES expenses", the sum of:

(a) The electric utility's accumulation period costs of obtaining delivered energy from renewable energy resources under contracts entered into on or after January 1, 2011, and the financial incentives paid and expensed by the electric utility during the accumulation period under sections 393.1415 and 393.1420; and

(b) The electric utility's unrecovered costs incurred on or after November 4, 2008, through the end of the accumulation period relating to its compliance with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445, including, but not limited to, its administrative costs, which include but are not limited to the cost to register, retire, or close out any account RECs with the North American Renewable Registry; the costs of solar rebates; the costs of solar RECs, whether acquired through a contract with the electric utility's customers or from third parties to meet the solar requirements of the RES; and any other costs incurred by the electric utility to meet the requirements of the RES. Any RES expenses that were previously included in the electric utility's rates shall be excluded;

(6) "RES rate", a rate approved by the commission for recovery of RES costs;

(7) "RES return", the electric utility's weighted average cost of capital multiplied by: the electric utility's net capital investments in renewable energy resources that provide delivered energy, including capital investments made to comply with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445, on the electric utility's books as of the end of the accumulation period. The income taxes related to the RES return shall be included;

(8) "RES revenues", revenues produced through a RES rate exclusive of revenues from all other rates and charges.

2. All RES costs incurred under paragraph (a) or (b) of subdivision (5) of subsection 1 of this section, regardless of contract term, shall be recovered in the electric utility's RES rate. That is, where the electric utility enters into contracts under subsection 1 of section 393.1410 that extend beyond the indicated dates, then all RES costs as defined in this section shall be included in the RES rate.

393.1430. 1. Notwithstanding any provisions of this chapter and chapter 386 to the contrary, beginning August 28, 2011, an electric utility may file a petition and proposed tariffs with the commission to establish a RCRM or to change a RES rate that will allow for the adjustment of the electric utility's rates and charges to provide for full recovery of RES costs, including full recovery of any RES costs in excess of the rate impact caps in section 393.1410. A RES rate and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1425 to 393.1435. RES revenues shall be subject to refund based upon a finding and order of the commission to the extent provided in subsections 5 and 8 of section 393.1435.

2. The commission shall not approve a RCRM or a RES rate for any electric utility that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past five years, unless the electric utility has filed for or is the subject of a new general rate proceeding.

3. In no event shall an electric utility collect a RES rate or continue to use an approved RCRM for a period exceeding five years unless the electric utility has filed for or is the subject of a new general rate proceeding where the terms of the RCRM are reviewed by the commission; provided that a RES rate that is approved in accordance with section 393.1435 may be collected until the effective date of new rate schedules established as a

result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

393.1435. 1. (1) At the time that an electric utility files a petition with the commission seeking to establish or change a RES rate, it shall submit proposed tariffs and its supporting documentation regarding the calculation of the proposed RES with the petition, and shall serve the office of the public counsel with a copy of its petition, its proposed RES rate tariff, and its supporting documentation.

(2) Upon the filing of a petition and any associated tariffs, seeking to establish or change a RES rate, the commission shall publish notice of the filing.

2. (1) When a petition, along with any associated proposed tariffs, is filed under the provisions of sections 393.1425 to 393.1435, the staff of the commission shall conduct an examination of the proposed RES rate.

(2) The staff of the commission may audit the information of the electric utility to confirm that the underlying RES costs are in accordance with the provisions of sections 393.1425 to 393.1435, and to confirm proper calculation of the proposed RES rate, and may submit a report regarding its examination to the commission not later than sixty days after the petition is filed. No other revenue requirement or rate making issues may be examined in consideration of the petition or associated proposed RES rate filed under the provisions of sections 393.1425 to 393.1435.

(3) The commission may hold a hearing on the petition and any proposed RES rate and shall issue an order to become effective not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1425 to 393.1435, the commission shall enter an order authorizing the electric utility to impose a RES rate that is sufficient to recover appropriate pretax revenue, as determined by the commission under the provisions of sections 393.1425 to 393.1435.

3. An electric utility may effectuate a change in its RES under the provisions of this section no more often than two times every twelve months.

4. In determining the appropriate RES rate, the commission shall consider only the following factors:

(1) The current state, federal, and local income tax or excise rates;

(2) The electric utility's actual regulatory capital structure as determined during the most recent general rate proceeding of the electric utility;

(3) The actual cost rates for the electric utility's debt and preferred stock as determined during the most recent general rate proceeding of the electric utility;

(4) The electric utility's cost of common equity as determined during the most recent general rate proceeding of the electric utility;

(5) The current property tax rate or rates applicable to the investments in renewable energy resources;

(6) The current depreciation rates applicable to the investments in renewable energy resources; and

(7) In the event information under subdivisions (2), (3), and (4) of this subsection are unavailable and the commission is not provided with such information as an agreed-upon basis, the commission shall refer to the testimony submitted during the most recent general rate proceeding of the electric utility and use, in lieu of any such unavailable information, the recommended capital structure, recommended cost rates for debt and preferred stock, and recommended cost of common equity that would produce the average weighted cost of capital based upon the various recommendations contained in such testimony.

5. (1) The monthly RES rate may be calculated based on a reasonable estimate of billing units in the period in which the charge will be in effect, which shall be conclusively established by dividing the appropriate RES revenues by the customer numbers reported by the electric utility in the annual report it most recently filed with the commission under subdivision (6) of section 393.140, and then further dividing this quotient by twelve; provided, however, that the monthly RES may vary according to customer class and may be calculated based on customer numbers as determined during the most recent general rate proceeding of the electric utility so long as the monthly RES revenue for each customer class maintains a proportional relationship equivalent to the proportional relationship of the monthly customer charge revenue for each customer class.

(2) At the end of each twelve-month calendar period the RCRM is in effect, the electric utility shall reconcile the differences between the RES revenues resulting from application of the RES rate and the appropriate RES revenues as found by the commission for that period and shall submit the reconciliation and a proposed RES rate adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustments to the RES.

6. (1) An electric utility that has implemented a RCRM under the provisions of sections 393.1425 to 393.1435 shall file revised tariffs to reset the RES rate to zero when new base rates and charges become effective

for the electric utility following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates subject to subsections 8 and 9 of this section eligible costs previously reflected in a RES rate.

(2) Upon the inclusion in an electric utility's base rates subject to subsections 8 and 9 of this section of eligible costs previously reflected in a RES rate, the electric utility shall immediately thereafter reconcile any previously unreconciled RES revenues as necessary to ensure that revenues resulting from application of the RES rate match as closely as possible the appropriate RES revenues as found by the commission for that period.

7. An electric utility's filing of a petition or change to a RES rate under the provisions of sections 393.1425 to 393.1435 shall not be considered a request for a general increase in the electric utility's base rates and charges.

8. Commission approval of a petition and any associated rate schedules to establish or change a RES rate under the provisions of sections 393.1425 to 393.1435 shall in no way be binding upon the commission in determining the rate making treatment to be applied to eligible RES costs during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of any RES costs previously included in a RES rate, the electric utility shall change its RES rate in the future as necessary to recognize and account for any such over collections.

9. Nothing in this section shall be construed as limiting the authority of the commission to review and consider RES costs along with other costs during any general rate proceeding of any electric utility.

10. Nothing contained in sections 393.1425 to 393.1435 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of an electric utility, including review of the prudence of incurring RES costs, under the provisions of section 386.390.

11. Notwithstanding the terms of any fuel adjustment clause tariff approved for an electric utility under section 386.266, the cost of power purchased from a renewable energy resource shall constitute a RES expense as defined in subsection 2 of section 393.1425, and shall not constitute purchased power expense under any such fuel adjustment clause tariff.

12. The commission shall have the authority to promulgate rules for the implementation of sections 393.1425 to 393.1435, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1425 to 393.1435. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

13. Alternatively, an electric utility may recover RES compliance costs without use of the RES cost recovery mechanism, through rates established in a general rate proceeding. In the interim between general rate proceedings, the electric utility may defer the costs in a regulatory asset account, and monthly calculate a carrying charge on the balance in that regulatory asset account equal to its short-term cost of borrowing. All questions pertaining to rate recovery of the RES compliance costs in a subsequent general rate proceeding will be reserved to that proceeding, including the prudence of the costs for which rate recovery is sought and the period of time over which any costs allowed rate recovery will be amortized. Any rate recovery granted to RES compliance costs under this subsection shall be fully subject to the retail rate impact requirements of the RES.

393.1440. 1. Beginning October 1, 2011, for calendar year 2012, and by June thirtieth of each succeeding calendar year, an electric utility shall provide a written compliance plan to the commission documenting the electric utility's plans for meeting the requirements of sections 393.1405 to 393.1420 for at least the following three calendar years. The compliance plan shall include the electric utility's plans regarding the types of renewable energy resources the electric utility intends to build or acquire, and the time frames associated therewith.

2. Beginning April 15, 2013, for calendar year 2012, and by April fifteenth of each succeeding calendar year, an electric utility shall provide a compliance report to the commission documenting the electric utility's progress in meeting the requirements of sections 393.1405 to 393.1420 for the preceding calendar year.

393.1443. Notwithstanding the Missouri Public Service Commissions Agreement and Order number EO-2005-0329, a utility shall recover its costs in accordance with sections 393.1400 to 393.1440, and the Missouri Public Service Commission shall allow for such recovery under sections 393.1400 to 393.1440.

393.1445. For purposes of compliance with the requirements of sections 393.1405 to 393.1420, electric utilities owned by the same holding company and operated commonly may reallocate the commitments between the electric utilities at its discretion such that the overall commitment is maintained.

620.2300. 1. As used in this section, the following terms shall mean:

- (1) "Department", the Missouri department of economic development;
- (2) "Biomass facility", a biomass renewable energy facility or biomass fuel production facility that will not be a major source for air quality permitting purposes;
- (3) "Commission", the Missouri public service commission;
- (4) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;
- (5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;
- (6) "Major source", the same meaning as is provided under 40 CFR 70.2;
- (7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;
- (8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:
 - (a) The area consists of at least fifty contiguous acres;
 - (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States Environmental Protection Agency;
 - (c) The area contains a manufacturing facility that is closed, undergoing closure, idle, underutilized, or curtailed and that at one time employed at least two hundred employees;
 - (d) The development plan for the area includes a biomass facility; and
 - (e) Property located within the area will be used for the development of renewable energy and the demonstration of industrial on-site energy generation;
- (9) "Project", a cleanfields renewable energy demonstration project located within a park that will result in the creation of at least fifty new jobs and the retention of at least fifty existing jobs;
- (10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;
- (11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;
- (12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign twice credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

(1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;

(2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or

(3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier."; and

Further amend said bill, Page 24, Section 386.850, Line 6, by inserting after all of said line the following:

"[393.1020. Sections 393.1025 and 393.1030 shall be known as the "Renewable Energy Standard".]

[393.1025. As used in sections 393.1020 to 393.1030, the following terms mean:

(1) "Commission", the public service commission;

(2) "Department", the department of natural resources;

(3) "Electric utility", any electrical corporation as defined by section 386.020;

(4) "Renewable energy credit" or "REC", a tradeable certificate of proof that one megawatt-hour of electricity has been generated from renewable energy sources; and

(5) "Renewable energy resources", electric energy produced from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, methane from landfills, from agricultural operations, or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material to energy, clean and untreated wood such as pallets, hydropower (not including pumped storage) that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, fuel cells using hydrogen produced by one of the above-named renewable energy sources, and other sources of energy not including nuclear that become available after November 4, 2008, and are certified as renewable by rule by the department.]

[393.1030. 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

(1) No less than two percent for calendar years 2011 through 2013;

(2) No less than five percent for calendar years 2014 through 2017;

(3) No less than ten percent for calendar years 2018 through 2020; and

(4) No less than fifteen percent in each calendar year beginning in 2021. At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. Each electric utility shall make available to its retail customers a standard rebate offer of at least two dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after 2009.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.]

[393.1040. In addition to the renewable energy objectives set forth in sections 393.1025, 393.1030, and 393.1035, it is also the policy of this state to encourage electrical corporations to develop and administer energy efficiency initiatives that reduce the annual growth in energy consumption and the need to build additional electric generation capacity.]

[393.1045. Any renewable mandate required by law shall not raise the retail rates charged to the customers of electric retail suppliers by an average of more than one percent in any year, and all the costs associated with any such renewable mandate shall be recoverable in the retail rates charged by the electric supplier. Solar rebates shall be included in the one percent rate cap provided for in this section.]

Section B. Because of the need to ensure the creation of jobs through the utilization of alternative energy sources, the enactment of section 620.2300 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 620.2300 of section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Riddle offered **House Amendment No. 9**.

House Amendment No. 9

AMEND House Committee Substitute for Senate Bill No. 207, Page 21, Section 393.1075, Line 1, by inserting immediately prior to all of said section and line the following:

“386.370. 1. **Prior to the beginning of each fiscal year**, the commission shall[, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947,] make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392, and 393. **Prior to the beginning of each fiscal year, the public counsel shall make an estimate of the expenses to be incurred by him or her during such fiscal year reasonably attributable to his or her responsibilities under sections 387.700 and 386.710. The commission and the public counsel** shall also separately estimate the amount of such expenses directly attributable to [such regulation of] each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies [and telephone corporations, telegraph corporations], **telecommunications companies**, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The commission **and the public counsel** shall **each** allocate to each such group of public utilities the **total** estimated expenses directly attributable to [the regulation of] **their respective activities for each** such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated **by the commission and the public counsel** to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that:

(1) The total amount so assessed to all such public utilities **that is attributable to the commission's regulation of such utilities** shall not exceed [one-fourth] **twenty-two hundredths** of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission; **and**

(2) **The total amount so assessed to all such public utilities that is attributable to the public counsel's responsibilities under sections 386.700 and 386.710 shall not exceed two hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission, and the amount allocated to telecommunications companies shall not exceed three percent of the total estimated expenses directly attributable to the public counsel's responsibilities.**

If any electrical corporation obtains a combined license granted by the United States Nuclear Regulatory Commission or a successor organization then during the fiscal year immediately following the year in which the combined license was granted, and for each fiscal year thereafter, the total amount assessed under subdivision (1) of this subsection shall increase to an amount not to exceed twenty-three hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission, and the total amount assessed under subdivision (2) of this subsection shall increase to an amount not to exceed three hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission. Nothing in this section shall authorize the commission to determine how the public counsel allocates the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 with respect to the public utilities described in subsection 1 of this section or how the assessment imposed under this section is spent by the public counsel.

3. The commission shall render a statement of [such assessment] **the assessments made under subsections 1 and 2 of this section** to each such public utility on or before July first and the [amount] **amounts** so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall **respectively** credit such payments to [a] **two** special [fund] **funds**, which [is] **are** hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid, **and "The Public Counsel Fund", which fund, or any successor fund, shall be devoted solely to the payment of expenditures actually incurred by the public counsel and attributable to his or her responsibilities under sections**

386.700 and 386.710. Any [amount] **amounts** remaining in such special [fund] **funds** or [its] **their respective** successor [fund] **funds** at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission **or the public counsel** in the succeeding fiscal year and shall be applied by the commission **or the public counsel** to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission **and the public counsel** to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission[, within ten days after August 28, 1996, and thereafter] on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

393.135. **1.** Any charge made or demanded by an electrical corporation for service, or in connection therewith, which is based on the costs of construction in progress upon any existing or new facility of the electrical corporation, or any other cost associated with owning, operating, maintaining, or financing any property before it is fully operational and used for service, is unjust and unreasonable, and is prohibited.

2. After October 1, 2011, an electrical corporation that seeks an early site permit from the U.S. Nuclear Regulatory Commission, or a successor organization, shall, upon commencement of the permitting process, submit monitoring reports to the commission every six months documenting work completed, total expenditures to date, work yet to be completed, and anticipated expenditures yet to be incurred in order to obtain the early site permit.

3. Notwithstanding the provisions of subsection 1 of this section, an electrical corporation that has obtained an early site permit and that has complied with subsection 2 of this section shall be entitled to recover through rates charged to ratepayers all costs the electrical corporation has prudently incurred, from the first dollar through the cap outlined below, to obtain the permit in a principal amount not to exceed forty-five million dollars for such site permit. Any electrical corporation that, as part of a partnership or other group formed for such purpose, contributes or otherwise bears any portion of the costs incurred to obtain an early site permit shall also be entitled to recover its share of such costs, provided the total principal amount does not exceed the cost limitation included in this subsection. The principal amount shall be recovered through each applicable electrical corporation's rates charged to its ratepayers ratably over a period not to exceed twenty years. In addition to recovery of the principal amount, each applicable electrical corporation's rates shall also include interest on the uncollected principal balance at a rate per annum equal to the electrical corporation's commission-approved return on rate base. Recovery shall commence with the effective date of tariffs approved by the commission in each applicable electrical corporation's first general rate proceeding following the date on which the early site permit is obtained.

4. If an electrical corporation has recovered from ratepayers expenditures for an early site permit pursuant to subsection 3 of this section and then subsequently sells or transfers some or all of its interest in the early site permit or subsequently receives reimbursement for all or part of its costs from another source, the commission shall prescribe how the electrical corporation shall credit the sums paid by ratepayers that are equal to such sale, transfer, or reimbursement amounts after the proceeds from the sale, transfer, or reimbursement are received. The commission shall also prescribe how any profits from such sale or transfer are shared between the electrical corporation and ratepayers. Credits made to ratepayers shall include interest on the uncredited balance at a rate per annum equal to the electrical corporation's commission-approved short-term borrowing rate.

5. If an electrical corporation that obtains an early site permit does not obtain a combined license from the U.S. Nuclear Regulatory Commission, or a successor organization, for the construction and operation of a nuclear generating facility by the time the early site permit expires, or does not commence construction of such a facility by the time the early site permit expires, the commission shall open a proceeding to examine whether the electrical corporation was imprudent in not obtaining the combined license or not commencing construction by the time the early site permit expired. If, after hearing, the commission determines that the electrical corporation acted imprudently, the commission shall require the electrical corporation and any other applicable electrical corporation to credit to ratepayers the amount of revenues deemed imprudent by the commission that each electrical corporation collected pursuant to subsection 3 of this section. If ratepayer credits are ordered, such credits shall return to ratepayers, over a period of not less than five nor more than ten years, the amount

of revenues deemed imprudent by the commission, including interest on the uncredited balance at a rate per annum equal to the electrical corporation's commission-approved short-term borrowing rate.”; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 61, Page 5, Section 67.1521, Line 57, by inserting after all of said section and line the following:

“72.401. 1. If a commission has been established pursuant to [section] **sections 72.400 to 72.423** in any county with a charter form of government where fifty or more cities, towns and villages have been established, any boundary change within the county shall proceed solely and exclusively in the manner provided for by sections 72.400 to 72.423, notwithstanding any statutory provisions to the contrary concerning such boundary changes.

2. In any county with a charter form of government where fifty or more cities, towns and villages have been established, if the governing body of such county has by ordinance established a boundary commission, as provided in sections 72.400 to 72.423, then boundary changes in such county shall proceed only as provided in sections 72.400 to 72.423.

3. The commission shall be composed of eleven members as provided in this subsection. (5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The seat of a commissioner shall be automatically vacated when the commissioner changes his or her residence so as to no longer conform to the terms of the requirements of the commissioner's appointment. The commission shall promptly notify the appointing authority of such change of residence.

4. Upon the passage of an ordinance by the governing body of the county establishing a boundary commission, the governing body of the county shall, within ten days, send by United States mail written notice of the passage of the ordinance to the chief elected official of each municipality wholly or partly in the county.

5. Each of the appointing authorities described in subdivisions (1) to (4) of subsection 3 of this section shall meet within thirty days of the passage of the ordinance establishing the commission to compile its list of appointees. Each list shall be delivered to the county executive within forty-one days of the passage of such ordinance. The county executive shall appoint members within forty-five days of the passage of the ordinance. If a list is not submitted by the time specified, the county executive shall appoint the members using the criteria of subsection 3 of this section before the sixtieth day from the passage of the ordinance. At the first meeting of the commission appointed after the effective date of the ordinance, the commissioners shall choose by lot the length of their terms. Three shall serve for one year, two for two years, two for three years, two for four years, and two for five years. All succeeding commissioners shall

serve for five years. Terms shall end on December thirty-first of the respective year. No commissioner shall serve more than two consecutive full terms. Full terms shall include any term longer than two years.

6. When a member's term expires, or if a member is for any reason unable to complete his term, the respective appointing authority shall appoint such member's successor. Each appointing authority shall act to ensure that each appointee is secured accurately and in a timely manner, when a member's term expires or as soon as possible when a member is unable to complete his term. A member whose term has expired shall continue to serve until his successor is appointed and qualified.

7. The commission, its employees and subcontractors shall be subject to the regulation of conflicts of interest as defined in sections 105.450 to [105.498] **105.496** and to the requirements for open meetings and records under chapter 610.

8. Notwithstanding any provisions of law to the contrary, any boundary adjustment approved by the residential property owners and the governing bodies of the affected municipalities or the county, if involved, shall not be subject to commission review. Such a boundary adjustment is not prohibited by the existence of an established unincorporated area.

9. Notwithstanding any provisions of law to the contrary, any voluntary annexation approved by ordinance of any municipality that is a service provider for both water and sewer service within the municipality shall be effective as provided in such annexation ordinance and shall not be subject to boundary commission review. House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 226, Page 1, Section A, Line 3, by inserting after all of said line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group A shall include all portions of any city of the fourth**

classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group B shall not include any portion of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.**

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage

which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined

by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Leara, **House Amendment No. 3** was adopted.

Representative Stream offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 226, Page 8, Section 143.790, Line 245, by inserting after all of said section the following:

“170.310. 1. Each school district that operates a high school, and each charter school that contains grades 9 to 12, shall provide instruction in cardiopulmonary resuscitation. Instruction may be embedded in any health education course in grades 9 to 12.

2. Instruction shall include hands-on practicing and skills testing to support cognitive learning. Instruction shall be through a program developed by the American Heart Association or the American Red Cross, or through a nationally recognized program based on the most current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation.

3. The teacher of the health education course shall not be required to be a certified trainer of cardiopulmonary resuscitation if the instruction is not designed to result in certification of students. Instruction that is designed to result in certification being earned shall be required to be taught by an authorized cardiopulmonary instructor. Schools may develop agreements with any local chapter of a voluntary organization of first responders to provide the required hands-on practice and skills testing.

4. Instruction as required under this section shall become a requirement for high school graduation for students graduating in the 2014-2015 school year and subsequent school years.

5. The department of elementary and secondary education may promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

The department shall collect all taxes and fees payable to the state as provided by law, **and may collect, upon referral by a state agency, debts owed to any state agency subject to section 32.420.**

2. The powers, duties and functions of the department of revenue, chapter 32 and others, are transferred by type I transfer to the department of revenue. All powers, duties and function of the collector of revenue are transferred to the director of the department by type I transfer and the position of collector of revenue is abolished.

3. The powers, duties and functions of the state tax commission, chapter 138 and others, are transferred by type III transfer to the department of revenue.

4. All of the powers, duties and functions of the state tax commission relating to administration of the corporation franchise tax, chapter 152, and others, are transferred by type I transfer to the department of revenue; provided, however, that the provision of section 138.430 relating to appeals from decisions of the director of revenue shall apply to these taxes.

5. All the powers, duties and functions of the highway reciprocity commission, chapter 301, are transferred by type II transfer to the department of revenue.

32.058. For all years beginning after January 1, 2012, notwithstanding the certified mail provisions contained in chapters 32, 140, 142, 143, 144, 147, 148, 149, and 302, the director of revenue may choose to mail any document by first class mail.

32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. The ordinance or order imposing a local sales tax under the local sales tax law shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. **The director shall retain one percent of the amount of any local sales or use tax collected for cost of collection.** All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the residence of the purchaser and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes imposed pursuant to the local sales tax law on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his **or her** deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself **or herself** and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his **or her** management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. **He or she** shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him **or her** under the local sales tax law or in the event a determination has been made against him **or her** for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first

calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

32.088. 1. Beginning January 1, 2012, the possession of a statement from the department of revenue stating no tax is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under sections 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

2. Beginning January 1, 2012, in lieu of subsection 1 of this section, the director may enter into an agreement with any state agency responsible for issuing any state license for conducting any business requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under sections 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue and imposed in chapters 143 and 144, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from August 1, 2011, to October 31, 2011, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before August 1, 2011. The amnesty shall apply only to state tax liabilities due or due but unpaid on or before December 31, 2010, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted, unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance due within sixty days of approval by the department of revenue, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

6. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

7. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

8. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2011, shall be invalid and void.

32.385. 1. The director of revenue and the commissioner of administration may jointly enter into a reciprocal collection and offset of indebtedness agreement with the federal government, under which the State will offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies non-tax debt owed to the federal government; and the federal government will offset from federal payments to vendors, contractors, and taxpayers debt owed to the state of Missouri.

2. When used in this section, the following words, terms, and phrases are defined as set forth herein:

(2) Request that the state of Missouri withhold any refund and vendor payment to which the person is entitled.

(3) Certify and request the state of Missouri to withhold a refund or vendor payment only if the laws of the United States:

(b) Provide for the payment of the amount withheld to the state.

(4) Retain a portion of the proceeds of any collection setoff as provided under the setoff agreement.

4. Under the offset agreement, a certification by a federal official to the state of Missouri shall include:

(2) the social security number or federal tax identification number;

(3) the amount of the non-tax liability; and

(4) a statement that the debt is past due and legally enforceable in the amount certified.

5. If a person for whom a certification is received from a federal official is due a refund of Missouri tax or a vendor payment, the agreement may provide that the state of Missouri shall:

(1) withhold a refund or vendor payment that is due a person whose name has been certified by a federal official;

(2) in accordance with the provisions of the offset agreement, notify the person of the amount withheld in satisfaction of a liability certified by a federal official;

(3) pay to the federal official the lesser of:

(a) the entire refund or vendor payment; or

(b) the amount certified; and

(4) pay any refund or vendor payment in excess of the certified amount to the person.

6. Under the agreement, the director of revenue shall:

(4) a statement that the debt is past due and legally enforceable in the amount certified; and

(5) any other information required by federal statute or regulation applicable to the collection of the debt by offset of federal payments.

8. Any other provisions of law to the contrary notwithstanding, the director of revenue and the commissioner of administration shall have the authority to enter into reciprocal agreements with any other state which extends a like comity to this state to set off offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies non-tax debt for debts due the other state that extends a like comity to this state.

32.410. As used in sections 32.410 to 32.460, the following terms shall mean:

(1) "Debt", an amount owed to the state directly or through a state agency, on account of a fee, duty, lease, direct loan, loan insured or guaranteed by the state, rent, service, sale of real or personal property, overpayment, fine, assessment, penalty, restitution, damages, interest, tax, bail bond, forfeiture, reimbursement, liability owed, an assignment, recovery of costs incurred by the state, or any other source of indebtedness to the state;

(2) "Debtor", an individual, a corporation, a partnership, an unincorporated association, a limited liability company, a trust, an estate, or any other public or private entity, including a state, local, or federal government, or an Indian tribe, that is liable for a debt or against whom there is a claim for a debt;

(3) "Department", the department of revenue;

(4) "State agency", any division, board, commission, office, or other agency of the state of Missouri, including public community college districts and any state or municipal court.

32.420. 1. Notwithstanding any other provision of law to the contrary, all state agencies may refer to the department for collection debts owed to them. The department may provide collection services on debts referred to the department by a state agency. This authority shall not supersede the authority granted to the attorney general under section 27.060 or any other statute.

2. A referring agency may refer the debt to the department for collection at any time after a debt becomes delinquent and uncontested and the debtor shall have no further administrative appeal of the amount of the debt. Methods and procedures for referral shall be governed by an agreement between the referring agency and the department.

3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure shall govern the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

4. The state agency shall send notice to the debtor by United States regular mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.

32.430. 1. Except as otherwise provided in this section, the department shall have the authority to use all general remedies afforded creditors of this state in collection of debt as well as any remedies afforded the state agency referring the debt and to the state in general as a creditor. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions under section 143.902 or section 140.910 for a debt referred by a state agency or to prosecute an action under subsection 10 of section 140.910.

2. In addition to the remedies identified in sections 32.410 to 32.460, the department may use the collection remedies afforded under section 143.902 and section 140.910 in the collection of any state debt referred to the department.

3. The department may employ department staff and attorneys, and at the department's discretion, prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency.

32.440. 1. The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.

2. The cost of collection shall only be waived when:

(1) Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;

(2) A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement; or

(3) Collection costs have been added by the state agency and are included in the amount of the referred debt.

3. If the department collects an amount less than the total due, the payment shall be applied proportionally to collection costs and the underlying debt unless the department has waived this requirement for certain categories of debt. Collection costs collected by the department under this section shall be deposited in the general revenue fund.

32.450. The department may compromise state debt referred to the department in accordance with section 32.378 and any agreement with the referring agency.

32.460. The department and state agencies, including the judiciary, may exchange information, including the debtor's Social Security number, as is necessary for the successful collection of the state debt referred. The referring state agency shall follow all applicable federal and state laws regarding the confidentiality of information and records regarding the debtor. The confidentiality laws applicable to the particular information received and retained by each agency shall apply to the employees of the state agency and to the department when the information has been forwarded to the department.

105.716. 1. Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made. In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

2. All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending

and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees, court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

5. Notwithstanding any other provision of law to the contrary, except for payments of less than ten thousand dollars for property damage, no funds shall be expended from the state legal expense fund for settlement of any liability claim except upon the production of a no tax due statement from the department of revenue by the party making claim or having judgment under section 105.711, which shall be satisfied from such fund. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, after the payment of attorneys fees and expenses associated with creating the liability of the fund to the party, any remaining funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.

136.055. 1. Any person who is selected or appointed by the state director of revenue as provided in subsection 2 of this section to act as an agent of the department of revenue, whose duties shall be the processing of motor vehicle title and registration transactions and the collection of sales and use taxes when required under sections 144.070 and 144.440, and who receives no salary from the department of revenue, shall be authorized to collect from the party requiring such services additional fees as compensation in full and for all services rendered on the following basis:

(1) For each motor vehicle or trailer registration issued, renewed or transferred--three dollars and fifty cents and seven dollars for those licenses sold or biennially renewed pursuant to section 301.147;

(2) For each application or transfer of title--two dollars and fifty cents;

(3) For each instruction permit, nondriver license, chauffeur's, operator's or driver's license issued for a period of three years or less--two dollars and fifty cents and five dollars for licenses or instruction permits issued or renewed for a period exceeding three years;

(4) For each notice of lien processed--two dollars and fifty cents;

(5) No notary fee or other fee or additional charge shall be paid or collected except for electronic telephone transmission reception--two dollars.

2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code of 1986, as amended, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

4. All fees charged shall not exceed those in this section. The fees imposed by this section shall be collected by all permanent offices and all full-time or temporary offices maintained by the department of revenue.

5. Any person acting as agent of the department of revenue for the sale and issuance of registrations, licenses, and other documents related to motor vehicles shall have an insurable interest in all license plates, licenses, tabs, forms and other documents held on behalf of the department.

6. Any person acting as agent of the department of revenue for the collection of sales and use tax when required under sections 144.070 and 144.440 shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax under section 144.140 to offset the actual cost incurred by such person, on behalf of the department of revenue, in the collection of such taxes in accordance with the provisions of Article IV, Section 30(b) of the Missouri Constitution.

7. The fees authorized by this section shall not be collected by motor vehicle dealers acting as agents of the department of revenue under section 32.095 or those motor vehicle dealers authorized to collect and remit sales tax under subsection 8 of section 144.070.

[7.] 8. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. No confidential records shall be divulged in such a way to reveal personally identifiable information.

140.910. 1. In addition to any other remedy provided by law for the collection of delinquent taxes due the state of Missouri, if the director has filed a certificate of lien in the circuit court as provided by section 143.902, 144.380, or 144.690, the director or his or her designee may issue an order directing any person to withhold and pay over to the department assets belonging to, due, or to become due the taxpayer. The director or his or her designee shall not issue the administrative garnishment if the taxpayer has entered into a written agreement with the department for an alternative payment arrangement and the taxpayer is in compliance with the agreement.

2. An order entered under this section shall be served on the person or other legal entity either by regular mail or by certified mail, return receipt requested, or may be issued through electronic means, and shall be binding on the employer or other payor two weeks after mailing or electronic issuance of such service. The person or other entity in possession of assets belonging to, due, or to become due the taxpayer may deduct an additional sum not to exceed six dollars per month as reimbursement for costs, except that the total amount withheld shall not exceed the limitations contained in the federal Consumer Credit Protection Act, 15 U.S.C. 1673.

3. A copy of the order shall be mailed to the taxpayer at the taxpayer's last known address. The notice shall advise the taxpayer that the administrative garnishment has commenced and the procedures to contest such garnishment on the grounds that such garnishment is improper due to a mistake of fact by requesting a hearing within thirty days from mailing or electronic issuance of the notice. At such a hearing the certified records of the department shall constitute prima facie evidence that the director's order is valid and enforceable. If a prima facie case is established, the obligor may only assert as a defense mistake as to the identity of the taxpayer, mistake as to payments made, or existence of an alternative payment agreement for which no default has occurred. The taxpayer shall have the burden of proof on such issues. The taxpayer may obtain relief from the garnishment by paying the amount owed.

4. An employer or other payor shall withhold from the earnings or other income of each taxpayer the amount specified in the order. The employer or other payor shall transmit the payments as directed in the order within ten business days of the date the earnings, money due, or other income was payable to the taxpayer. For purposes of this section, "business day" means a day that state offices are open for regular business. The employer or other payor shall, along with the amounts transmitted, provide the date the amount was withheld from the taxpayer.

5. An order issued under subsection 1 of this section shall be a continuing order and shall remain in effect and be binding upon any employer or other payor upon whom it is directed until a further order of the director. The director shall notify an employer or other payor upon whom such an order has been directed whenever the deficiency is paid in full.

6. If the order is served on a person other than an employer or other payor, it shall be a lien against any money belonging to the taxpayer that is in the possession of the person on the date of service. The person other than an employer or other payor shall pay over any assets within ten business days of the service date of the order. A financial institution ordered to surrender an account shall be entitled to collect its normally scheduled account activity surcharges to maintain the account during the period of time the account is garnished. For purposes of this section, the interest of the taxpayer in any joint financial accounts shall be presumed to be equal to all other joint owners.

7. An order issued under subsection 1 of this section shall have priority over any other legal process under state law against the same income or other asset, except that where the other legal process is an order issued under section 452.350, 454.505, or 454.507, the withholding for child support shall have priority.

8. No person who complies with an order entered under this section shall be liable to the taxpayer, or to any other person claiming rights derived from the taxpayer, for wrongful withholding. A person who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the state in a sum equal to the value of the wages or property not surrendered, but not to exceed the amount of tax deficiency. The director is hereby authorized to bring an action in circuit court to determine the liability of a person for failure to withhold or pay the amounts as ordered. If a court finds that a violation has occurred, the court may fine the person in

an amount not to exceed five hundred dollars. The court may also enter a judgment against the person or other legal entity for the amounts to be withheld or paid, court costs, and reasonable attorney's surcharges.

9. The remedy provided by this section shall be available where the state or any of its political subdivisions is the employer or other payor of the taxpayer in the same manner and to the same extent as where the employer or other payor is a private party.

10. An employer shall not discharge, or refuse to hire or otherwise discipline, an employee as a result of an order to withhold and pay over certain money authorized by this section. If any such employee is discharged within thirty days of the date upon which an order to withhold and pay over certain money is to take effect, there shall arise a rebuttable presumption that such discharge was a result of such order. This presumption shall be overcome only by clear, cogent and convincing evidence produced by the employer that the employee was not terminated because of the order to withhold and pay over certain money. The director or his or her designee is hereby authorized to bring an action in circuit court to determine whether the discharge constitutes a violation of this subsection. If the court finds that a violation has occurred, the court may enter an order against the employer requiring reinstatement of the employee and may fine the employer in an amount not to exceed five hundred dollars. Further, the court may enter judgment against the employer for the back wages, costs, attorney's surcharges, and for the amount of taxes that should have been withheld and paid over during the period of time the employee was wrongfully discharged.

11. If a taxpayer for whom an order to withhold has been issued under subsection 1 of this section terminates the taxpayer's employment, the employer shall, within ten days of the termination, notify the department of the termination, shall provide to the department the last known address of the taxpayer, if known to the employer, and shall provide to the department the name and address of the taxpayer's new employer, if known. The director or his or her designee may issue an order to the new employer as provided in subsection 1 of this section.

12. For purposes of this section, "assets" include, but are not limited to, currency, any financial account or other liquid asset, and any income or other periodic form of payment due to a taxpayer regardless of source, including, but not limited to, wages, salaries, commissions, bonuses, workers' compensation benefits, disability benefits, payments pursuant to a pension or a retirement program, and interest.

144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county

occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.

168.071. 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(1) A certificate holder or applicant for a certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state, any other state, of the United States, or any other country, whether or not sentence is imposed;

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; [or]

(5) If charges are filed by the local board of education, based upon the annulling of a written contract with the local board of education, for reasons other than election to the general assembly, without the consent of the majority of the members of the board that is a party to the contract; or

(6) Beginning, January 1, 2012, the government entity issuing a valid certificate of license to teach in Missouri under section 168.011, shall at least one time each year provide the name and Social Security number of each certificate holder or applicant for certificate of a license to teach in Missouri to the director of revenue. The director of revenue shall at least one time each year check the status of each certificate holder or applicant for certificate of a license to teach in Missouri against a database developed by the director to determine if all state income tax returns have been filed and all state income taxes owed have been paid. If such certificate holder or applicant for certificate of a license to teach in Missouri is delinquent on any state taxes, or has failed to file state income tax returns in the last three years, the director shall then send notice to the certificate holder or applicant for certificate of a license to teach in Missouri and the department of elementary and secondary education. In the case of such delinquency or failure to file, the certificate holder's license shall be suspended within ninety days after notice of such delinquency or failure to file, and the applicant for certificate's license shall not be issued unless the director of revenue verifies that such certificate holder or applicant for certificate has remedied such delinquency or failure or has made arrangements to achieve such remedy. The director of revenue shall, within ten business days of notification to the government entity issuing the certificate of license to teach, that the delinquency has been remedied or arrangements have been made to remedy such delinquency, and send written notification to the certificate holder or applicant for certificate that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature

established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

- (1) Any dangerous felony as defined in section 556.061 or murder in the first degree;
 - (2) Any of the following sexual offenses: rape; statutory rape in the first degree; statutory rape in the second degree; sexual assault; forcible sodomy; statutory sodomy in the first degree; statutory sodomy in the second degree; child molestation in the first degree; child molestation in the second degree; deviate sexual assault; sexual misconduct involving a child; sexual misconduct in the first degree; sexual abuse; enticement of a child; or attempting to entice a child;
 - (3) Any of the following offenses against the family and related offenses: incest; abandonment of child in the first degree; abandonment of child in the second degree; endangering the welfare of a child in the first degree; abuse of a child; child used in a sexual performance; promoting sexual performance by a child; or trafficking in children; and
 - (4) Any of the following offenses involving child pornography and related offenses: promoting obscenity in the first degree; promoting obscenity in the second degree when the penalty is enhanced to a class D felony; promoting child pornography in the first degree; promoting child pornography in the second degree; possession of child pornography in the first degree; possession of child pornography in the second degree; furnishing child pornography to a minor; furnishing pornographic materials to minors; or coercing acceptance of obscene material.
7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.
8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.
9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.
10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.
11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.
12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.
13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.”; and

Further amend said bill, Page 5, Section 633.401, Line 94, by inserting after all of said section and line the following:

“Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 of section A of this act shall be in full force and effect upon its passage and approval.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative May offered **House Amendment No. 6.**

House Amendment No. 6

AMEND House Committee Substitute for Senate Bill No. 59, Page 27, Section 475.555, Line 5, by inserting after all of said section and line the following:

“568.040. 1. A person commits the crime of nonsupport if such person knowingly fails to provide, without good cause, adequate support for his or her spouse; a parent commits the crime of nonsupport if such parent knowingly fails to provide, without good cause, adequate support which such parent is legally obligated to provide for his or her child or stepchild who is not otherwise emancipated by operation of law.

2. For purposes of this section:

(1) “**Arrearage**”, includes any reduction or abatement of a support obligation for the period of time from the filing of a modification until such modification is awarded if a reduction or abatement of the support obligation is applied to such time period. Arrearage also includes any amount waived by the custodial parent under an order of support issued by a court of competent jurisdiction or any authorized administrative agency;

(2) "Child" means any biological or adoptive child, or any child whose paternity has been established under chapter 454, or chapter 210, or any child whose relationship to the defendant has been determined, by a court of law in a proceeding for dissolution or legal separation, to be that of child to parent;

[(2)] (3) "Good cause" means any substantial reason why the defendant is unable to provide adequate support. Good cause does not exist if the defendant purposely maintains his **or her** inability to support;

[(3)] (4) "Support" means food, clothing, lodging, and medical or surgical attention;

[(4)] (5) It shall not constitute a failure to provide medical and surgical attention, if nonmedical remedial treatment recognized and permitted under the laws of this state is provided.

3. Inability to provide support for good cause shall be an affirmative defense under this section. A person who raises such affirmative defense has the burden of proving the defense by a preponderance of the evidence.

4. The defendant shall have the burden of injecting the issues raised by subdivisions (2) and (4) of subsection 2 and subsection 3 of this section.

5. Criminal nonsupport is a class A misdemeanor, unless the total arrearage is in excess of an aggregate of [twelve] **eighteen** monthly payments due under any order of support issued by any court of competent jurisdiction or any authorized administrative agency, in which case it is a class D felony. **In the event that the revisor of statutes is notified by the director of economic development that the Missouri unemployment rate has remained at six percent or lower for six consecutive months, the limit on the aggregate of eighteen monthly payments shall become twelve monthly payments effective on the July first immediately following such notification.**

6. (1) If at any time a defendant **who is** convicted of criminal nonsupport **or who pleads guilty or nolo contendere to a charge of criminal nonsupport** is placed on probation or parole, there may be ordered as a condition of probation or parole that the defendant commence payment of current support as well as satisfy the arrearages. Arrearages may be satisfied first by making such lump sum payment as the defendant is capable of paying, if any, as may be shown after examination of defendant's financial resources or assets, both real, personal, and mixed, and second by making periodic payments. Periodic payments toward satisfaction of arrears when added to current payments due [may] **shall** be in such aggregate sums as is not greater than fifty percent of the defendant's adjusted gross income after deduction of payroll taxes, medical insurance that also covers a dependent spouse or children, and any other court or administrative ordered support, only.

(2) If the defendant fails to pay the [current] support and arrearages [as ordered] **under the terms of his or her probation**, the court may revoke probation or parole and then impose an appropriate sentence within the range for the class of offense that the defendant was convicted of as provided by law, unless the defendant proves good cause for the failure to pay as required under subsection 3 of this section.

(3) **If the defendant satisfies all current child support obligations as well as all periodic payments toward satisfaction of arrears for an additional twenty-four consecutive months after completion of probation or parole, any conviction of the defendant under this section may be expunged from the defendant's record.**

7. During any period that a nonviolent defendant is incarcerated for criminal nonsupport, if the defendant is ready, willing, and able to be gainfully employed during said period of incarceration, the defendant, if he or she meets the criteria established by the department of corrections, may be placed on work release to allow the defendant to satisfy defendant's obligation to pay support. Arrearages shall be satisfied as outlined in the collection agreement.

8. Beginning August 28, 2009, every nonviolent first- and second-time offender then incarcerated for criminal nonsupport, who has not been previously placed on probation or parole for conviction of criminal nonsupport, may be considered for parole, under the conditions set forth in subsection 6 of this section, or work release, under the conditions set forth in subsection 7 of this section.

9. Beginning January 1, 1991, every prosecuting attorney in any county which has entered into a cooperative agreement with the **child support enforcement service of the family support** division [of child support enforcement] shall report to the division on a quarterly basis the number of charges filed and the number of convictions obtained under this section by the prosecuting attorney's office on all IV-D cases. The division shall consolidate the reported information into a statewide report by county and make the report available to the general public.

10. Persons accused of committing the offense of nonsupport of the child shall be prosecuted:

(1) In any county in which the child resided during the period of time for which the defendant is charged; or

(2) In any county in which the defendant resided during the period of time for which the defendant is charged."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the [liaison committee on medical education] **Liaison Committee on Medical Education (LCME)** and a regional university accrediting body **or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body.** The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia]. Prior to waiving the provisions of this section, the board may require the applicant to achieve a passing score on one of the following:

- (3) The Federation portion of the State Medical Board's Special Purpose Examination (SPEX)] **and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule.**

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. [Scores from one test administration shall not be combined or averaged with scores from other test administrations to achieve a passing score.] The board shall not be permitted to favor any particular school or system of healing.

4. If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three year period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training."; and

2. [Every person shall, upon receiving such certificate, cause it to be conspicuously displayed at all times in every office maintained by him in the state. If he maintains more than one office in this state, the board shall without additional fee issue to him duplicate certificates of registration for each office so maintained.] If any registrant shall change the location of his **or her** office during the period for which any certificate of registration has been issued, [he] **the registrant** shall, within fifteen days thereafter, notify the board of such change [and it shall issue to him without additional fee a new registration certificate showing the new location]."; and

If the application is filed and the fee paid after the registration renewal date, a delinquent fee shall be paid; but whenever in the opinion of the board the applicant's failure to register is caused by extenuating circumstances including illness of the applicant, as defined by rule and regulation, the delinquent fee may be waived by the board. Whenever any new license is granted to any person under the provisions of this chapter, the board shall, upon application therefor, issue to such licensee a certificate of registration covering a period from the date of the issuance of the license to the next renewal date without the payment of any registration fee.

"334.099. 1. The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances:

(1) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and

safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances;

(2) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section;

(3) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote;

(4) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged;

(5) Written notice of the order for an examination shall be sent to the applicant or licensee by registered mail, addressed to the licensee or applicant at the licensee's or applicant's last known address on file with the board, or shall be personally served on the applicant or licensee. The licensee or applicant shall cause a report of the examination to be sent to the board;

(6) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order;

(7) After receiving the report of the examination ordered in subdivision (3) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100; and

(8) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation."; and

The administrative hearing commission shall reduce to writing any oral preliminary order within five business days, but the effective date of the order shall be the date orally issued.

6. The preliminary order of the administrative hearing commission shall become a final order and shall remain in effect for three years unless either party files a request for a full hearing on the merits of the complaint filed by the board within thirty days from the date of the issuance of the preliminary order of the administrative hearing commission.

7. Upon receipt of a request for full hearing, the administrative hearing commission shall set a date for hearing and notify the parties in writing of the time and place of the hearing. If a request for full hearing is timely filed, the preliminary order of the administrative hearing commission shall remain in effect until the administrative hearing commission enters an order terminating, modifying, or dismissing its preliminary order or until the board issues an order of discipline following its consideration of the decision of the administrative hearing commission pursuant to section 621.110 and subsection 3 of section 334.100.

8. In cases where the board initiates summary suspension or restriction proceedings against a physician licensed pursuant to this chapter, and said petition is subsequently denied by the administrative hearing commission, in addition to any award made pursuant to sections 536.085 and 536.087, the board, but not individual members of the board, shall pay actual damages incurred during any period of suspension or restriction.

9. Notwithstanding the provisions of this chapter or chapter 610 or chapter 621 to the contrary, the proceedings under this section shall be closed and no order shall be made public until it is final, for purposes of appeal.

10. The burden of proving the elements listed in subsection 2 of this section shall be upon the state board of registration for the healing arts.] **The board may apply to the administrative hearing commission for an emergency suspension or restriction of a licensee for the following causes:**

(1) **Engaging in sexual conduct, as defined in section 566.010, with a patient who is not the licensee's spouse, regardless of whether the patient consented;**

(2) **Engaging in sexual misconduct with a minor or person the licensee believes to be a minor. "Sexual misconduct" means any conduct of a sexual nature which would be illegal under state or federal law;**

(3) **Possession of a controlled substance in violation of chapter 195 or any state or federal law, rule, or regulation, excluding record keeping violations;**

(4) **Use of a controlled substance without a valid prescription;**

(7) **A report from a board approved facility or a professional health program stating the licensee is not fit to practice. For purposes of this section, a licensee is deemed to have waived all objections to the admissibility of testimony from the provider of the examination and admissibility of the examination reports. The licensee shall sign all necessary releases for the board to obtain and use the examination during a hearing; or**

(8) **Any conduct for which the board may discipline that constitutes a serious danger to the health, safety, or welfare of a patient or the public.**

2. **The board shall submit existing affidavits and existing certified court records together with a complaint alleging the facts in support of the board's request for an emergency suspension or restriction to the administrative hearing commission and shall supply the administrative hearing commission with the last home or business addresses on file with the board for the licensee. Within one business day of the filing of the complaint, the administrative hearing commission shall return a service packet to the board. The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. The service packet may contain other information in the discretion of the administrative hearing commission. Within twenty-four hours of receiving the packet, the board shall either personally serve the licensee or leave a copy of the service packet at all of the licensee's current addresses on file with the board. Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission.**

3. **Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and the licensee and shall determine based on that information if probable cause exists pursuant to subsection 1 of this section and shall issue its findings of fact and conclusions of law. If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.**

4. **The administrative hearing commission shall hold a hearing within forty-five days of the board's filing of the complaint to determine if cause for discipline exists. The administrative hearing commission may grant a request for a continuance, but shall in any event, hold the hearing within one hundred twenty days of the board's initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. If less than thirty days, the board may be granted leave to amend if public safety requires.**

(1) **If no cause for discipline exists, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the emergency suspension or restriction.**

(2) **If cause for discipline exists, the administrative hearing commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.**

6. **Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.**

7. **If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. Records relating to the suspension or restriction shall be maintained in the board's files. The board or licensee may use such records in the course of any litigation to which they are both parties. Additionally, such records may be released upon a specific, written request of the licensee.**

8. (1) The board may initiate a hearing before the board, for discipline of any licensee's license or certificate upon receipt of one of the following:

(a) Certified court records of a finding of guilt or plea of guilty or nolo contendere in a criminal prosecution under the laws of any state or of the United States for any offense involving the qualifications, functions, or duties of any profession licensed or regulated under this chapter, for any offense involving fraud, dishonesty, or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(b) Evidence of final disciplinary action against the licensee's license, certification or registration issued by any other state, by any other agency or entity of this state or any other state or the United States or its territories, or any other country;

(c) Evidence of certified court records finding the licensee has been judged incapacitated or disabled under Missouri law or under the laws of any other state or of the United States or its territories.

(2) The board shall provide the licensee not less than ten days notice of any hearing held pursuant to chapter 536.

(3) Upon a finding that cause exists to discipline a licensee's license the board may impose any discipline otherwise available when disciplining licensees of that same profession.

9. A final decision of the administrative hearing commission or the board shall be subject to judicial review pursuant to chapter 536."; and

"334.103. 1. A license issued under this chapter by the Missouri State Board of Registration for the Healing Arts shall be automatically revoked at such time as the final trial proceedings are concluded whereby a licensee has been adjudicated and found guilty, or has entered a plea of guilty or nolo contendere, in a felony criminal prosecution under the laws of the state of Missouri, the laws of any other state, or the laws of the United States of America for any offense reasonably related to the qualifications, functions or duties of their profession, or for any felony offense[, an essential element of which is] **involving** fraud, dishonesty or an act of violence, or for any felony offense involving moral turpitude, whether or not sentence is imposed, or, upon the final and unconditional revocation of the license to practice their profession in another state or territory upon grounds for which revocation is authorized in this state following a review of the record of the proceedings and upon a formal motion of the state board of registration for the healing arts. The license of any such licensee shall be automatically reinstated if the conviction or the revocation is ultimately set aside upon final appeal in any court of competent jurisdiction.

2. Anyone who has been denied a license, permit or certificate to practice in another state shall automatically be denied a license to practice in this state. However, the board of healing arts may set up other qualifications by which such person may ultimately be qualified and licensed to practice in Missouri."; and

(3) If appropriate, following up with the patient to assess the therapeutic outcome;

(4) Maintaining a contemporaneous medical record that is readily available to the patient and, subject to the patient's consent, to the patient's other health care professionals; and

(5) Including the electronic prescription information as part of the patient's medical record.

The board may refuse to **issue or renew any** license [any applicant or may suspend, revoke, or refuse to renew the license of any licensee for any one or any combination of the causes provided in section 334.100, or if the applicant or licensee] **required under sections 334.700 to 334.725 for one or any combination of causes listed in subsection 2 of this section or any cause listed in section 334.100.** The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided in chapter 621. As an alternative to a refusal to issue or renew any certificate, registration, or authority, the board may, in its discretion, issue a license which is subject to reprimand, probation, restriction, or limitation to an applicant for licensure for any one or any combination of causes listed in subsection 2 of this section or section 334.100. The board's order of reprimand, probation, limitation, or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited, or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited, or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered waived.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided in chapter 621 against any holder of a certificate of registration or authority, permit, or license required by sections 334.700 to 334.725 or any person who has failed to renew or has surrendered the person's certification of registration or license for any one or any combination of the following causes:

(1) Violated or conspired to violate any provision of sections 334.700 to 334.725 or any provision of any rule promulgated pursuant to sections 334.700 to 334.725; or

(2) Has been found guilty of unethical conduct as defined in the ethical standards of the National Athletic Trainers Association or the National Athletic Trainers Association Board of Certification, or its successor agency, as adopted and published by the committee and the board and filed with the secretary of state; or

(3) **Any cause listed in section 334.100.**

[2. Upon receipt of a written application made in the form and manner prescribed by the board, the board may reinstate any license which has expired, been suspended or been revoked or may issue any license which has been denied; provided, that no application for reinstatement or issuance of license or licensure shall be considered until at least six months have elapsed from the date of denial, expiration, suspension, or revocation when the license to be reinstated or issued was denied issuance or renewal or was suspended or revoked for one of the causes listed in subsection 1 of this section.]

3. After the filing of such complaint before the administrative hearing commission, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 2 of this section for disciplinary action are met, the board may, singly or in combination:

(1) Warn, censure, or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed ten years; or

(2) Suspend the person's license, certificate, or permit for a period not to exceed three years; or

(3) Administer a public or private reprimand; or

(4) Deny the person's application for a license; or

(5) Permanently withhold issuance of a license or require the person to submit to the care, counseling, or treatment of physicians designated by the board at the expense of the individual to be examined; or

(6) Require the person to attend such continuing education courses and pass such examinations as the board may direct.

4. In any order of revocation, the board may provide that the person shall not apply for reinstatement of the person's license for a period of time ranging from two to seven years following the date of the order of revocation. All stay orders shall toll such time period.

5. Before restoring to good standing a license, certificate, or permit issued under this chapter which has been in a revoked, suspended, or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing education courses and pass such examinations as the board may direct."; and

Further amend said bill, Pages 33 and 34, Section 536.063, Lines 1 to 43, by deleting all of said lines and inserting in lieu thereof the following:

"536.063. In any contested case:

(1) The contested case shall be commenced by the filing of a writing by which the party or agency instituting the proceeding seeks such action as by law can be taken by the agency only after opportunity for hearing, or seeks a hearing for the purpose of obtaining a decision reviewable upon the record of the proceedings and evidence at such hearing, or upon such record and additional evidence, either by a court or by another agency. Answering, intervening and amendatory writings and motions may be filed in any case and shall be filed where required by rule of the agency, except that no answering instrument shall be required unless the notice of institution of the case states such requirement. Entries of appearance shall be permitted[.];

(2) Any writing filed whereby affirmative relief is sought shall state what relief is sought or proposed and the reason for granting it, and shall not consist merely of statements or charges phrased in the language of a statute or rule; provided, however, that this subdivision shall not apply when the writing is a notice of appeal as authorized by law[.];

(3) Reasonable opportunity shall be given for the preparation and presentation of evidence bearing on any issue raised or decided or relief sought or granted. Where issues are tried without objection or by consent, such issues shall be deemed to have been properly before the agency. Any formality of procedure may be waived by mutual consent[.];

(4) Every writing seeking relief or answering any other writing, and any motion shall state the name and address of the attorney, if any, filing it; otherwise the name and address of the party filing it[.];

(5) By rule the agency may require any party filing such a writing to furnish, in addition to the original of such writing, the number of copies required for the agency's own use and the number of copies necessary to enable the agency to comply with the provisions of this subdivision hereinafter set forth. The agency shall, without charge therefor, mail one copy of each such writing, as promptly as possible after it is filed, to every party or his **or her** attorney who has filed a writing or who has entered his **or her** appearance in the case, and who has not theretofore been furnished with a copy of such writing and shall have requested copies of the writings; provided that in any case where the parties are so numerous that the requirements of this subdivision would be unduly onerous, the agency may in lieu thereof (a) notify all parties of the fact of the filing of such writing, and (b) permit any party to copy such writing[.];

(6) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under section 536.067 upon a properly pled writing filed to initiate the contested case under this chapter, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process."; and

Further amend said bill, Pages 34 and 35, Section 536.067, Lines 1 to 54, by deleting all of said lines and inserting in lieu thereof the following:

"536.067. In any contested case:

(1) The agency shall promptly mail a notice of institution of the case to all necessary parties, if any, and to all persons designated by the moving party and to any other persons to whom the agency may determine that notice should be given. The agency or its clerk or secretary shall keep a permanent record of the persons to whom such notice was sent and of the addresses to which sent and the time when sent. Where a contested case would affect the rights, privileges or duties of a large number of persons whose interests are sufficiently similar that they may be considered as a class, notice may in a proper case be given to a reasonable number thereof as representatives of such class. In any case where the name or address of any proper or designated party or person is not known to the agency, and where notice by publication is permitted by law, then notice by publication may be given in accordance with any rule or regulation of

the agency or if there is no such rule or regulation, then, in a proper case, the agency may by a special order fix the time and manner of such publication[.];

(2) The notice of institution of the case to be mailed as provided in this section shall state in substance:

(a) The caption and number of the case;

(b) That a writing seeking relief has been filed in such case, the date it was filed, and the name of the party filing the same;

(c) A brief statement of the matter involved in the case unless a copy of the writing accompanies said notice;

(d) Whether an answer to the writing is required, and if so the date when it must be filed;

(e) That a copy of the writing may be obtained from the agency, giving the address to which application for such a copy may be made. This may be omitted if the notice is accompanied by a copy of such writing;

(f) The location in the Code of State Regulations of any rules of the agency regarding discovery or a statement that the agency shall send a copy of such rules on request;

(3) Unless the notice of hearing hereinafter provided for shall have been included in the notice of institution of the case, the agency shall, as promptly as possible after the time and place of hearing have been determined, mail a notice of hearing to the moving party and to all persons and parties to whom a notice of institution of the case was required to be or was mailed, and also to any other persons who may thereafter have become or have been made parties to the proceeding. The notice of hearing shall state:

(a) The caption and number of the case;

(b) The time and place of hearing;

(4) No hearing in a contested case shall be had, except by consent, until a notice of hearing shall have been given substantially as provided in this section, and such notice shall in every case be given a reasonable time before the hearing. Such reasonable time shall be at least ten days except in cases where the public morals, health, safety or interest may make a shorter time reasonable; provided that when a longer time than ten days is prescribed by statute, no time shorter than that so prescribed shall be deemed reasonable;

(5) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under this section upon a properly pled writing filed to initiate the contested case under this chapter, a default decision shall be entered against the holder of a license, registration, permit, or certificate of authority without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process."; and

Further amend said bill, Pages 35 to 38, Section 536.070, Lines 1 to 93, by deleting all of said lines and inserting in lieu thereof the following:

"536.070. In any contested case:

(1) Oral evidence shall be taken only on oath or affirmation[.];

(2) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not the subject of the direct examination, to impeach any witness regardless of which party first called him **or her** to testify, and to rebut the evidence against him[.] **or her**;

(3) A party who does not testify in his **or her** own behalf may be called and examined as if under cross-examination[.];

(4) Each agency shall cause all proceedings in hearings before it to be suitably recorded and preserved. A copy of the transcript of such a proceeding shall be made available to any interested person upon the payment of a fee which shall in no case exceed the reasonable cost of preparation and supply[.];

(5) Records and documents of the agency which are to be considered in the case shall be offered in evidence so as to become a part of the record, the same as any other evidence, but the records and documents may be considered as a part of the record by reference thereto when so offered[.];

(6) Agencies shall take official notice of all matters of which the courts take judicial notice. They may also take official notice of technical or scientific facts, not judicially cognizable, within their competence, if they notify the parties, either during a hearing or in writing before a hearing, or before findings are made after hearing, of the facts of

which they propose to take such notice and give the parties reasonable opportunity to contest such facts or otherwise show that it would not be proper for the agency to take such notice of them[.];

(7) Evidence to which an objection is sustained shall, at the request of the party seeking to introduce the same, or at the instance of the agency, nevertheless be heard and preserved in the record, together with any cross-examination with respect thereto and any rebuttal thereof, unless it is wholly irrelevant, repetitious, privileged, or unduly long[.];

(8) Any evidence received without objection which has probative value shall be considered by the agency along with the other evidence in the case. The rules of privilege shall be effective to the same extent that they are now or may hereafter be in civil actions. Irrelevant and unduly repetitious evidence shall be excluded[.];

(9) Copies of writings, documents and records shall be admissible without proof that the originals thereof cannot be produced, if it shall appear by testimony or otherwise that the copy offered is a true copy of the original, but the agency may, nevertheless, if it believes the interests of justice so require, sustain any objection to such evidence which would be sustained were the proffered evidence offered in a civil action in the circuit court, but if it does sustain such an objection, it shall give the party offering such evidence reasonable opportunity and, if necessary, opportunity at a later date, to establish by evidence the facts sought to be proved by the evidence to which such objection is sustained[.];

(10) Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of an act, transaction, occurrence or event, shall be admissible as evidence of the act, transaction, occurrence or event, if it shall appear that it was made in the regular course of any business, and that it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter. All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect the weight of such evidence, but such showing shall not affect its admissibility. The term "business" shall include business, profession, occupation and calling of every kind[.];

(11) The results of statistical examinations or studies, or of audits, compilations of figures, or surveys, involving interviews with many persons, or examination of many records, or of long or complicated accounts, or of a large number of figures, or involving the ascertainment of many related facts, shall be admissible as evidence of such results, if it shall appear that such examination, study, audit, compilation of figures, or survey was made by or under the supervision of a witness, who is present at the hearing, who testifies to the accuracy of such results, and who is subject to cross-examination, and if it shall further appear by evidence adduced that the witness making or under whose supervision such examination, study, audit, compilation of figures, or survey was made was basically qualified to make it. All the circumstances relating to the making of such an examination, study, audit, compilation of figures or survey, including the nature and extent of the qualifications of the maker, may be shown to affect the weight of such evidence but such showing shall not affect its admissibility[.];

(12) Any party or the agency desiring to introduce an affidavit in evidence at a hearing in a contested case may serve on all other parties (including, in a proper case, the agency) copies of such affidavit in the manner hereinafter provided, at any time before the hearing, or at such later time as may be stipulated. Not later than seven days after such service, or at such later time as may be stipulated, any other party (or, in a proper case, the agency) may serve on the party or the agency who served such affidavit an objection to the use of the affidavit or some designated portion or portions thereof on the ground that it is in the form of an affidavit; provided, however, that if such affidavit shall have been served less than eight days before the hearing such objection may be served at any time before the hearing or may be made orally at the hearing. If such objection is so served, the affidavit or the part thereof to which objection was made, may not be used except in ways that would have been permissible in the absence of this subdivision; provided, however, that such objection may be waived by the party or the agency making the same. Failure to serve an objection as aforesaid, based on the ground aforesaid, shall constitute a waiver of all objections to the introduction of such affidavit, or of the parts thereof with respect to which no such objection was so served, on the ground that it is in the form of an affidavit, or that it constitutes or contains hearsay evidence, or that it is not, or contains matters which are not, the best evidence, but any and all other objections may be made at the hearing. Nothing herein contained shall prevent the cross-examination of the affiant if he **or she** is present in obedience to a subpoena or otherwise and if he **or she** is present, he **or she** may be called for cross-examination during the case of the party who introduced the affidavit in evidence. If the affidavit is admissible in part only it shall be admitted as to such part, without the necessity of preparing a new affidavit. The manner of service of such affidavit and of such objection shall be by delivering or mailing copies thereof to the attorneys of record of the parties being served, if any, otherwise, to such parties, and service shall be deemed complete upon mailing; provided, however, that when the parties are so numerous as to make service of copies of the affidavit on all of them unduly onerous, the agency may make an order specifying on what parties service of copies of such affidavit shall be made, and in that case a copy of such affidavit shall be filed with the agency and kept available for inspection and copying. Nothing in this subdivision shall prevent any use of affidavits that would be proper in the absence of this subdivision."; and

Further amend said bill, Pages 40 and 41, Section 621.045, Lines 1 to 72, by deleting all of said lines and inserting in lieu thereof the following:

2. If in the future there are created by law any new or additional administrative agencies which have the power to issue, revoke, suspend, or place on probation any license, then those agencies are under the provisions of this law.

3. The administrative hearing commission is authorized to conduct hearings and make findings of fact and conclusions of law in those cases brought by the Missouri state board for architects, professional engineers, professional land surveyors and landscape architects against unlicensed persons under section 327.076.

4. Notwithstanding any other provision of this section to the contrary, after August 28, 1995, in order to encourage settlement of disputes between any agency described in subsection 1 or 2 of this section and its licensees, any such agency shall:

(1) Provide the licensee with a written description of the specific conduct for which discipline is sought and a citation to the law and rules allegedly violated, together with copies of any documents which are the basis thereof and the agency's initial settlement offer, or file a contested case against the licensee;

(2) If no contested case has been filed against the licensee, allow the licensee at least sixty days, from the date of mailing, to consider the agency's initial settlement offer and to contact the agency to discuss the terms of such settlement offer;

(3) If no contested case has been filed against the licensee, advise the licensee that the licensee may, either at the time the settlement agreement is signed by all parties, or within fifteen days thereafter, submit the agreement to the administrative hearing commission for determination that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee; and

(4) In any contact under this subsection by the agency or its counsel with a licensee who is not represented by counsel, advise the licensee that the licensee has the right to consult an attorney at the licensee's own expense.

5. Any settlement submitted to the administrative hearing commission shall not be effective and final unless and until findings of fact and conclusions of law are entered by the administrative hearing commission that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee.

6. When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under sections 536.067 and 621.100 upon a properly pled writing filed to initiate the contested case under this chapter or chapter 536, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. 3. Any person who in good faith reports to the bureau under this section shall be immune from any civil or criminal liability as the result of such good faith reporting.

4. The department of health and senior services may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 5. All proceedings under this section shall be governed under the Missouri supreme court rules of civil procedure.

6. In making a determination as to whether the petition should be granted the court shall, at a minimum, consider the following factors:

11. In order to prove the facts required by subdivisions (1) and (2) of subsection 10 of this section, the fingerprints filed in the case shall be examined by the Missouri state highway patrol.

12. If it is found that the petition is denied a Tier II offender may not file a new petition under this section until five years have passed from the date of the adjudication resulting in the denial of relief and a Tier III offender may not file a new petition under this section until ten years have passed from the date of the adjudication resulting in the denial of relief.

13. If the court finds that the petitioner is entitled to have his or her classification lowered, it shall enter judgment directing the Missouri state highway patrol to change the offender's classification either from a Tier II to a Tier I offender or from a Tier III to a Tier II offender within three business days of receiving the judgment. A copy of the judgment shall be provided to the respondents named in the petition.

No grant shall be made to any public library which is tax supported if the rate of tax levied or the appropriation for the library should be decreased below the rate in force on December 31, 1946, or on the date of its establishment. Grants shall be made to any public library if a public library tax of at least ten cents per one hundred dollars assessed valuation has been voted in accordance with sections 182.010 to 182.460 or as authorized in section 137.030 and is duly assessed and levied for the year preceding that in which the grant is made, or if the appropriation for the public library in any city of first class yields one dollar or more per capita for the previous year according to the population of the latest federal census or if the amount provided by the city for the public library, in any other city in which the library is not supported by a library tax, is at least equal to the amount of revenue which would be realized by a tax of ten cents per one hundred dollars assessed valuation if the library had been tax supported. Except that, no grant under this section shall be affected because of a reduction in the rate of levy which is required by the provisions of section 137.073, **or because of a voluntary reduction in the levy following the enactment of a district sales tax under section 182.802, if the proceeds from the sales tax equal or exceed the reduction in revenue from the levy.**

3. The librarian of the library together with the treasurer of the library or the treasurer of the city if there is no library treasurer shall certify to the state librarian the annual tax income and rate of tax or the appropriation for the library on the date of the enactment of this law, and of the current year, and each year thereafter, and the state librarian shall certify to the commissioner of administration the amount to be paid to each library.

4. The balance of the moneys shall be administered and supervised by the state librarian who may provide grants to public libraries for:

- (1) Establishment, on a population basis to newly established city, county city/county or consolidated libraries;
- (2) Equalization to city/county[,], urban public, county or consolidated libraries;

- (5) Interlibrary cooperation;
- (6) Literacy programs; and
- (7) Other library projects or programs that may be determined by the local library, library advisory committee and the state library staff that would improve access to library services by the residents of this state. Newly established libraries shall certify through the legally established board or the governing body of the city supporting the library and the librarian of the library to the state librarian the fact of establishment, the rate of tax, the assessed valuation of the

library district and the annual tax yield of the library. The state librarian shall then certify to the commissioner of administration the amount of establishment grant to be paid to the libraries and warrants shall be issued for the amount allocated and approved. The sum appropriated for state aid to public libraries shall be separate and apart from any and all appropriations made to the state library.

182.802. 1. As used in this section, the following terms mean:

(1) "Public library district", any city library district, county library district, city-county library district, municipal library district, consolidated library district, or urban library district;

(2) "Qualified voters" or "voters", any individuals residing within the public library district who are eligible to be registered voters and who have registered to vote under chapter 115, or, if no individuals are eligible and registered to vote reside within the proposed district, all of the owners of real property located within the proposed district who have unanimously petitioned for or consented to the adoption of an ordinance by the governing body imposing a tax authorized in this section. If the owner of the property within the proposed district is a political subdivision or corporation of the state, the governing body of such political subdivision or corporation shall be considered the owner for purposes of this section.

2. The board of directors of any public library district located at least partially within the following counties may impose a tax as provided in this section:

(1) Any county of the third classification without a township form of government and with more than forty thousand eight hundred but fewer than forty thousand nine hundred inhabitants;

(2) Any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants;

(7) Any county of the third classification without a township form of government and with more than twenty thousand but fewer than twenty thousand one hundred inhabitants.

3. The board of directors of any public library district described in subsection 1 of this section may, upon a majority vote of the board, impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one-half of one cent, and shall be imposed solely for the purpose of funding the operation and maintenance of public libraries within the boundaries of the district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

4. No sales tax imposed under this section shall become effective unless the board of directors of the district submits to the voters within the district at a county or state general, primary, or special election a proposal to authorize the board of directors of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the calendar quarter immediately following the adoption of the sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. The board of directors of any district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. If the tax is repealed or terminated by any means, all remaining revenues generated from the sales tax shall continue to be used solely for the designated purposes, and the board of directors shall retain for a period

of one year two percent of the amount collected after the repeal or termination to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts.”; and

5. It shall be the responsibility of the secretary of state to prescribe specifications for voter registration documents so that they are uniform throughout the state of Missouri and comply with the National Voter Registration Act of 1993, including the reporting requirements, and so that registrations, name changes and transfers of registrations within the state may take place as allowed by law.

6. All voter registration applications shall be preserved in the office of the election authority.

7. Each election authority may provide each applicant for voter registration with the option of providing the applicant's email address with the applicant's voter registration form.”; and

“376.1257. 1. Any health benefit plan that provides coverage and benefits for cancer chemotherapy treatment shall not require a higher co-payment, deductible, or coinsurance amount for a prescribed orally administered anticancer medication that is used to kill or slow the growth of cancerous cells than what the plan requires for an intravenously administered or injected cancer medication that is provided, regardless of formulation or benefit category determination by the health carrier administering the health benefit plan.

2. A health carrier shall not achieve compliance with the provisions of this section by imposing an increase in co-payment, deductible, or coinsurance amount for an intravenously administered or injected cancer chemotherapy agent covered under the health benefit plan.

On motion of Representative Schad, **House Amendment No. 1** was adopted.

Representative Leara offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 284, Page 1, Section A, Line 3, by inserting after all of said line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group A shall include all portions of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.** For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group B shall not include any portion of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.**

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to

the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for

annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of

this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof.

The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Leara moved that **House Amendment No. 2** be adopted.

AMEND House Committee Substitute for Senate Bill No. 284, Page 4, Section 144.030, Line 122, by inserting immediately after the word “**Medicaid**” the following:

“, and all sales of prescription eyeglasses”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Atkins moved that **House Amendment No. 3** be adopted.

Which motion was defeated.

Representative Bernskoetter offered **House Amendment No. 4.**

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 284, Page 12, Section 338.055, Line 99, by inserting after all of said section and line the following:

“338.098. 1. All prescription drug orders communicated by way of electronic transmission shall:

(1) Allow for the physician to review the patient's current medication list and medication history information as well as view all the medications available to the physician for the patient's condition;

(2) Have the ability to electronically adjudicate prior authorization and step therapy protocols. An electronic prior authorization process for allowing approval of an exception to the plan formulary or other restriction shall be available, so long as adjudication occurs within forty-eight hours from the time the prescription drug order is received; and

(3) Minimize interference between physician and patient through a neutral and open platform, except that information about the availability of a generic drug may be communicated. A generic drug is identical or bioequivalent to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use.

2. Nothing in this section shall preclude the use of paper prescriptions.

3. The board of pharmacy shall promulgate rules regarding such an electronic prior authorization process and to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in

section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

Further amend said bill, Page 13, Section 338.330, Line 38, by inserting after all of said section and line the following:

“376.388. 1. A pharmacy benefit manager shall not:

(1) Automatically enroll or passively enroll a pharmacy in a contract or modify an existing contract without affirmation from the pharmacy or pharmacist;

(2) Require that a pharmacy or pharmacist participate in one pharmacy benefit manager contract in order to participate in another contract; or

(3) Discriminate between in-network pharmacies or pharmacists on the basis of copayments or days of supply unless such pharmacy declines to fill such prescriptions at the price allowed to other in-network pharmacies for such prescription.

2. When an insured presents a prescription to a pharmacy in the pharmacy benefit manager's network, the pharmacy benefit manager shall not reassign such prescription to be filled by any other pharmacy. When the pharmacy benefit manager contacts the prescribing health care practitioner to affirm or modify the original prescription, the affirmed or modified prescription shall be filled at the in-network pharmacy of the patient's choice to which the insured presented the original prescription.

376.1460. 1. As used in sections 376.1460 to 376.1464, the following terms shall mean:

(1) "Health carrier", the same meaning as such term is defined in section 376.1350, except when such health care services are provided, delivered, arranged for, paid for, or reimbursed by the department of social services or the department of mental health;

(2) "Pharmacy benefit manager" or "PBM", a person or entity other than a pharmacy or pharmacist acting as an administrator in connection with pharmacy benefits;

(3) "Switch communication", a communication to a patient or the patient's physician from a health carrier or PBM that recommends a patient's medication be switched by the original prescribing practitioner to a different medication than the medication originally prescribed by the prescribing practitioner. A switch communication shall:

(a) Clearly identify the originally prescribed medication and the medication to which it has been proposed that the patient should be switched;

(b) Explain any financial incentives that may be provided to, or have been offered to, the prescribing practitioner by the health carrier or PBM that could result in the switch to the different medication;

(c) Explain any clinical effects that the proposed medication may have on the patient which are different than those of the originally prescribed medication;

(d) Advise the patient of the right to discuss the proposed change in treatment before such a switch takes place, including a discussion with the patient's prescribing practitioner;

(e) Explain any cost sharing changes for which the patient is responsible; and

(f) Clearly identify the net change in cost to the health insurance payer, including employers, which will result from the use of the proposed medication in lieu of the originally prescribed medication.

2. Any time a patient's medication is recommended to be switched to a medication other than that originally prescribed by the prescribing practitioner, the following communication shall be sent:

(1) A switch communication to the patient and the patient's physician; and

(2) Information to the plan sponsor or health carrier using a PBM regarding the recommended medication and the cost, shown in currency form, of the originally prescribed medication. Such communication shall include notice of medication switches among plan participants, including any financial incentive the health carrier or PBM may be using to encourage or induce the switch. Information contained in the notification shall be in the aggregate and shall not contain any personally identifiable information.

The provisions of this subsection shall not apply to any substitution made under subsection 2 of section 338.056, unless such substitute results in a higher cost to the patient or health insurance payer.

3. All health carriers and pharmacy benefit managers shall submit the format and language for any switch communication that shall be sent to a patient under this section to the department of insurance, financial institutions and professional registration for approval. The department shall examine the format and language of the switch communication to ensure it meets the criteria for a switch communication as described in this section. The department shall have sixty days to review and issue a statement to the health carrier or PBM regarding compliance with this section. If the department finds noncompliance with this section, the department shall cite specific reasons for such decision.

4. The department shall also promulgate rules governing switch communications. Such rules shall include, but not be limited to, the following:

(1) Procedures for verifying the accuracy of any switch communications from health carriers and pharmacy benefit managers to ensure that such switch communications are truthful, accurate, and not misleading based on cost to the patient and plan sponsor, the product package labeling, medical compendia recognized by the MO HealthNet program for the drug utilization review program, and peer-reviewed medical literature; and

(2) Except for a substitution due to the Food and Drug Administration's withdrawal of a drug for prescription, a requirement that all switch communications bear a prominent notification on the first page clearly indicating the switch communication is not a product safety notice.

5. (1) A PBM owes a fiduciary duty to a covered entity and shall discharge that duty in accordance with the provisions of state and federal law.

(2) A PBM shall perform its duties with care, skill, prudence, and diligence and in accordance with the standards of conduct applicable to a fiduciary in an enterprise of like character and with like aims.

(3) A PBM shall notify the covered entity in writing of any activity, policy, or practice of the PBM that directly or indirectly presents any conflict of interest with the duties imposed by this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

376.1462. 1. Issuing or delivering or causing to be issued or delivered a switch communication that has not been approved and is not in compliance with the requirements of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

2. Providing a misrepresentation or false statement in a switch communication under section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

3. Any other material violation of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

376.1464. 1. When medications for the treatment of any medical condition are restricted for use by a health carrier or PBM by a step therapy or fail first protocol, a prescriber shall have access to a clear and convenient process to request an override for such restriction from the PBM or health carrier. An override of such restriction shall be expeditiously granted by the health carrier or PBM when the prescriber can demonstrate:

(1) Based on sound clinical evidence, that the preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the covered person's disease or medical condition; or

(2) Based on sound clinical evidence or medical and scientific evidence, that the preferred treatment required under the step therapy or fail first protocol:

(a) Is likely to be ineffective based on the known relevant physical or mental characteristics of the covered person and known characteristics of the drug regimen; or

(b) Will likely cause an adverse reaction or other harm to the covered person.

2. The duration of any step therapy or fail first protocol shall not be longer than a period of fourteen days when such treatment is deemed clinically ineffective by the prescribing physician. However, when the health carrier or PBM can show, through sound clinical evidence, the originally prescribed medication is likely to require more than two weeks to provide any relief or amelioration to the patient the step therapy or fail first protocol may be extended up to seven additional days.

3. Nothing in this section shall require the PBM or health carrier to grant an exception to the step therapy or fail first protocol if the prescriber fails to meet the requirements in subsection 1 of this section.

4. Nothing in this section shall be construed as requiring coverage for any condition which is specifically excluded by the insurance policy or contract and not otherwise covered by law.

376.1466. In order to expedite and provide a more efficient and cost effective process for the preauthorization and step therapy process, every pharmacy benefit manager and health carrier requiring preauthorization or step therapy for a specific medication shall provide a website with a list of the medications which require preauthorization and the process required to comply with the pharmacy benefit manager's or health carrier's policies.”; and

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-NINTH DAY, TUESDAY, MAY 10, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The eternal God is thy refuge, and underneath are the everlasting arms. (Deuteronomy 33:27)

O God, Who is the refuge and strength of all who put their trust in You, grant us a real measure of Your Holy Spirit as we lift our hearts to You in prayer this morning. You are the Father of all people, and we are Your children. Help us to love You as children ought to love their parents. Help us to love one another as we ought to love one another in all sincerity and truth. In this free land may we learn to live together in peace and good will.

Bless Missouri with Your continued presence, and may our state be Your servant for freedom, and breathe Your peace into our hearts. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Baylee Watts, Hannah Danielle Klippenstein, Mikalah Ann Klippenstein, Addie Von Drehle, Catherine Brooks, Meg Thoma and Laini Reynolds.

The Journal of the sixty-eighth day was approved as printed.

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 202, Page 1, Section A, Line 2, by inserting after all of said line the following:

"105.935. 1. Any state employee who has accrued any overtime hours may choose to use those hours as compensatory leave time provided that the leave time is available and agreed upon by both the state employee and his or her supervisor.

2. A state employee who is a nonexempt employee pursuant to the provisions of the Fair Labor Standards Act shall be eligible for payment of overtime in accordance with subsection 4 of this section. A nonexempt state employee who works on a designated state holiday shall be granted equal compensatory time off duty or shall receive, at his or her choice, the employee's straight time hourly rate in cash payment. A nonexempt state employee shall be paid in cash for overtime unless the employee requests compensatory time off at the applicable overtime rate. As used in this section, the term "state employee" means any person who is employed by the state and earns a salary or wage in a position normally requiring the actual performance by him or her of duties on behalf of the state, but shall not include any employee who is exempt under the provisions of the Fair Labor Standards Act or any employee of the general assembly.

3. Beginning on January 1, 2006, and annually thereafter each department shall pay all nonexempt state employees in full for any overtime hours accrued during the previous calendar year which have not already been paid or used in the form of compensatory leave time. All nonexempt state employees shall have the option of retaining up to a total of eighty compensatory time hours **at any time during the year**.

4. The provisions of subsection 2 of this section shall only apply to nonexempt state employees who are otherwise eligible for compensatory time under the Fair Labor Standards Act, excluding employees of the general assembly. Any nonexempt state employee requesting cash payment for overtime worked shall notify such employee's department in writing of such decision and state the number of hours, no less than twenty, for which payment is desired. The department shall pay the employee within the calendar month following the month in which a valid request is made. Nothing in this section shall be construed as creating a new compensatory benefit for state employees.

5. Each department shall, by November first of each year, notify the commissioner of administration, the house budget committee chair, and the senate appropriations committee chair of the amount of overtime paid in the previous fiscal year and an estimate of overtime to be paid in the current fiscal year. The fiscal year estimate for overtime pay to be paid by each department shall be designated as a separate line item in the appropriations bill for that department. The provisions of this subsection shall become effective July 1, 2005.

6. Each state department shall report quarterly to the house of representatives budget committee chair, the senate appropriations committee chair, and the commissioner of administration the cumulative number of accrued overtime hours for department employees, the dollar equivalent of such overtime hours, the number of authorized full-time equivalent positions and vacant positions, the amount of funds for any vacant positions which will be used to pay overtime compensation for employees with full-time equivalent positions, and the current balance in the department's personal service fund.

7. This section is applicable to overtime earned under the Fair Labor Standards Act. This section is applicable to employees who are employed in nonexempt positions providing direct client care or custody in facilities operating on a twenty-four-hour seven-day-a-week basis in the department of corrections, the department of mental health, the division of youth services of the department of social services, and the veterans commission of the department of public safety."; and

Further amend said title, enacting clause and intersectional references accordingly.

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 202, Page 2, Section 130.028, Line 48, by inserting after all of said line the following:

"429.010. 1. Any person who shall do or perform any work or labor upon land, rent any machinery or equipment, or use any rental machinery or equipment, or furnish any material, fixtures, engine, boiler or machinery for any building, erection or improvements upon land, or for repairing, grading, excavating, or filling of the same, or furnish and plant trees, shrubs, bushes or other plants or provides any type of landscaping goods or services or who installs outdoor irrigation systems under or by virtue of any contract with the owner or proprietor thereof, or his or her agent, trustee, contractor or subcontractor, or without a contract if ordered by a city, town, village or county having a charter form of government to abate the conditions that caused a structure on that property to be deemed a dangerous building under local ordinances pursuant to section 67.410, upon complying with the provisions of sections 429.010 to 429.340, shall have for his or her work or labor done, machinery or equipment rented or materials, fixtures, engine, boiler, machinery, trees, shrubs, bushes or other plants furnished, or any type of landscaping goods or services provided, a lien upon such building, erection or improvements, and upon the land belonging to such owner or proprietor on which the same are situated, to the extent of three acres; or if such building, erection or improvements be upon any lot of land in any town, city or village, or if such building, erection or improvements be for manufacturing, industrial or commercial purposes and not within any city, town or village, then such lien shall be upon such building, erection or improvements, and the lot, tract or parcel of land upon which the same are situated, and not limited to the extent of three acres, to secure the payment of such work or labor done, machinery or equipment rented, or materials, fixtures, engine, boiler, machinery, trees, shrubs, bushes or other plants or any type of landscaping goods or services furnished, or outdoor irrigation systems installed; except that if such building, erection or improvements be not within the limits of any city, town or village, then such lien shall be also upon the land to the extent necessary to provide a roadway for ingress to and egress from the lot, tract or parcel of land upon which such building, erection or improvements are situated, not to exceed forty feet in width, to the nearest public road or highway. Such lien shall be enforceable only against the property of the original purchaser of such plants unless the lien is filed against the property prior to the conveyance of such property to a third person. For claims involving the rental of machinery or equipment to others who use the rental machinery or equipment, the lien shall be for the reasonable rental value of the machinery or equipment during the period of actual use and any periods of nonuse taken into account in the rental contract, while the machinery or equipment is on the property in question.

2. There shall be no lien involving the rental of machinery or equipment unless:

- (1) The improvements are made on commercial property;
- (2) The amount of the claim exceeds five thousand dollars; and

(3) The party claiming the lien provides written notice within five business days of the commencement of the use of the rental machinery or equipment to the property owner that rental machinery or equipment is being used upon their property. Such notice shall identify the name of the entity that rented the machinery or equipment, the machinery or equipment being rented, and the rental rate. Nothing contained in this subsection shall apply to persons who use rented machinery or equipment in performing the work or labor described in subsection 1 of this section.

3. (1) No lien shall be permitted on behalf of a collective bargaining unit fringe benefit fund with respect to all employee benefits, dues, and fringe costs arising out of the performance of work by a subcontractor or a lower tier subcontractor unless:

(a) a. The subcontractor or lower tier subcontractor is delinquent, which means being at least thirty days late, in making timely payments of employee benefits, dues, or fringe costs to the fund.

b. If the fund has actual knowledge that the delinquency relates to work performed on a particular project, the fund shall advise the original contractor for the project in question in writing of the fact of such delinquency, identifying the subcontractor or lower tier subcontractor at issue and an approximation of the amount of the obligation at issue within fifteen days after the subcontractor or lower tier subcontractor at issue becomes delinquent in payment.

c. If the fund does not have the actual knowledge described in subparagraph b. of this paragraph at a time that will permit it to comply with the timing requirements of subparagraph b. of this paragraph, the fund shall provide the written notice required by subparagraph b. of this paragraph within ten days after the fund acquires such actual knowledge.

d. An original contractor or subcontractor may make a request in writing for a written confirmation from the fund confirming that for a specific subcontractor or any of its specifically identified lower tier subcontractors with respect to a specifically identified project, all employee benefits, dues, and fringe costs arising out of the performance of the work on such project by the subcontractor and all of its lower tier subcontractors otherwise due to the fund have been paid. Such written requests shall be deemed effective if sent by certified mail, return receipt requested. The fund shall respond in writing by certified mail, return receipt requested, to such a request for confirmation within ten days of the fund's receipt of the request; and

(b) The fund has timely and accurately responded to any request for confirmation made under the terms of paragraph (a) of this subdivision.

(2) The obligations of this subsection shall apply with equal force and effect to like claims by a fund under a payment bond issued by an original contractor on a construction project, regardless of whether such construction project is a private project or a public works project."; and

Further amend said title, enacting clause and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SEVENTIETH DAY, WEDNESDAY, MAY 11, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

These things have I spoken unto you, that my joy may remain in you and that your joy might be full. (John 15:11)

O God, Whose light never fades, Whose love never fails, and Whose life never dies - as we open the windows of our hearts to You in prayer this morning, may we be filled with the glory of Your presence, with the greatness of Your spirit, and with the grandeur of Your grace.

Grant unto us the royalty of an inward happiness and the serenity of mind which comes from living close to You. Daily renew in us the sense of joy and let Your eternal spirit dwell in our minds and bodies, filling every corner of our hearts with light and grace, so that we may be diffusers of life and may meet all ills and accidents with happiness giving You thanks always for all things. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-ninth day was approved as printed.

SPECIAL RECOGNITION

The Stockton Lady Tigers Basketball Team was introduced by Representative Entlicher and recognized for attaining the 2010-2011 Class 3 State Championship.

379.1505. 1. No vendor shall sell or solicit portable electronics insurance coverage in this state unless such vendor has obtained a portable electronics insurance license.

2. A vendor applying for a portable electronics insurance license shall make application to the director on the prescribed form as required. On the prescribed form, the vendor shall be required to provide the name for an employee or officer of the vendor that is designated by the vendor as the person responsible for the vendor's compliance with the requirements of this section and such designated responsible person shall not be required to hold an insurance producer license. Such license shall authorize an employee or authorized representative of a vendor to sell or offer coverage under a policy of portable electronics insurance to a customer at each location at which the vendor engages in a portable electronics transaction.

3. Any vendor licensed under sections 379.1500 to 379.1550 shall pay an initial license fee to the director in an amount prescribed by the director by rule, but not to exceed one thousand dollars, and shall pay a renewal fee in an amount prescribed by the director by rule, but not to exceed five hundred dollars. License fees shall be deposited in the insurance dedicated fund.

4. Notwithstanding any provision of sections 375.012 to 375.018, a portable electronics insurance license, if not renewed by the director by its expiration date, shall terminate on its expiration date and shall not after such date authorize its holder to sell or solicit any portable electronics insurance under sections 379.1500 to 379.1550.

379.1510. 1. A vendor shall have the obligation to ensure that every location that is authorized to sell, solicit, or negotiate portable electronics insurance to customers shall have specific brochures and actual policies or certificates of coverage available to prospective customers which:

- (1) Disclose that portable electronics insurance may provide a duplication of coverage already provided by a customer's homeowner's, renter's, or other source of coverage, and that the portable electronics insurance coverage is primary over any other collateral coverage;
- (2) State that the enrollment by the customer in a portable electronics insurance program is not required in order to purchase or lease portable electronics or services;
- (3) Summarize the material terms of the insurance coverage, including:
 - (a) The identity of the insurer;
 - (b) The identity of the supervising business entity;
 - (c) The amount of any applicable deductible and how it is to be paid;
 - (d) Benefits of the coverage; and
 - (e) Key terms and conditions of coverage, such as whether portable electronics may be repaired or replaced with similar make and model reconditioned or nonoriginal manufacturer parts or equipment;
- (4) Summarize the process for filing a claim, including any requirement to return portable electronics and the maximum fee applicable in the event the customer fails to comply with any equipment return requirements; and
- (5) State that the customer may cancel enrollment for coverage under a portable electronics insurance policy at any time and receive a refund of any unearned premium on a pro rata basis.

2. Eligibility and underwriting standards for customers electing to enroll in coverage shall be established for each portable electronics insurance program. Each insurer shall maintain all eligibility and underwriting records for a period of five years. Portable electronics insurance issued under sections 379.1500 to 379.1550 shall be deemed primary coverage over any other collateral coverage.

3. Insurers offering portable electronics insurance coverage through vendors shall appoint a supervising business entity to supervise the administration of the program. The supervising business entity shall be responsible for the development of a training program for employees and authorized representatives of a vendor, and shall include basic instruction about the portable electronics insurance offered to customers and the disclosures required under this section.

4. Insurers and applicable supervising business entities offering portable electronics insurance shall share all complaint, grievance, or inquiries regarding any conduct that is specific to a vendor and that may not comply with applicable state laws and regulations.

5. A supervising business entity shall maintain a registry of vendor locations which are authorized to sell or solicit portable electronics insurance coverage in this state. Upon request by the director and with ten days' notice to the supervising business entity, the registry shall be open to inspection and examination by the director during regular business hours of the supervising business entity.

6. Within thirty days of a supervising business entity terminating a vendor location's appointment to sell or solicit portable electronics insurance, the supervising business entity shall update the registry with the effective date of termination. If a supervising business entity has possession of information relating to any cause for discipline under section 375.141, the supervising business entity shall notify the director of such information in writing. The privileges and immunities applicable to insurers under section 375.022 shall apply to supervising business entities for any information reported under this subsection.

7. The supervising business entity shall not charge a fee for adding or removing a vendor location from the registry.

8. No employee or authorized representative of a vendor shall advertise, represent, or otherwise hold himself or herself out as an insurance producer, unless such employee or authorized representative is otherwise licensed as an insurance producer.

9. The training required in subsection 3 of this section shall be delivered to all employees and authorized representatives of the vendors who are directly engaged in the activity of selling portable electronics insurance in this state. The training may be provided in electronic form. However, if conducted in an electronic form, the supervising business entity shall implement a supplemental education program regarding the portable electronics insurance product that is conducted and overseen by licensed employees of the supervising business entity.

10. The charges for portable electronics insurance coverage may be billed and collected by the vendor. Any charge to the customer that is not included in the cost associated with the purchase or lease of portable electronics or related services shall be separately itemized on the customer's bill. If the portable electronics insurance is included in the purchase or lease of portable electronics or related services, the vendor shall clearly and conspicuously disclose to the customer that the portable electronics insurance coverage is included with the portable electronics or related services. Vendors billing and collecting such charges shall not be required to maintain such funds in a segregated account, provided that the insurer authorized the vendor to hold such funds in an alternative manner and remits such amounts to the supervising business entity within forty-five days of receipt. All funds received by a vendor from a customer for the sale of portable electronics insurance shall be considered funds held in trust by the vendor in a fiduciary capacity for the benefit of the insurer. Vendors shall maintain all records related to the purchase of portable electronics insurance for a period of three years from the date of purchase.

379.1515. Persons licensed as vendors shall be subject to the provisions of sections 375.012 to 375.014, 375.018, 375.031, 375.046, 375.051, 375.052, 375.071, 375.106, 375.116, 375.141, and 375.144 of the insurance producers act.

379.1520. 1. The director may suspend, revoke, refuse to issue, or refuse to issue any license or renew any license required by the provisions of sections 379.1500 to 379.1550 for any reason listed in section 375.141 or for any one or more of the following causes:

(1) Use of any advertisement or solicitation that is false, misleading, or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;

(2) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception, or misrepresentation;

(3) Violation of any professional trust or confidence.

2. The director may impose other penalties that the director deems necessary and reasonable to carry out the purposes of sections 379.1500 to 379.1550, including:

379.1525. Vendors shall be subject to the investigation and examination provisions of section 374.190.

379.1530. Premiums received by a vendor or supervising business entity shall be deemed received by the insurer. Insurers may require consumers to provide proof of purchase.

379.1535. If the director determines that a person has engaged, is engaging in, or has taken a substantial step toward engaging in an act, practice, or course of business constituting a violation of sections 379.1500 to 379.1550 or rule adopted or order issued thereunder, or that a person has materially aided or is materially aiding an act, practice, omission, or course of business constituting a violation of sections 379.1500 to 379.1550, or a rule adopted or order issued thereunder, the director may:

(1) Issue such administrative orders as authorized under section 374.046; or

(2) Maintain a civil action for relief authorized under section 374.048.

A violation of sections 379.1500 to 379.1550 or rule adopted or order issued thereunder is a level two violation under section 374.049.

379.1540. The license of a supervising business entity may be suspended, revoked, renewal refused, or an application refused if the director finds that a violation by a portable electronics insurance vendor was known or should have been known by the supervising business entity and the violation was neither reported to the director nor correction action taken. A violation of this section is a level three violation under section 374.049.

379.1545. Notwithstanding any other provision of law:

(1) An insurer may terminate or otherwise change the terms and conditions of a policy of portable electronics insurance only upon providing the policyholder and enrolled customers with at least thirty days' notice;

(2) If the insurer changes the terms and conditions of a policy of portable electronics insurance, the insurer shall provide the vendor and any policyholders with a revised policy or endorsement and each enrolled customer with a revised certificate, endorsement, updated brochure, or other evidence indicating a change in the terms and conditions has occurred and a summary of material changes;

(3) Notwithstanding subdivision (1) of this section, an insurer may terminate an enrolled customer's enrollment under a portable electronics insurance policy upon fifteen days' notice for discovery of fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder;

(4) Notwithstanding subdivision (1) of this section, an insurer may immediately terminate an enrolled customer's enrollment under a portable electronics insurance policy:

(a) For nonpayment of premium;

(b) If the enrolled customer ceases to have an active service with the vendor of portable electronics; or

(c) If an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the customer within thirty calendar days after exhaustion of the limit. However, if the notice is not timely sent, enrollment and coverage shall continue notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer;

(5) Where a portable electronics insurance policy is terminated by a policyholder, the policyholder shall mail or deliver written notice to each enrolled customer advising the customer of the termination of the policy and the effective date of termination. The written notice shall be mailed or delivered to the customer at least thirty days prior to the termination;

(6) Whenever notice is required under this section, it shall be in writing and may be mailed or delivered to the vendor at the vendor's mailing address and to its affected enrolled customers' last known mailing addresses on file with the insurer. If notice is mailed, the insurer or vendor, as the case may be, shall maintain proof of

mailing in a form authorized or accepted by the U.S. Postal Service or other commercial mail delivery service. Alternatively, an insurer or vendor policyholder may comply with any notice required by this section by providing electronic notice to a vendor or its affected enrolled customers, as the case may be, by electronic means. Additionally, if an insurer or vendor policyholder provides electronic notice to an affected enrolled customer and such delivery by electronic means is not available or is undeliverable, the insurer or vendor policyholder shall provide written notice to the enrolled customer by mail in accordance with this section. If notice is accomplished through electronic means, the insurer or vendor of portable electronics, as the case may be, shall maintain proof that the notice was sent.

379.1550. 1. The director may promulgate rules to implement the provisions of sections 379.1500 to 379.1550. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 379.1500 to 379.1550 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 379.1500 to 379.1550 and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

2. The provisions of sections 379.1500 to 379.1550 shall become effective January 1, 2012.”; and

Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver's license suspended solely under the provisions of this section.

For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number. [The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue.]

3. **The governing body of each fourth class city or village with over one hundred thousand dollars in traffic revenues in the previous year in this state shall cause to be prepared an annual report of the fines and court costs collected for cited moving violations whether finally adjudicated as a moving or nonmoving violation occurring on state highways, along with the entity's annual general operating revenue for the year, in such summary form as the state courts administrator's office shall prescribe by rule. In the event the fines and court costs exceed thirty-five percent of the entity's general revenue for the year, the entity shall include with the annual report payment of the excess revenues to the director of the department of revenue. Within thirty days of receipt of payment of the excess revenues, the director of the department of revenue shall disburse the excess to the proper schools, as provided in subsection 2 of this section.** If any city, town, or village disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, or village may submit to an annual audit by the state auditor under the authority of article IV, section 13 of the Missouri Constitution. [Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.]

4. **The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective**

date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

5. In the event a city, town, or village fails to comply with subsections 2 and 3 of this section, such entity shall be subject to a civil penalty in an amount of ten percent of excess revenues required to be submitted that were not submitted, with such penalty to be distributed to the local schools where the moving violation occurred.”; and

3. The treasurer shall deposit funds generated by the surcharge into the "Inmate Security Fund". Funds deposited shall be utilized to develop **information sharing and** biometric verification systems to ensure that inmates can be properly identified **upon booking** and tracked within the local jail **and criminal justice** system. 34.378. 1. The state shall not enter into a contingency fee contract with a private attorney unless the attorney general makes a written determination prior to entering into such a contract that contingency fee representation is both cost-effective and in the public interest. Any written determination shall include specific findings for each of the following factors:

2. If the attorney general makes the determination described in subsection 1 of this section, the attorney general shall request written proposals from private attorneys to represent the state, unless the attorney general determines that requesting proposals is not feasible under the circumstances and sets forth the basis for this determination in writing. If a request for proposals is issued, the attorney general shall choose the lowest and best bid or request the office of administration establish an independent panel to evaluate the proposals and choose the lowest and best bid.

3. The state may not enter into a contingency fee contract that provides for the private attorney to receive an aggregate contingency fee in excess of twenty-five percent of the net recovery to the state.

4. The state shall not enter into a contract for contingency fee attorney services unless the following requirements are met throughout the contract period and any extensions to the contract:

- (1) The government attorneys shall retain complete control over the course and conduct of the case;**
- (2) A government attorney with supervisory authority shall oversee the litigation;**
- (3) The government attorneys shall retain veto power over any decisions made by outside counsel;**
- (4) A government attorney with supervisory authority for the case shall attend all settlement conferences;**

and

(5) Decisions regarding settlement of the case shall be reserved exclusively to the discretion of the attorney general.

5. The attorney general shall develop a standard addendum to every contract for contingent fee attorney services that shall be used in all cases, describing in detail what is expected of both the contracted private attorney and the state, including, without limitation, the requirements listed in subsection 4 of this section.

6. Copies of any executed contingency fee contract and the attorney general's written determination to enter into a contingency fee contract with the private attorney shall be posted on the attorney general's website for public inspection within five business days after the date the contract is executed and shall remain posted on the website for the duration of the contingency fee contract, including any extensions or amendments to the contract. Any payment of contingency fees shall be posted on the attorney general's website within fifteen days after the payment of such contingency fees to the private attorney and shall remain posted on the website for at least three hundred sixty-five days.

7. Any private attorney under contract to provide services to the state on a contingency fee basis shall, from the inception of the contract until at least four years after the contract expires or is terminated, maintain detailed current records, including documentation of all expenses, disbursements, charges, credits, underlying receipts and invoices, and other financial transactions that concern the provision of such attorney services. The private attorney shall maintain detailed contemporaneous time records for the attorneys and paralegals working

on the matter in increments of no greater than one tenth of an hour and shall promptly provide these records to the attorney general, upon request. Any request under chapter 610 for inspection and copying of such records shall be served upon and responded to by the attorney general's office.

8. By February first of each year, the attorney general shall submit a report to the president pro tem of the senate and the speaker of the house of representatives describing the use of contingency fee contracts with private attorneys in the preceding calendar year. At a minimum, the report shall:

(1) Identify all new contingency fee contracts entered into during the year and all previously executed contingency fee contracts that remain current during any part of the year, and for each contract describe:

(b) The nature and status of the legal matter;

(c) The name of the parties to the legal matter;

(d) The amount of any recovery; and

(e) The amount of any contingency fee paid.

(2) Include copies of any written determinations made under subsections 1 and 2 of this section.

No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours, shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

(1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;

(2) Establish one-way streets and provide for the regulation of vehicles thereon;

(3) Require vehicles to stop before crossing certain designated streets and boulevards;

(4) Limit the use of certain designated streets and boulevards to passenger vehicles, **except that each municipality shall allow at least one street, with lawful traffic movement and access from both directions, to be available for use by commercial vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize municipalities to limit the use of all streets in the municipality;**

(5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

4. No ordinance shall impose liability on the owner-lessor of a motor vehicle when the vehicle is being permissively used by a lessee and is illegally parked or operated if the registered owner-lessor of such vehicle furnishes the name, address and operator's license number of the person renting or leasing the vehicle at the time the violation occurred to the proper municipal authority within three working days from the time of receipt of written request for such information. Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial vehicles on all streets within the municipality.”; and

Further amend said bill, Page 52, Section 516.140, Line 7, by inserting after all of said section and line the following:

2. No individual or business entity shall be subject to any civil action in law or equity for a public or private nuisance on the basis of such individual or business entity legally using vehicles on a public street or highway. Any actions by a court in this state to enjoin the use of a public street or highway in violation of this section and any damages awarded or imposed by a court, or assessed by a jury, against an individual or business entity for public or private nuisance in violation of this section shall be null and void.

3. Notwithstanding any other provision of law, nothing in this section shall be construed to limit civil liability for compensatory damages arising from physical injury to another human being.”; and

Representative Klippenstein offered **House Amendment No. 3.**

House Amendment No. 3

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 162, Page 16, Section 144.070, Line 80, by inserting after all of said section and line the following:

“262.815. 1. This section shall be known and may be cited as the "Missouri Farmland Trust Act". The purpose of this section is to allow individuals and entities to donate, gift, or otherwise convey farmland to the state department of agriculture for the purpose of preserving the land as farmland and to further provide beginning farmers with an opportunity to farm by allowing long-term low and variable cost leases, thereby making it affordable for the next generation of farmers to continue to produce food, fiber, and fuel.

2. There is hereby created the "Missouri Farmland Trust" which shall be implemented in a manner to accomplish the following objectives:

- (1) Protect and preserve Missouri's farmland;**
- (2) Link new generations of prospective farmers with present farmers; and**
- (3) Promote best practices in environmental, livestock, and land stewardship.**

3. (1) There is hereby created within the department of agriculture the "Missouri Farmland Trust Advisory Board" which shall be comprised of five members appointed by the director of the department of agriculture. Members shall serve without compensation but, subject to appropriations, may be reimbursed for actual and necessary expenses.

(2) The board shall make recommendations to the director on the appropriate uses of farmland in the trust, criteria to be used to select applicants for the program, and review and make recommendations regarding applications to lease farmland in the trust.

(3) Members shall serve five-year terms, with each term beginning July first and ending June thirtieth; except that, of the members initially appointed two shall be appointed for a term of three years, two shall be appointed for a term of four years, and one shall be appointed for a term of five years. Each member shall serve until his or her successor is appointed. Any vacancies occurring prior to the expiration of a term shall be filled by appointment for the remainder of such term. No member shall serve more than two consecutive terms.

4. The department of agriculture is authorized to accept or acquire by purchase, lease, donation, or agreement any agricultural lands, easements, real and personal property, or rights in lands, easements, or real and personal property, including but not limited to buildings, structures, improvements, equipment, or facilities subject to preservation and improvement. Such lands shall be properties of the Missouri farmland trust for purposes of this section and shall be governed by the provisions of this section and rules promulgated thereunder.

5. (1) There is hereby created in the state treasury the "Missouri Farmland Trust Fund", which shall consist of all gifts, bequests, donations, transfers, and moneys appropriated by the general assembly under this

section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Upon appropriation, money in the fund shall be used for the administration of this section and may be used to make payments to counties for the value of land as payment in lieu of real and personal property taxes for privately owned land acquired after the effective date of this section in such amounts as determined by the department; except that, the amount determined shall not be less than the real property tax paid at the time of acquisition. The department of agriculture may require applicants who are awarded leases to pay the property taxes owed under this section for such property.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The department of agriculture is authorized to accept all moneys, appropriations, gifts, bequests, donations, or other contributions of moneys or other real or personal property to be expended or used for any of the purposes of this section. The department may improve, maintain, operate, and regulate any such lands, easements, or real or personal property to promote agriculture and the general welfare using moneys in the fund. Property acquired by the department under this section shall be used for agricultural purposes. The director shall establish by rule guidelines for leasing farmland to the trust to beginning farmers for a period not to exceed twenty years. All property acquired by the department under this section shall be farmed and maintained using the best environmental, conservation, and stewardship practices as outlined by the department. The department may charge an administrative fee for lease application processing under this section.

7. The department, in consultation with the Missouri farmland advisory board, shall promulgate rules to implement the provisions of this section, including but not limited to requirements for lessees, selection process for granting leases, and the terms of the lease, including requirements for applicants, renewal process, requirements for the maintenance of real and personal property by the lessee, and conditions for the termination of leases.

8. Any person or entity donating land to or leasing land from the department shall forever release the state of Missouri, the Missouri department of agriculture, the department's director, officers, employees, volunteers, agents, contractors, servants, heirs, successors, assigns, persons, firms, corporations, representatives, and other entities who are or who will be acting in concert or privity with or on behalf of the state from any and all actions, claims, or demands that he or she, family members, heirs, successors, assigns, agents, servants, employees, distributees, guardians, next-of-kin, spouse, and legal representatives now have or may have in the future for any injury, death, property damage related to:

(1) Participation in such activities;

(2) The negligence, intentional acts, or other acts, whether directly connected to such activities or not, and however caused; and

(3) The condition of the premises where such activities occur.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

“60.510. The functions, duties and responsibilities of the department of [natural resources] **agriculture** shall be as follows:

(1) To restore, maintain, and preserve the land survey monuments, section corners, and quarter section corners established by the United States public land survey within Missouri, together with all pertinent field notes, plats and documents; and also to restore, establish, maintain, and preserve other boundary markers considered by the department of [natural resources] **agriculture** to be of importance, or otherwise established by law;

(2) To design and cause to be placed at established public land survey corner sites, where practical, substantial monuments permanently indicating, with words and figures, the exact location involved, but if such monuments cannot be placed at the exact corner point, then witness corners of similar design shall be placed as near by as possible, with words and figures indicating the bearing and distance to the true corner;

(3) To establish, maintain, and provide safe storage facilities for a comprehensive system of recordation of information respecting all monuments established by the United States public land survey within this state, and such records as may be pertinent to the department of [natural resources] **agricultures'** establishment or maintenance of other land corners, Missouri state coordinate system stations and accessories, and monuments in general;

(4) To extend throughout this state a triangulation and leveling net of precision, whereby the Missouri state coordinate system, as established by section 60.400, may be made to cover to the necessary extent those areas of the state which do not now have enough geodetic control stations to permit the general use of the system by land surveyors and others;

(5) To collect and preserve information obtained from surveys made by those authorized to establish land monuments or land boundaries, and to assist in the proper recording of the same by the duly constituted county officials, or otherwise;

(6) To furnish, upon reasonable request and tender of the required fees therefor, certified copies of records created or maintained by the department of [natural resources] **agriculture** which, when certified by the state land surveyor or a designated assistant, shall be admissible in evidence in any court in this state, as the original record;

(7) To prescribe, and disseminate to those engaged in the business of land surveying, advisory regulations designed to assist in uniform and professional surveying methods and standards in this state; and

(8) To select and appoint a state land surveyor, who shall be the chief administrative officer of the [authority] **land survey program**, and who shall hold office at the pleasure of the [authority] **director of the department of agriculture**.

60.530. The state land surveyor shall, under guidance of the department of [natural resources] **agriculture**, carry out the routine functions and duties of the department of [natural resources] **agriculture**, as prescribed in sections [60.500] **60.510** to 60.610. He shall, whenever practical, cause all land surveys, except geodetic surveys, to be executed, under his direction by the registered county surveyor or a local registered land surveyor when no registered county surveyor exists. He shall perform such other work and acts as shall, in the judgment of the department of [natural resources] **agriculture**, be necessary and proper to carry out the objectives of sections [60.500] **60.510** to 60.610 and, within the limits of appropriations made therefor and subject to the approval of the department of [natural resources] **agriculture**, employ and fix the compensation of such additional employees as may be necessary to carry out the provisions of sections [60.500] **60.510** to 60.610.

60.540. 60.550. The custody and ownership of the original United States public land survey corners and accessories, including all restoration and replacements thereof and all accessories, belonging to the state of Missouri is hereby transferred to the department of [natural resources] **agriculture**. The department of [natural resources] **agriculture** shall see that the markers are maintained, and the alteration, removal, disfiguration or destruction of any of the corners or accessories, without specific permission of the department of [natural resources] **agriculture**, is an act of destruction

of state property and is a misdemeanor. Any person convicted thereof shall be punished as provided by law. Each of the several prosecuting attorneys is specifically directed to prosecute for the violation of this section for any act of destruction which occurs in his **or her** county.

60.560. Upon request, the state attorney general shall advise the department of [natural resources] **agriculture** or the state land surveyor with respect to any legal matter, and shall represent the department of [natural resources] **agriculture or state land surveyor** in any proceeding in any court of the state in which the [authority] **department or state land surveyor** shall be a party.

This service shall be free of cost when possible; otherwise, it shall be at actual cost of reproduction of the records. On the same basis of cost, the department of [natural resources] **agriculture** shall furnish records within its custody to other agencies or departments of state, county or city, certifying them.

2. The department of [natural resources] **agriculture** may produce, reproduce and sell maps, plats, reports, studies, and records, and shall fix the charge therefor. All income received shall be promptly deposited in the state treasury to the credit of the department of [natural resources document] **agriculture revolving** services fund.

60.595. 1. The "Department of [Natural Resources] **Agriculture Revolving Services Fund**" is hereby created. All funds received by the department of [natural resources] **agriculture** from the delivery of services and the sale or resale of maps, plats, reports, studies, records and other publications and documents by the department shall be credited to the fund. The director of the department shall administer the fund. The state treasurer is the custodian of the fund and [shall] **may** approve disbursements from the fund requested by the director of the department. When appropriated, moneys in the fund shall be used to purchase goods or services that will ultimately be used to reprint maps, publications or other documents requested by governmental agencies or members of the general public; to publish the maps, publications or other documents or to purchase maps, publications or other documents for resale; and to pay shipping charges, laboratory services, core library fees, workshops, conferences, interdivisional cooperative agreements, but for no other purpose.

2. An unencumbered balance in the fund at the end of the fiscal year not exceeding one million dollars is exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the general revenue fund.

3. The department of [natural resources] **agriculture** shall report all income to and expenditures from such fund on a quarterly basis to the house budget committee and the senate appropriations committee.

60.600. Every employee of the department of [natural resources] **agriculture** who is engaged in work required by law to be done by a registered land surveyor [will] **shall** be so registered. No employee of the department of [natural resources] **agriculture** shall engage in private land surveying or consultation while employed by the department of [natural resources] **agriculture**.

60.610. Whenever the department of [natural resources] **agriculture** deems it expedient, and when funds appropriated permit, the department of [natural resources] **agriculture** may enter into any contract with agencies of the United States, with agencies of other states, or with private persons, registered land surveyors or professional engineers, in order to plan and execute desired land surveys or geodetic surveys, or to plan and execute other projects which are within the scope and purpose of sections [60.500] **60.510** to 60.610.

60.620. 1. There is hereby created the "Land Survey Advisory Committee", within the department of [natural resources] **agriculture**. The committee shall consist of five members appointed by the director of the department of

2. The advisory committee shall consist of persons who reside in this state and are not employed by the department of [natural resources] **agriculture**. Three members shall be registered land surveyors, one of which shall be a county surveyor. One member shall represent the real estate or land title industry.

3. The advisory committee shall elect a chairman annually. The committee shall meet semiannually and at other such times as called by the chairman of the committee and shall have a quorum when at least three members are present.

4. The advisory committee members shall serve without compensation but shall be reimbursed for actual and necessary expenses incurred in the performance of their official duties.

5. The advisory committee shall provide the director of the department of [natural resources] **agriculture** with advice and counsel on the planning and prioritization of the program and the design of regulations needed to carry out the functions, duties, and responsibilities of the department of [natural resources] **agriculture**.

6. The committee shall, at least annually, prepare a report, which shall be available to the general public, of the review by the committee of the land survey program, stating its findings, conclusions, and recommendations to the director.

60.653. 1. It shall be the duty of the recorder of deeds to maintain a copy of all survey plats delivered to his custody in an appropriate file medium capable of reproduction.

2. Survey plats shall be placed in the plat books or such other record books as have been previously established.

3. A duplicate of the recorded survey plat shall be provided to the land survey [division] **program** of the department of [natural resources] **agriculture** at an amount not to exceed the actual cost of the duplicate.

4. The recorder shall maintain an index of all survey plats, subdivision plats, and condominium plats by section, township, and range and by subdivision or condominium name.

5. Copies of survey plats shall be evidence in all courts of justice when properly certified under the hand and official seal of the recorder.

The office of the state land surveyor established within the department of [natural resources] **agriculture** shall promulgate rules and regulations establishing minimum standards for digital cadastral parcel mapping. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

On motion of Representative Korman, **House Amendment No. 5** was adopted.

Representative Jones (117) offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 162, Page 24, Section 276.441, Line 12, by inserting immediately after said line the following:

“338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including **any legend drugs under 21 U.S.C. Section 353**; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, and meningitis vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, **and veterinarians and their clients about legend drugs**, about the safe and effective use of drugs and devices; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his **or her** duties. This assistance in no way is intended to relieve the pharmacist from his **or her** responsibilities for compliance with this chapter and he **or she** will be responsible for the actions of the auxiliary personnel acting in his **or her** assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered

practitioner of medicine, dentistry, **or** podiatry, or veterinary medicine **only for use in animals**, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, **administering, prescribing,** or dispensing of his **or her** own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

338.140. 1. The board of pharmacy shall have a common seal, and shall have power to adopt such rules and bylaws not inconsistent with law as may be necessary for the regulation of its proceedings and for the discharge of the duties imposed pursuant to sections 338.010 to 338.198, and shall have power to employ an attorney to conduct prosecutions or to assist in the conduct of prosecutions pursuant to sections 338.010 to 338.198.

2. The board shall keep a record of its proceedings.

3. The board of pharmacy shall make annually to the governor and, upon written request, to persons licensed pursuant to the provisions of this chapter a written report of its proceedings.

4. The board of pharmacy shall appoint an advisory committee composed of [five] **six** members, one of whom shall be a representative of pharmacy but who shall not be a member of the pharmacy board, three of whom shall be representatives of wholesale drug distributors as defined in section 338.330, [and] one of whom shall be a representative

of drug manufacturers, **and one of whom shall be a licensed veterinarian recommended to the board of pharmacy by the board of veterinary medicine.** The committee shall review and make recommendations to the board on the merit of all rules and regulations dealing with pharmacy distributors, wholesale drug distributors [and], drug manufacturers, **and veterinary legend drugs** which are proposed by the board.

5. A majority of the board shall constitute a quorum for the transaction of business.

6. Notwithstanding any other provisions of law to the contrary, the board may issue letters of reprimand, censure or warning to any holder of a license or registration required pursuant to this chapter for any violations that could result in disciplinary action as defined in section 338.055.

338.150. Any person authorized by the board of pharmacy is hereby given the right of entry and inspection upon all open premises purporting or appearing to be drug or chemical stores, apothecary shops, pharmacies or places of business for exposing for sale, or the dispensing or selling of drugs, pharmaceuticals, medicines, chemicals or poisons or for the compounding of physicians' **or veterinarians'** prescriptions.

338.210. 1. Pharmacy refers to any location where the practice of pharmacy occurs or such activities are offered or provided by a pharmacist or another acting under the supervision and authority of a pharmacist, including every premises or other place:

(4) Where patient records or other information is maintained for the purpose of engaging or offering to engage in the practice of pharmacy or to comply with any relevant laws regulating the acquisition, possession, handling, transfer, sale or destruction of drugs, chemicals, medicines, prescriptions or poisons.

2. All activity or conduct involving the practice of pharmacy as it relates to an identifiable prescription or drug order shall occur at the pharmacy location where such identifiable prescription or drug order is first presented by the patient or the patient's authorized agent for preparation or dispensing, unless otherwise expressly authorized by the board.

3. The requirements set forth in subsection 2 of this section shall not be construed to bar the complete transfer of an identifiable prescription or drug order pursuant to a verbal request by or the written consent of the patient or the patient's authorized agent.

4. The board is hereby authorized to enact rules waiving the requirements of subsection 2 of this section and establishing such terms and conditions as it deems necessary, whereby any activities related to the preparation, dispensing or recording of an identifiable prescription or drug order may be shared between separately licensed facilities.

5. If a violation of this chapter or other relevant law occurs in connection with or adjunct to the preparation or dispensing of a prescription or drug order, any permit holder or pharmacist-in-charge at any facility participating in the preparation, dispensing, or distribution of a prescription or drug order may be deemed liable for such violation.

6. Nothing in this section shall be construed to supersede the provisions of section 197.100.

338.220. 1. It shall be unlawful for any person, copartnership, association, corporation or any other business entity to open, establish, operate, or maintain any pharmacy as defined by statute without first obtaining a permit or license to do so from the Missouri board of pharmacy. A permit shall not be required for an individual licensed pharmacist to perform nondispensing activities outside of a pharmacy, as provided by the rules of the board. The permit or license issued shall be renewable upon payment of a renewal fee. Separate applications shall be made and separate permits or licenses required for each pharmacy opened, established, operated, or maintained by the same owner.

3. All permits, licenses or renewal fees collected pursuant to the provisions of sections 338.210 to 338.370 shall be deposited in the state treasury to the credit of the Missouri board of pharmacy fund, to be used by the Missouri board of pharmacy in the enforcement of the provisions of sections 338.210 to 338.370, when appropriated for that purpose by the general assembly.

4. Class L: veterinary permit shall not be construed to prohibit or interfere with any legally registered practitioner of veterinary medicine in the compounding, **administering, prescribing,** or dispensing of their own prescriptions, **or medicine, drug, or pharmaceutical product to be used for animals.** 5. [Notwithstanding any other law to the contrary] **Except for any legend drugs under 21 U.S.C. Section 353,** the provisions of this section shall not apply to the sale, dispensing, or filling of a pharmaceutical product or drug used for treating animals.

(5) That said pharmacy is operated in compliance with the rules and regulations legally prescribed with respect thereto by the Missouri board of pharmacy, a permit or renewal thereof shall be issued to such persons as the said board of pharmacy shall deem qualified to conduct such pharmacy.

2. In lieu of a registered pharmacist as required by subdivision (4) of subsection 1 of this section, a pharmacy permit holder that only holds a class L veterinary permit and no other pharmacy permit, may designate a supervising registered pharmacist who shall be responsible for reviewing the activities and records of the class L pharmacy permit holder as established by the board by rule. The supervising registered pharmacist shall not be required to be physically present on site during the business operations of a class L pharmacy permit holder identified in subdivision (5) of subsection 1 of this section when noncontrolled legend drugs under 21 U.S.C. 87.205. 1. Upon retirement for accidental disability **before August 28, 2011**, a member shall receive seventy-five percent of the pay then provided by law for the highest step in the range of salary for the title or rank held by such member at the time of such retirement unless the member is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever and is continuously confined to the member's home except for visits to obtain medical treatment, in which event the member may receive, in the discretion of the board of trustees, a retirement allowance in an amount not exceeding the member's rate of compensation as a firefighter in effect as of the date the allowance begins.

2. Anyone who has retired pursuant to the provisions of section 87.170 and has been reinstated pursuant to subsection 2 of section 87.130 who subsequently becomes disabled, as provided in section 87.200, shall receive a total benefit which is the higher of either the disability pension or the service pension.

3. Upon retirement for accidental disability on or after August 28, 2011, based on conditions of the heart, lungs, or cancer or based on permanent and total disability which will prevent the member from obtaining employment elsewhere, as determined by the board of trustees based on medical evidence presented by the

retirement system's physicians, a member shall receive, regardless of his or her number of years of credible service, seventy-five percent of the earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

4. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, a member shall receive a base pension equal to twenty-five percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

5. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, the member may elect to receive an education allowance in an amount not to exceed the tuition for a state resident at the University of Missouri-St. Louis. The accidentally disabled member shall enroll in a college, university, community college, or vocational or technical school at the first opportunity after the accidentally disabled member was retired and shall receive such educational allowance in the form of reimbursement upon proof of payment to such institution. The education allowance described in this subsection shall cease when the accidentally disabled member ceases to be a full-time student or if the accidentally disabled member is restored to active service as a firefighter, but in no event shall such education allowance be available for more than five years after the member is retired under section 87.200.

6. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the education allowance provided for in subsection 5 of this section, members with twenty-five years or less of creditable service shall receive an additional accidental retirement pension equal to two and three-fourths percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of retirement for each year of credible service equal to or greater than ten years but not more than twenty-five years.

7. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the additional accidental retirement pension provided for in subsection 6 of this section, for members with twenty-five years or less of creditable service, then during such time that the disabled member is a full-time student in a college, university, community college, or vocational or technical school and is receiving the educational allowance provided for in subsection 5 of this section, such member shall also receive a supplemental disability retirement pension in the amount necessary so that his or her total accidental disability retirement pension, excluding the education allowance, shall be equal to one hundred percent of the earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement. In no event shall such supplemental accidental disability pension be paid for a period more than five years after the member is retired under section 87.200.

8. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the education allowance provided for in subsection 5 of this section, for members with more than twenty-five years of credible service, such member shall also receive an additional pension equal to fifty percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

9. Notwithstanding any other provisions in this section, upon retirement for accidental disability, other than as provided in subsection 3 of this section, on or after August 28, 2011, a member with more than twenty years of credible service but not more than twenty-five years of creditable service may waive the right to receive the education allowance provided for in subsection 5 of this section, the right to additional pension retirement allowance provided for in subsection 6 of this section, and the right to receive the supplemental disability retirement pension provided for in subsection 7 of this section and may elect to receive instead in addition to the accidental disability retirement base pension as provided for in subsection 4 of this section an additional pension from the date of such member's retirement equal to forty percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement. Any such election shall be made prior to such member's receipt of his or her first accidental disability pension payment.

87.207. The following allowances due under the provisions of sections 87.120 to 87.371 of any member who retired from service shall be increased annually, as approved by the board of trustees beginning with the first increase in the October following his or her retirement and subsequent increases in each October thereafter, at the rates designated:

- (1) With a retirement service allowance or ordinary disability allowance:
- (a) One and one-half percent per year, compounded each year, up to age sixty for those retiring with twenty to twenty-four years of service,
 - (b) Two and one-fourth percent per year, compounded each year, up to age sixty for those retiring with twenty-five to twenty-nine years of service,
 - (c) Three percent per year, compounded each year, up to age sixty for those retiring with thirty or more years of service,
 - (d) After age sixty, five percent per year for five years;
- (2) With an accidental disability allowance, three percent per year, compounded each year, up to age sixty, then five percent per year for five years. **Provided, however, for accidental disability on or after August 28, 2011, for reasons other than provided in subsection 3 of section 87.205, unless a member has more than twenty-five years of creditable service, the accidental disability allowance shall only increase at a rate of one percent per year, compounded each year, up to age sixty, then five percent per year for five years. For accidental disability on or after August 28, 2011, for reasons other than provided in subsection 3 of section 87.205, if a member has more than twenty-five years of creditable service, the accidental disability allowance shall only increase at a rate of two and one-fourth percent per year, compounded each year, up to age sixty, then five percent per year for five years.”; and**

“262.815. 1. This section shall be known and may be cited as the "Missouri Farmland Trust Act". The purpose of this section is to allow individuals and entities to donate, gift, or otherwise convey farmland to the state department of agriculture for the purpose of preserving the land as farmland and to further provide beginning farmers with an opportunity to farm by allowing long-term low and variable cost leases, thereby making it affordable for the next generation of farmers to continue to produce food, fiber, and fuel.

2. There is hereby created the "Missouri Farmland Trust" which shall be implemented in a manner to accomplish the following objectives:

- (1) Protect and preserve Missouri's farmland;**
- (2) Link new generations of prospective farmers with present farmers; and**
- (3) Promote best practices in environmental, livestock, and land stewardship.**

3. (1) There is hereby created within the department of agriculture the "Missouri Farmland Trust Advisory Board" which shall be comprised of five members appointed by the director of the department of agriculture. Members shall serve without compensation but, subject to appropriations, may be reimbursed for actual and necessary expenses.

(2) The board shall make recommendations to the director on the appropriate uses of farmland in the trust, criteria to be used to select applicants for the program, and review and make recommendations regarding applications to lease farmland in the trust.

(3) Members shall serve five-year terms, with each term beginning July first and ending June thirtieth; except that, of the members initially appointed two shall be appointed for a term of three years, two shall be appointed for a term of four years, and one shall be appointed for a term of five years. Upon appropriation, money in the fund shall be used for the administration of this section and may be used to make payments to counties for the value of land as payment in lieu of real and personal property taxes for privately owned land acquired after the effective date of this section in such amounts as determined by the department; except that, the amount determined shall not be less than the real property tax paid at the time of acquisition. The department of agriculture may require applicants who are awarded leases to pay the property taxes owed under this section for such property.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. Property acquired by the department under this section shall be used for agricultural purposes. The director shall establish by rule guidelines for leasing farmland to the trust to beginning farmers for a period not to exceed twenty years. All property acquired by the department under this section shall be farmed and maintained using the best environmental, conservation, and stewardship practices as outlined by the department. If less than four-sevenths of the votes cast on the question by the registered voters voting thereon are in favor of the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the registered voters and such question is approved by the requisite four-sevenths of the registered voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal submitted under this section.

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

67.1886. In addition to all other powers granted by sections 67.1860 to [67.1898] **67.1894** the district shall have the following general powers:

- (1) To contract with the [local] **county** sheriff's department for the provision of services;

The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

3. **The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources. However,** the district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. [The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.]

67.1894. [1. The authority of the district to levy any property tax levied pursuant to section 67.1880 may be terminated by a petition of the voters in the district in the manner prescribed in this section.

2. The petition for termination of authority to tax may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116; or

(2) All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

4. If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 67.1896. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board] **Whenever the district board receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district, calling for an election to repeal the tax imposed under section 67.1880, the board shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the registered voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax authorized in section 67.1880 shall remain effective until the question is resubmitted under this section to the registered voters and the repeal is approved by a majority of the registered voters voting on the question.**

[67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.]

5. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created and shall be known as the "City Community Center Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special fund which are not needed for meeting current obligations under any bond issued under this section or for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least ten percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

9. No sales tax imposed under this section shall be terminated until all of any bonds issued under this section have been retired.

10. The sales tax imposed under this section shall be imposed for a period of twenty-five years, and may be extended upon the approval of the voters of the city in the same manner in which the sales tax was adopted.

11. The city shall establish a board consisting of seven members, one of which shall be the mayor of the city, to administer the provisions of this section with such powers and duties which shall be delegated by the governing body of the city.

12. No bonds issued under this section shall be refinanced for a term longer than the number of years remaining on the original terms of the bonds being refinanced without the approval of the voters of the city. Any proposal to refinance such bonds submitted to the voters shall include the number of years the bonds will be refinanced and the number of years the sales tax will be extended to repay such refinanced bonds.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Nance, **House Amendment No. 9** was adopted.

Representative Cookson offered **House Amendment No. 10**.

House Amendment No. 10

The tax authorized in this section shall be in addition to the charge for the sleeping room, **RV site, or campsite** and all other taxes imposed by law, and [fifty percent of] the proceeds of such tax shall be used [by the county to fund law enforcement with the remaining fifty percent of such proceeds to be used] to fund the promotion, **operation, and development** of tourism. Such tax shall be stated separately from all other charges and taxes.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

☐ YES

☐ NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter following the calendar quarter in which the election was held. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax authorized by this section shall not become effective unless and until the question is resubmitted under this section to the qualified voters of the county and such question is approved by a majority of the qualified voters of the county voting on the question.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Cookson, **House Amendment No. 10** was adopted.

Representative Schneider offered **House Amendment No. 11**.

House Amendment No. 11

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 360, Page 16, Section 137.016, Line 82, by inserting after all of said line the following:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the

assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend said title, enacting clause and intersectional references accordingly.

(b) The nature and status of the legal matter;

(c) The name of the parties to the legal matter;

(d) The amount of any recovery; and

(e) The amount of any contingency fee paid.

(2) Include copies of any written determinations made under subsections 1 and 2 of this section.

34.380. Nothing in sections 34.376 to 34.380 shall be construed to expand the authority of any state agency or state agent to enter into contracts where no such authority previously existed.”; and

(9) The disclosure to the public of any information, or facts shown thereby regarding the claiming of a state tax credit by a member of the Missouri general assembly or any statewide elected public official.

3. Any person violating any provision of subsection 1 or 2 of this section shall, upon conviction, be guilty of a class D felony.

4. The state auditor or the auditor's duly authorized employees who have taken the oath of confidentiality required by section 29.070 shall have the right to inspect any report or return filed with the department of revenue if such inspection is related to and for the purpose of auditing the department of revenue; except that, the state auditor or the auditor's duly authorized employees shall have no greater right of access to, use and publication of information, audit and related activities with respect to income tax information obtained by the department of revenue pursuant to chapter 143 or federal statute than specifically exists pursuant to the laws of the United States and of the income tax laws of the state of Missouri.”; and

The city officer requesting the identity of taxpayers filing state returns but not paying city earnings tax shall furnish to the director of revenue a list of taxpayers paying such earnings tax, and the director shall compare the list submitted with the director's records and return to such city official the name and address of any taxpayer who is a resident of such city who has filed a state tax return but who does not appear on the list furnished by such city. The director of revenue may set a fee to reimburse the department for the costs reasonably incurred in providing this information;

(9) The disclosure to the public of any information, or facts shown thereby regarding the claiming of a state tax credit by a member of the Missouri general assembly or any statewide elected public official.

3. Any person violating any provision of subsection 1 or 2 of this section shall, upon conviction, be guilty of a class D felony.

House Amendment No. 10

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 117, Section 70.730, Page 20, Line 52, by inserting the following after all of said line:

“94.585. 1. The governing body of any city of the third classification with more than ten thousand eight hundred but fewer than ten thousand nine hundred inhabitants and located in more than one county may impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of funding the construction, maintenance, operation, and equipping of a community center and retiring any bonds issued for such purposes. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such order or ordinance adopted under this section shall become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax and issue bonds under this section. Such a proposal may include only the proposal to impose a sales tax or a proposal to issue bonds and to impose a sales tax to retire such bonds.

3. The ballot of submission shall contain, but need not be limited to the following language:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) impose a sales tax of (insert amount) for a period of twenty-five years for the purpose of funding the construction, maintenance, operation, and equipping of a community center which may include the retirement of debt under previously authorized bonded indebtedness?

(2) If the proposal submitted involves authorization to issue bonds and repay such bonds with revenues from the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) issue bonds in the amount of (insert amount) for a period of twenty-five years to fund construction, maintenance, operation, and equipping of a community center and impose a sales tax of (insert amount) to repay bonds?

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax, except that any proposal submitted to issue bonds shall be approved by the constitutionally required percentage of the voters voting thereon to become effective. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by the requisite majority of the qualified voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created and shall be known as the "City Community Center Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special fund which are not needed for meeting current obligations under any bond issued under this section or for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least ten percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

9. No sales tax imposed under this section shall be terminated until all of any bonds issued under this section have been retired.

10. The sales tax imposed under this section shall be imposed for a period of twenty-five years, and may be extended upon the approval of the voters of the city in the same manner in which the sales tax was adopted.

11. The city shall establish a board consisting of seven members, one of which shall be the mayor of the city, to administer the provisions of this section with such powers and duties which shall be delegated by the governing body of the city.

12. No bonds issued under this section shall be refinanced for a term longer than the number of years remaining on the original terms of the bonds being refinanced without the approval of the voters of the city. Any proposal to refinance such bonds submitted to the voters shall include the number of years the bonds will be refinanced and the number of years the sales tax will be extended to repay such refinanced bonds.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Nance, **House Amendment No. 10** was adopted.

Representative Nolte offered **House Amendment No. 11**.

House Amendment No. 11

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 117, Page 24, Section 137.082, Line 86, by inserting after all of said section and line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection

11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of an enhanced business enterprise and the taxpayer continues the operation of the same or substantially similar enhanced business enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subdivision (19) of this section, in the new facility during the tax period for which the credits allowed in section 135.967 are claimed exceed one million dollars and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two;

[(26)] (28) "Same or substantially similar enhanced business enterprise", an enhanced business enterprise in which the nature of the products produced or sold, or activities conducted, are similar in character and use or are produced, sold, performed, or conducted in the same or similar manner as in another enhanced business enterprise.

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

- (1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and
- (2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

- (a) Within the state of Missouri, according to the last decennial census or other appropriate source as approved by the director; or

- (b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

- (3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

- (4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or

- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100 due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or

- (2) A demonstrated impact on local industry cluster development.

5. Notwithstanding the requirements of subsections 1 and 4 of this section to the contrary, a renewable energy generation zone may be designated as an enhanced enterprise zone if the renewable energy generation zone meets the criteria set forth in subdivision (25) of section 135.950.

135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution **or ordinance** by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. **Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions.** In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027.

137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

(1) "Grain and other agricultural crops in an unmanufactured condition" shall mean grains and feeds including, but not limited to, soybeans, cow peas, wheat, corn, oats, barley, kafir, rye, flax, grain sorghums, cotton, and such other products as are usually stored in grain and other elevators and on farms; but excluding such grains and other agricultural crops after being processed into products of such processing, when packaged or sacked. The term "processing" shall not include hulling, cleaning, drying, grating, or polishing;

(2) **"Hydroelectric power generating equipment", very-low-head turbine generators with a nameplate generating capacity of at least four hundred kilowatts but not more than six hundred kilowatts and machinery and equipment used directly in the production, generation, conversion, storage, or conveyance of hydroelectric power to land-based devices and appurtenances used in the transmission of electrical energy;**

(3) "Intangible personal property", for the purpose of taxation, shall include all property other than real property and tangible personal property, as defined by this section;

[(3)] (4) "Real property" includes land itself, whether laid out in town lots or otherwise, and all growing crops, buildings, structures, improvements and fixtures of whatever kind thereon, **hydroelectric power generating equipment**, the installed poles used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes, provided the owner of such installed poles is also an owner of a fee simple interest, possessor of an easement, holder of a license or franchise, or is the beneficiary of a right-of-way dedicated for public utility purposes for the underlying land; attached wires, transformers, amplifiers, substations, and other such devices and appurtenances used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes when owned by the owner of the installed poles, otherwise such items are considered personal property; and stationary property used for transportation of liquid and gaseous products, including, but not limited to, petroleum products, natural gas, water, and sewage;

[(4)] (5) "Tangible personal property" includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place.

137.016. 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the Nation Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. **Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;**

(2) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, and manufactured home parks, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly, for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of section 4(b) of article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution.

7. No property tax classification changes resulting from this section shall have the effect of eliminating employer obligations under chapter 287.”; and

Further amend said bill, Page 40, Section 205.205, Line 67, by inserting after all of said section and line the following:

“226.224. Notwithstanding any provision of the law to the contrary, the state highways and transportation commission may enter into binding highway infrastructure improvement agreements to reimburse or repay, in an amount and in such terms agreed upon by the parties, any funds advanced by or for the benefit of a county, political subdivision, or private entity to expedite state road construction or improvement. Such highway infrastructure improvement agreements may provide for the assignment of the state highways and transportation commission's reimbursement or repayment obligations in order to facilitate the funding of such improvements. The funds advanced by or for the benefit of the county, political subdivision, or private entity for the construction or improvement of state highway infrastructure shall be repaid by the state highways and transportation commission from funds from the state road fund in a manner, time period, and interest rate agreed to upon by the respective parties. The state highways and transportation commission may condition the reimbursement or repayment of such advanced funds upon projected highway revenues only if terms of the contract explicitly state such a condition. The contract shall further provide for a date or dates certain for repayment of funds and the commission may delay repayment of the advanced funds if highway revenues fall below the projections used to determine the repayment schedule, or if repayment would jeopardize the receipt of federal highway moneys, only if terms of the contract state such a condition and the contract provides for a date or dates certain for repayment of funds.”; and

Further amend said bill, Page 49, Section 447.708, Line 224, by inserting after all of said section and line the following:

“620.2300. 1. As used in this section, the following terms shall mean;

However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

(5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;

(6) "Major source", the same meaning as is provided under 40 CFR 70.2;

(7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;

(8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:

- (a) The area consists of at least fifty contiguous acres;
- (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States environmental protection agency;

(10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;

(11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;

(12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

- (1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;
- (2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or
- (3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier.”; and

Further amend said bill, Page 51, Section B, Line 2, by inserting immediately after the word “revenue” the following:

“and because of the need to ensure the creation of jobs through the utilization of alternative energy sources”; and

Further amend said bill, page and section, Lines 3 and 6, by deleting “and 205.205” and inserting in lieu thereof the following:

(2) "Holder", any of the following:

(3) "Third-party right of enforcement", a right expressly provided in a conservation easement to enforce any of its items granted to a designated governmental body, charitable corporation, charitable association, charitable trust, individual, or any other private entity which, although eligible to be a holder, is not a holder.

3. (1) Except as otherwise provided in this section, a conservation easement may be created, conveyed, recorded, assigned, released, modified, terminated, or otherwise altered or affected in the same manner as other easements. No right or duty in favor of or against a holder and no right in favor of a person having a third-party right of enforcement arises under a conservation easement before its acceptance by the holder and a recordation of the acceptance. Except as provided in subdivision (2) of this subsection, a conservation easement is unlimited in duration unless the instrument creating it provides otherwise.

(2) An interest in real property in existence at the time a conservation easement is created is not impaired by it unless the owner of the interest is a party to the conservation easement or consents to it.

4. (1) An action affecting a conservation easement may be brought by an owner of an interest in real property burdened by the easement; a holder of the easement, a person having a third-party right of enforcement; or a person authorized by other law.

(2) This section does not affect the power of a court to modify or terminate a conservation easement in accordance with the principles of law and equity.

(2) It can be or has been assigned to another holder;

(3) It is not of a character that has been recognized traditionally at common law;

(5) It imposes affirmative obligations upon the owner of an interest in the burdened property or upon the holder;

(6) The benefit does not touch or concern real property; or

(7) There is no privity of estate or of contract.

6. Nothing in this section shall affect the ability of any public utility, municipal utility, joint municipal utility commission, rural electric cooperative, telephone cooperative, or public water supply district to acquire an easement, either through negotiation with an owner of an interest in real property or by condemnation, to lay or construct plants or facilities for the transmission or distribution of electricity, natural gas, telecommunications service, water, or the carriage of sewage along or across a conservation easement.

7. This section applies to any interest created after its effective date which complies with this section, whether designated as a conservation easement or as a covenant, equitable servitude, restriction, easement, or otherwise. This section applies to any interest created before its effective date if it would have been enforceable had it been created after its effective date unless retroactive application contravenes the constitution or laws of this state or the United States. This section does not alter the terms of any interest created before its effective date, or impose any additional burden or obligation on any grantor or grantee of such interest, or on their successors or assigns. “197.071. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person under the provisions of sections 197.010 to [197.120] 197.162, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to

such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services.

197.080. 1. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

2. The department shall review and revise its regulations governing hospital licensure and enforcement as to promote hospital and regulatory efficiencies and eliminate duplicative regulation and inspections by or on behalf of state and federal agencies. The hospital licensure regulations adopted under this section shall incorporate standards which shall include, but not be limited to, the following:

(1) Each citation or finding of a regulatory deficiency shall refer to the specific written and publicly available standard and associated written interpretative guidance that are the basis of the citation or finding;

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the federal Centers for Medicare and Medicaid Services' Conditions of Participation for hospitals and associated interpretive guidance;

(3) The department shall establish and publish a process and standards for complaint investigation, including but not limited to:

(a) A process and standards for determining which complaints warrant an onsite investigation based on a preliminary review of available information from the complainant and the hospital. The process and standards shall, at a minimum, provide for a departmental determination independent of any recommendation for investigation by or in consultation with the federal Centers for Medicare and Medicaid Services (CMS). For purposes of evaluating such process and standards, the number and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) The scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a threat of immediate jeopardy of safety is observed or identified during such investigation;

(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

(4) Subject to appropriations, the department shall designate adequate and sufficient resources to the annual inspection of hospitals necessary for licensure, including but not limited to resources for consultation services and collaboration with hospital personnel to facilitate improvements;

(5) Hospitals and hospital personnel shall have the opportunity to participate in:

(a) Training sessions provided to state licensure surveyors, which shall be provided at least annually subject to appropriations. Hospitals and hospital personnel shall assume all costs associated with their participation in training sessions and use of curriculum materials; and

(b) Training of surveyors assigned to inspection of hospitals to the fullest extent possible, including the training of surveyors previously designated as a surveyor specific, which resulted in the exclusion of all hospital personnel from such training sessions;

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

197.100. 1. Any provision of chapter 198 and chapter 338 to the contrary notwithstanding, the department of health and senior services shall have sole authority, and responsibility for inspection and licensure of hospitals in this state including, but not limited to all parts, services, functions, support functions and activities which contribute directly or indirectly to patient care of any kind whatsoever. The department of health and senior services shall annually inspect each licensed hospital [and] **but shall accept in lieu of an annual inspection reports of hospital inspections from other governmental and recognized accrediting organizations as authorized by this section. Recognizing accrediting organizations shall be those that have deemed status conferred by the Centers for Medicare and Medicaid Services (CMS) to take the place of direct CMS oversight and enforcement. The department shall make any other inspections and investigations as it deems necessary for good cause shown; provided that, the scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a documented threat of immediate jeopardy of safety is observed or identified during the investigation.** The department of health and senior services shall accept reports of hospital inspections from governmental agencies and recognized accrediting organizations [in whole or in part] for licensure purposes if:

- (1) The inspection is comparable to an inspection performed by the department of health and senior services;
- (2) The hospital meets minimum licensure standards; and

(3)] **the accreditation inspection was conducted within [one year of the date of license renewal] the term of accreditation authorized by the Centers for Medicare and Medicaid Services in granting deemed status to the recognized accrediting organization.** The department of health and senior services shall attempt to schedule inspections and evaluations required by this section so as not to cause a hospital to be subject to more than one inspection in any twelve-month period from the department of health and senior services or any agency or accreditation organization the reports of which are accepted for licensure purposes pursuant to this section, except for good cause shown.

2. Other provisions of law to the contrary notwithstanding, the department of health and senior services shall be the only state agency to determine life safety and building codes for hospitals defined or licensed pursuant to the provisions of this chapter, including but not limited to sprinkler systems, smoke detection devices and other fire safety related matters so long as any new standards shall apply only to new construction.”; and

When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, owners of fleet vehicles may apply for fleet license plates bearing a company name or logo. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab **or window sticker**. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390, if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words

"SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) **Beginning January 1, 2012**, the director of revenue shall issue annually or biennially a [tab or set of tabs] **window sticker, to be placed on the front windshield of the motor vehicle**, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. **Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers.** Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs **or window sticker** to ensure that the tab or tabs **or the window sticker** positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs **or window stickers** shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] **The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.**

(3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs **or window sticker** shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways

and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. [No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.] **Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.**

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates **and window sticker** shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. **A window sticker shall not be required during the thirty-day time frame.** As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

301.160. Upon approval of the application for registration of a motor vehicle or trailer and when the required fee has been paid to the department of revenue, the department shall forward or deliver to the applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by section 301.130, or renewal tabs **or window stickers** if appropriate. The attachment to the motor vehicle or trailer specified in the application of current license plates shall be prima facie evidence that the fees have been paid for such license.

301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates [and], tabs, **and window stickers** issued by the director of revenue, and of signs used by the state transportation department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain tabs for the department of revenue.]

2. The director of revenue shall procure all plates issued by [him] **the director**, and the state transportation department shall procure all signs used by it from correctional enterprises, unless an emergency arises and correctional enterprises cannot furnish the plates, tabs, **window stickers**, or signs.

3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials.

4. All moneys derived from the sale of the plates, tabs, **window stickers**, and signs shall be paid into the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership, number plate, tab [or set of tabs] **or window sticker** issued by the director of revenue, the lawful holder thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall, on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate, certificate, tab [or set of tabs] **or window sticker**. Any duplicate certificate issued for any "motor vehicle primarily for business use", as defined in section 301.010, shall be issued only to the owner of record.

2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a fee of eight dollars and fifty cents.

3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new plate or plates are issued.

4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a duplicate or replacement title in the owner's name if the owner's title has been lost, stolen, mutilated, or destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from the department of revenue, the licensed dealer shall procure a power of attorney from the owner authorizing the dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf. The application to the department of revenue for the duplicate or replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the application shall contain the appropriate mailing address of the dealer. The director of the department of revenue is authorized to make all necessary rules and regulations for the administration of this subsection, and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

301.301. 1. Any person replacing a stolen license plate tab **or window sticker** issued on or after January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs **or window stickers** per year when the application for the replacement tab **or sticker** is accompanied with a police report that is corresponding with the stolen license plate tab **or window sticker**.

2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at no cost up to two sets of two license plate tabs per year when the application for the replacement tab is accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

301.302. A citation shall not be issued to any person stopped by law enforcement for a missing license plate tab or [tabs] **window sticker** if such person indicates that the tab or [tabs have] **window sticker has** been stolen and a check on such person's vehicle registration reveals that the vehicle is properly registered. A law enforcement officer may issue a warning under these circumstances. In the event a citation is improperly issued to a person for a missing [tabs] **tab or window sticker** when the requirements of this section are met, any court costs shall be waived.”; and

Further amend said bill, Page 4, Section 301.4006, Line 54, by inserting after all of said section and line the following:

“Section B. Section A of this act shall become effective January 1, 2012.”; and

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 12, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is my shepherd. (Psalm 23:1)

O God, Whose strength sustains us in our work, Whose hand supports us in our weariness, and Whose presence gives us security in the time of trouble, grant unto us the renewing power of Your Holy Spirit as we wait upon You in prayer. Lead us into green pastures, beside still waters, and along paths of righteousness in which our souls are restored. When we walk through the valley of the shadow of death, may we feel Your presence near and in the assurance of Your wisdom find deliverance in the midst of our distresses.

Fill our hearts with such a faith in You that, by night and by day, at all times, and in all seasons we may commit ourselves and those near and dear to us to Your never-failing compassion and to Your never-faltering mercy. Thus, may Your goodness and Your mercy follow us all the days of our lives, and in spirit may we dwell in Your house forevermore. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ryan Summa.

The Journal of the seventieth day was approved as printed.

SPECIAL RECOGNITION

Phyllis Hughes, Administrative Assistant, House Appropriations, was introduced by Representative Bernskoetter and presented a resolution acknowledging her retirement after 31 years of service to the Missouri House of Representatives.

(5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The seat of a commissioner shall be automatically vacated when the commissioner changes his or her residence so as to no longer conform to the terms of the requirements of the commissioner's appointment. The commission shall promptly notify the appointing authority of such change of residence.

4. Each appointing authority shall act to ensure that each appointee is secured accurately and in a timely manner, when a member's term expires or as soon as possible when a

member is unable to complete his term. A member whose term has expired shall continue to serve until his successor is appointed and qualified.

8. Notwithstanding any provisions of law to the contrary, any boundary adjustment approved by the residential property owners and the governing bodies of the affected municipalities or the county, if involved, shall not be subject to commission review. Such a boundary adjustment is not prohibited by the existence of an established unincorporated area.

9. House Amendment No. 1

House Amendment No. 2

AMEND House Amendment No. 2 to Senate Committee Substitute for Senate Bill No. 81, Page 1, Line 2, by inserting after all of said line the following:

“165.011. 1. The following funds are created for the accounting of all school moneys: teachers' fund, incidental fund, capital projects fund and debt service fund. The treasurer of the school district shall open an account for each fund specified in this section, and all moneys received from the county school fund and all moneys derived from taxation for teachers' wages shall be placed to the credit of the teachers' fund. All tuition fees, state moneys received under section 163.031, and all other moneys received from the state except as herein provided shall be placed to the credit of the teachers' and incidental funds at the discretion of the district board of education, except as provided in subsection 6 of section 163.031. Money received from other districts for transportation and money derived from taxation for incidental expenses shall be credited to the incidental fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease-purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than refunding bonds shall be placed to the credit of the capital projects fund. All moneys derived from the sale or lease of sites, buildings, facilities, furnishings, and equipment by a school district as authorized under section 177.088 shall be credited to the capital projects fund. Money derived from taxation for the retirement of bonds and the payment of interest thereon shall be credited to the debt service fund, which shall be maintained as a separate bank account. Receipts from delinquent taxes shall be allocated to the several funds on the same basis as receipts from current taxes, except that where the previous years' obligations of the district would be affected by such distribution, the delinquent taxes shall be distributed according to the tax levies made for the years in which the obligations were incurred. All refunds received shall be placed to the credit of the fund from which the original expenditures were made. Money donated to the school districts shall be placed to the credit of the fund where it can be expended to meet the purpose for which it was donated and accepted. Money received from any other source whatsoever shall be placed to the credit of the fund or funds designated by the board.

2. The school board may transfer any portion of the unrestricted balance remaining in the incidental fund to the teachers' fund. Any district that uses an incidental fund transfer to pay for more than twenty-five percent of the annual certificated compensation obligation of the district and has an incidental fund balance on June thirtieth in any year in excess of fifty percent of the combined incidental teachers' fund expenditures for the fiscal year just ended shall be required to transfer the excess from the incidental fund to the teachers' fund. If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. After making all placements of interest otherwise provided by law, a school district may transfer from the capital projects fund to the incidental fund the interest earned from undesignated balances in the capital projects fund. A school district may borrow from one of the following funds: teachers' fund, incidental fund, or capital projects fund, as necessary to meet obligations in another of those funds; provided that the full amount is repaid to the lending fund within the same fiscal year.

3. Tuition shall be paid from either the teachers' or incidental funds. Employee benefits for certificated staff shall be paid from the teachers' fund.

4. Other provisions of law to the contrary notwithstanding, the school board of a school district that meets the provisions of subsection 6 of section 163.031 may transfer from the incidental fund to the capital projects fund the sum of:

(1) The amount to be expended for transportation equipment that is considered an allowable cost under state board of education rules for transportation reimbursements during the current year; plus

(2) Any amount necessary to satisfy obligations of the capital projects fund for state-approved area vocational-technical schools; plus

(3) Current year obligations for lease-purchase obligations entered into prior to January 1, 1997; plus

(4) The amount necessary to repay costs of one or more guaranteed energy savings performance contracts to renovate buildings in the school district, provided that the contract is only for energy conservation measures as defined in section 640.651 and provided that the contract specifies that no payment or total of payments shall be required from

the school district until at least an equal total amount of energy and energy-related operating savings and payments from the vendor pursuant to the contract have been realized by the school district; plus

(5) An amount not to exceed the greater of:

(a) One hundred sixty-two thousand three hundred twenty- six dollars; or

(b) Seven percent of the state adequacy target multiplied by the district's weighted average daily attendance, provided that transfer amounts in excess of current year obligations of the capital projects fund authorized under this subdivision may be transferred only by a resolution of the school board approved by a majority of the board members in office when the resolution is voted on and identifying the specific capital projects to be funded directly by the district by the transferred funds and an estimated expenditure date.

5. Beginning in the 2006-07 school year, a district meeting the provisions of subsection 6 of section 163.031 and not making the transfer under subdivision (5) of subsection 4 of this section, nor making payments or expenditures related to obligations made under section 177.088 may transfer from the incidental fund to the debt service fund or the capital projects fund the greater of:

(1) The state aid received in the 2005-06 school year as a result of no more than eighteen cents of the sum of the debt service and capital projects levy used in the foundation formula and placed in the respective debt service or capital projects fund, whichever fund had the designated tax levy; or

(2) Five percent of the state adequacy target multiplied by the district's weighted average daily attendance.

6. Beginning in the 2006-07 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031 an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund or debt service fund performed during the previous year in violation of this section; except that the state aid shall be deducted over no more than five school years following the school year of an unlawful transfer based on a plan from the district approved by the commissioner of elementary and secondary education.

7. A school district may transfer unrestricted funds from the capital projects fund to the incidental fund in any year [in which that year's June thirtieth combined incidental and teachers' funds unrestricted balance compared to the combined incidental and teachers' funds expenditures would be less than ten percent without such transfer] **to avoid becoming financially stressed as defined in subsection 1 of section 161.520. If on June thirtieth of any fiscal year the sum of unrestricted balances in a school district's incidental fund and teacher's fund is less than twenty percent of the sum of the school district's expenditures from those funds for the fiscal year ending on that June thirtieth, the school district may, during the next succeeding fiscal year, transfer to its incidental fund an amount up to and including the amount of the unrestricted balance in its capital projects fund on that June thirtieth. For purposes of this subsection, in addition to any other restrictions that may apply to funds in the school district's capital projects fund, any funds that are derived from the proceeds of one or more general obligation bond issues shall be considered restricted funds and shall not be transferred to the school district's incidental fund.**"; and

Further amend said amendment by deleting the opening quotation mark on Line 4 of said amendment; and

Further amend said amendment and page, Lines 11 and 13, by inserting after the numeral "163.037" the following:

THIRD READING OF SENATE BILL

HCS SCS SB 177, relating to health care, was taken up by Representative Frederick.

Representative Frederick offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 177, Page 14, Section 192.300, Line 30, by inserting after all of said section and line the following:

“197.071. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person under the provisions of sections 197.010 to [197.120] **197.162**, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services.

2. The department shall review and revise its regulations governing hospital licensure and enforcement as to promote hospital and regulatory efficiencies and eliminate duplicative regulation and inspections by or on behalf of state and federal agencies. The hospital licensure regulations adopted under this section shall incorporate standards which shall include, but not be limited to, the following:

(1) Each citation or finding of a regulatory deficiency shall refer to the specific written and publicly available standard and associated written interpretative guidance that are the basis of the citation or finding;

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the federal Centers for Medicare and Medicaid Services' Conditions of Participation for hospitals and associated interpretive guidance;

(3) The department shall establish and publish a process and standards for complaint investigation, including but not limited to:

(a) A process and standards for determining which complaints warrant an onsite investigation based on a preliminary review of available information from the complainant and the hospital. The process and standards shall, at a minimum, provide for a departmental determination independent of any recommendation for investigation by or in consultation with the federal Centers for Medicare and Medicaid Services (CMS). For purposes of evaluating such process and standards, the number and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) The scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a threat of immediate jeopardy of safety is observed or identified during such investigation;

(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

(4) Subject to appropriations, the department shall designate adequate and sufficient resources to the annual inspection of hospitals necessary for licensure, including but not limited to resources for consultation services and collaboration with hospital personnel to facilitate improvements;

(5) Hospitals and hospital personnel shall have the opportunity to participate in:

(a) Training sessions provided to state licensure surveyors, which shall be provided at least annually subject to appropriations. Hospitals and hospital personnel shall assume all costs associated with their participation in training sessions and use of curriculum materials; and

(b) Training of surveyors assigned to inspection of hospitals to the fullest extent possible, including the training of surveyors previously designated as a surveyor specific, which resulted in the exclusion of all hospital personnel from such training sessions;

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

197.080. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“633.401. 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the mentally retarded", a private or department of mental health facility which admits persons who are mentally retarded or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the mentally retarded that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the mentally retarded" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the mentally retarded" has the same meaning as the term used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the mentally retarded or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the mentally retarded, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the mentally retarded on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Mentally Retarded Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility mentally retarded reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the mentally retarded shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the mentally retarded shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the mentally retarded. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the mentally retarded upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the mentally retarded provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

210.105. 1. The general assembly finds and declares:

(1) Premature or preterm birth is the leading cause of infant death in Missouri. Premature infants are more than fifteen times as likely as other infants to die in the first year of life;

(2) Infants born preterm are more than twice as likely as full-term infants to have major birth defects;

(3) Birth defects are the second leading cause of infant death in Missouri;

(4) Missouri ranks thirty-third in the nation in the rate of infant mortality, with a statewide rate of seven and four-tenths deaths per one thousand live births;

(5) Between 2004 and 2008, prematurity conditions accounted for six and one-half deaths per one thousand live births in Missouri;

(6) Approximately eight babies, twelve and three-tenths percent born in Missouri, are born prematurely, or more than ten thousand babies born prior to thirty-seven weeks gestation annually;

(7) In 2006, the Institute of Medicine's Preterm Birth report found that annual United States costs associated with prematurity totaled twenty-six and one-half billion dollars or an average of fifty-one thousand six hundred dollars per premature infant, more than tenfold greater than the three thousand three hundred twenty-five dollar average medical costs of a full-term infant;

(8) The average length of hospital stay in 2005 was nearly nine times as long for a preterm infant, or thirteen days, compared with an average one and one-half day stay for an infant born at term;

(9) Preterm babies have an increased risk of short-term and long-term medical and developmental problems, such as intellectual disabilities, blindness, chronic lung disease and cerebral palsy, in comparison to full-term infants. Children born prematurely are also more likely to be enrolled in special education classes compared to children born at term;

(10) Approximately seventy percent of premature births occur in the late preterm period between thirty-four weeks and thirty-six weeks gestation;

(11) Standard practices of clinicians during the late preterm period vary across the state;

(12) Smoking, a modifiable risk factor, is the leading behavioral contributor to prematurity and in 2006, seventeen and six-tenths percent of Missouri pregnant women smoked. Smoking-attributable neonatal health care costs for Medicaid are approximately seven hundred thirty-eight dollars per pregnant smoker;

(13) Smoking during pregnancy is linked to some birth defects and the sudden infant death syndrome, the third leading cause of infant mortality;

- (14) Women who receive prenatal care are more likely to have access to:
 - (a) Health services that identify problems early;
 - (b) Managements for developing and existing problems; and
 - (c) Education, counseling, and referral to reduce risky behaviors, including but not limited to substance abuse and poor nutrition; and
- (15) Effective neonatal care improves the health of both mothers and infants.

and shall be imposed solely for the purpose of funding the county hospital. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the county submits to the voters residing within the county at a state general, primary, or special election a proposal to authorize the governing body of the county to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county.
